GERMANY IS TO DISARM.

Demand of Allies Met by Teutons.

Lloyd George's Statement Leaves Nothing for Them but to Obey.

Document is Signed Under Protest; Threat to Occupy Country Brings Results.

[BY CABLE AND ASSOCIATED PRESS.]

SPA (Belgium) July 9.—Germany, in conformity with the unanimous decision of her Cabinet, today signed the protocol for her speedy disarmament insisted upon by the Allies. Chancellor Fehrenbach and Dr. Simons, Foreign Minister, affixed their signatures to the document, which was drawn in the exact form submitted by Marshal Foch and Field Marshal Wilson, the Allied military chiefs.

The signature was preceded by a notification from Dr. Simons on behalf of his government that in signing the protocol, Germany did not give her consent to further occupation of German territory, which could only be given by the Reichstag. Premier Lloyd George said he quit understood that point of view. The question of further occupation in the event of Germany not observing the stipulations of the treaty and protocol, however, was one for the Allies to determine and not for the German Parliament, he declared.

The protocol was signed in a small room adjoining the conference chamber. Chancellor Fehrenbach and Dr. Simons signed first. After laying down the pen, they bowed to Mr. Lloyd George as though saying: "Well, that's disagreeable business is finished."

Mr. Lloyd George bowed courteously in return. Herr Geissler, Minister of Defense, was not present but he voted earlier in the German Cabinet council for signing the protocol. It is now generally accepted that the Council will proceed rapidly with the other business on its program.

Asked by M. Delacroix, Belgian Premier, at the opening of the morning session, what reply the German delegates had to make regarding the disarmament protocol, Dr. Simons declared:

"The German delegation has decided to sign," adding:

"Under the German constitution we have no power to alter the treaty and recognize that the protocol relates merely to its execution and grants the Germans certain delays. On the other hand, the Allied threat to occupy the Ruhr or other German territory in case of nonfulfillment of the conditions really means alteration in favor of the Allies. The German delegation can find no clause in the treaty requesting Germany to consent to such occupation except in the case of nonexecution of the reparations clause."

After a short adjournment, Premier Lloyd George took the floor and said:

LLOYD GEORGE SPEAKS.

"I am very glad the German delegation has decided to sign the protocol. It would have been disastrous if the conference had been broken off."

He then pointed out that the protocol contained real concessions to Germany, saying it gave her more time to sign and allowed her certain increases in the number of officials and armament, notably machine guns. He declared:

"The first official report required from Germany as to the execution of the terms will be forthcoming September 1, giving her two months to put disarmament under way."

As to Dr. Simons's objections to the clause providing for further occupation, the Premier asserted:

"The protocol signed January 10 provided that in event Germany failed to fulfill her obligations, the powers reserved the right to use all military measures."

The conference then proceeded to a discussion of war criminals, while secretaries drafted the disarmament protocol for signature. When the document was ready, the delegates filed into a room adjoining the conference chamber and Chancellor Fehrenbach advanced first.

"How shall I sign?" he asked.

A secretary replied:

"With your natural signature."

The German Premier then affixed his signature, followed by M. Delacroix, Premier Lloyd George, Premier Millerand, Count Sforza, Italian Foreign Minister, Viscount Chinda, Japanese Ambassador to Great Britain, and Earl Curzon, British Foreign Secretary.

OFFICER :: LOANED :: TO :: PERU.

Naval Efficiency Assured to Neighbor.

Commander Frank B. Freyer, U.S.N.

WASHINGTON, July 9.—[Exclusive Dispatch.] For the purpose of reorganizing and modernizing the Peruvian navy, Commander Frank B. Freyer, U.S.N., sailed yesterday for that country on extraordinary detail and will begin an indefinite service. Commander Freyer was signally honored in the selection for this task, which is made possible through a bill passed by Congress and which was the last one signed by the President following the adjournment of the House and Senate.

Commander Freyer will be the ranking officer in the Peruvian navy. He is regarded as a loan from the United States government. This departure on the part of the government means much in the strengthening of the Monroe Doctrine, as it is a practical aid to a South American country whose future is linked closely with that of the Americans in the Northern Hemisphere.

NEW ENGLAND WOOLEN MILLS HAVE SHUT DOWN

[EXCLUSIVE DISPATCH.]

BOSTON, July 9.—Mills of the American Woolen Company throughout New England and in New York State suspended activities indefinitely today in the first great reaction from the war-time rush which has fallen upon American industry.

More than 40,000 workers are out of work and the exodus from the mill cities has begun. Hundreds, including whole families, have been leaving Lawrence during the last few weeks, some going back to their old homes in Europe, some to different forms of work in other industrial centers and many to farms.

Only three of the American Woolen Company's mills escaped the general shutdown, and those three mills are to close early in August. These are the Puritan mills at Plymouth, the Beoli mill at Fitchburg and the Globe mill at Utica, N. Y.

The freight congestion, with its delays in the transportation of raw material and the finished products, was cited by President William M. Wood as one of the conditions making the shutdown necessary.

A more important factor, however, he claimed, was the action of the Department of Justice in causing indictments to be brought against the company for profiteering. These proceedings, he asserted, formed an excuse for the cancellation of many orders.

Mr. Wood said he could not predict the reopening, but suggested it might not be until after Labor Day.

Every effort, he said, was to be made to redeem the business lost through the cancellation of orders and to bring in other orders which would hasten a resumption of business.

WOOLENS GOING HIGHER.

[EXCLUSIVE DISPATCH.]

NEW YORK, July 9.—Fine woolens not only will not be lower, but are going higher, in the opinion of E. H. Vaningen & Co., one of the largest wholesalers of woolens in the city.

This is made plain in a letter headed, "Copy of a letter sent to an inquiring customer," recently sent out to the leading tailors of the city. The letter says: "Foreign worsted for spring next will cost you from $5 to $15 per suit patterns more than you paid in spring, 1920.

"Instead of such goods being more plentiful, there will be fewer of them obtainable, and deliveries will be much delayed.

"Nearly everything published in the newspapers upon this subject is apparently based upon absolute ignorance of present conditions and future probabilities."

RED TROOPS LANDED.

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, July 9.—Dispatches from Teheran, Persia, report new landings of Bolshevik troops at several Persian ports on the Caspian Sea. The Bolsheviki are reported also to have occupied the road running between Teheran and Taurus.

THIRD PARTY EVEN-MONEY BET; COX CASH WANTS LARGE ODDS.

[EXCLUSIVE DISPATCH.]

NEW YORK, July 9.—A bet of $500 even money was reported today on the proposition that there will be a third party in the Presidential race. This wager was quoted at odds of 5 to 9 yesterday.

Harding was still being quoted at 2 to 1 by betters in the financial district. A large amount of money is available to be placed on the Senator at that price, but Gov. Cox's supporters want longer odds.

A wager of $1000 against $1400 is said to have been placed Cox will carry his native State; bets of $500 against $700 that Harding will carry New York State, and $500 against $500 that he will carry Illinois.

A wager of $500 against $1500 that Henry Ford will be elected if nominated on a third ticket was reported.

RUSS DRIVE RESISTLESS.

Smash on Toward East Prussia.

Soviet's Crack Divisions Are Thrown Against Polish, Who Make Stand.

Crisis May Cause Poles to Evacuate Warsaw as Country's Capital.

[BY CABLE AND ASSOCIATED PRESS.]

WARSAW, July 9.—Russian Bolshevik forces have broken through the Polish lines south of the Dvina River in a drive designed to overrun Lithuania and form a contact with East Prussia, according to an official statement. The Poles are fighting desperately to check the advance along the northern front, against which the enemy is throwing crack divisions.

In the south Gen. Budenny, with Rovno in his possession, is advancing in the direction of Lemberg, which is but 160 miles from Warsaw.

The Foreign Office today announced that the Polish government had forwarded a note to the conference in Spa declaring that Poland is now, just as before and always, ready and willing to make a peace based upon the principle of self-determination of nations.

LONDON, July 9.—It is the intention of Poland to move her seat of government from Warsaw, according to statements printed by the German press quoted in a wireless message from Berlin today.

BRITONS ARE KILLED.

[BY CABLE AND ASSOCIATED PRESS.]

MUDANIA (Asia Minor) July 9.—Twenty miles of highway to Brussa are controlled by bands of Turkish Nationalists and railway service had been discontinued by the British, who occupied Mudania Monday after landing a few shells in buildings which sheltered Nationalists beside the pier.

Several British bluejackets were killed, and it is estimated forty Nationalists were killed by shells fired into the bands retreating toward the hills.

Brussa is quiet. Most of the prominent Turks have fled to Eskishehr, about 110 miles southeast of Brussa. The Greek and Turkish committees are co-operating in patrolling the city. American relief workers there are not apprehensive, as under Admiral Bristol's instructions they have maintained strict neutrality, helping refugees of all nationalities.

VILNA IN PANIC.

[BY CABLE AND ASSOCIATED PRESS.]

BERLIN, July 9.—A dispatch to the Vossische Zeitung from Tilsit says that after fighting the Bolsheviki have broken through the Polish northern front and crossed the Bayresina River at three points. The dispatch adds that panic has broken out in Vilna, from which the Polish occupation authorities have fled.

LETTS HELP POLES.

[BY CABLE AND ASSOCIATED PRESS.]

COPENHAGEN, July 9.—The Letts have gone to the assistance of the Poles around Dvinsk, according to the Kovno correspondent of the eZrlingske Tidende. The Poles requested the Letts to take war material which the Poles were unable to move in their retreat.

SPA (Belgium) July 9.—The Russian soviet government has accepted all the conditions laid down by Premier Lloyd George for a resumption of trade relations as a result of the conferences in London with Leonid Krassin, according to announcement made in British circles here tonight.

TURKS ARE WORRIED.

[BY CABLE AND ASSOCIATED PRESS.]

CONSTANTINOPLE, July 9.—The Turks are beginning to realize the critical situation created by the triumphant Greek advance into Anatolia, and what they regard as a complete rupture of peace negotiations.

All newspapers lament the departure of Turkish peace delegates from Paris and urge a discontinuance of Mustapha Kemal Pasha's military operations in Asia Minor.

There is much speculation as to

(Continued on Third Page.)

GRAIN CROP FORECAST.

Corn Production Prospects Good.

Department of Agriculture Predicts Increase in Oats and Barley.

Country Expected to Harvest 809,000,000 Bushels of Wheat.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 9.—Forecasts of heavy harvests of the country's principal farm crops marked the July report of the Department of Agriculture today. The prospective yield in most instances is larger than the average production for the five years, 1914-18, while tobacco and rice production promises to be the largest on record—tobacco with 1,12,000,000 pounds more than the previous largest crop and rice with 11,000,000 bushels more than ever produced.

Compared with last year's output, this year's winter wheat, rye, corn, sweet potatoes, peach and hay crops give indications of being smaller. Larger crops than last year are forecast for spring wheat, oats, barley, white potatoes, tobacco, flax, rice and apples.

Throughout June better weather conditions increased the prospects of the output of every important crop. The improvement was reflected in a forecast of 28,000,000 bushels in the combined winter and spring wheat crop than estimated a month ago; 7,000,000 bushels more oats, 8,000,000 bushels more barley and 2,000,000 bushels more rye.

The spring wheat crop is larger than last year's by 82,000,000 bushels, but the winter wheat crop is 114,000,000 bushels smaller, although it is only 45,000,000 less than the five-year average production.

Wheat of last year's crop remaining on farms July 1 was reported as 47,756,000 bushels or more than 5 per cent of the crop. That, added to this year's prospective production, makes available about 856,000,000 bushels of wheat, which, according to officials, will be ample to meet domestic requirements and leaves a surplus for export.

The condition of the corn crop was reported not so good as a year ago, but the area planted shows an increase of 621,000 acres. Indications are the crop will be 138,000,000 bushels smaller than last year's, but 19,000,000 bushels larger than the five-year average.

Production of corn was forecast at 2,779,000,000 bushels and the area planted this year announced as 103,648,000 acres.

All wheat, 809,000,000 bushels.
Corn, 2,779,000,000.
Acreage:
Corn, 103,648,000.

OTHER FORECASTS.

Other forecasts of production are: Winter wheat, 518,000,000 bushels; spring wheat, 291,000,000; oats, 1,322,000,000; barley, 103,000,000; rye, 82,000,000; white potatoes, 388,000,000; sweet potatoes, 98,900,000; tobacco, 1,501,000,000 pounds; flax, 14,400,000 bushels; rice, 52,100,000; hay, 84,800,000 tons; apples (total,) 200,000,000 bushels; apples (commercial,) 30,000,000 barrels; peaches, 45,500,000 bushels.

Wheat remaining on farms July 1 is estimated at 5.1 per cent of last year's crop, or about 47,756,000 bushels, compared with 19,261,000 last year and 31,923,000, the five-year average.

AVERAGE OF CROPS.

Acreage of crops not previously announced is: White potatoes, 3,849,000; sweet potatoes, 1,322,000; tobacco, 1,359,700; flax, 1,708,000; rice, 1,345,700. Condition of the crops on July 1 was: Winter wheat, 79.7 per cent of a normal; spring wheat, 88; all wheat, 82.5; corn, 84.6; oats, 84.7; barley, 87.5; rye, 83.5; white potatoes, 89.1; sweet potatoes, 87.2; tobacco, 84.35; flax, 89.1; rice, 90; hay, 85.5; apples, 70.7; peaches, 61.8.

LIMITS WHEAT EXPORTS.

[BY CABLE AND ASSOCIATED PRESS.]

BUENOS AIRES, July 9.—Further exportation of wheat from Argentina is limited to 500,000 tons, according to a decree issued by President Irigoyen.

CHICAGO RADICALS MEET, CHEER DEBS, SPOUT, THEN QUIT

[EXCLUSIVE DISPATCH.]

CHICAGO, July 9.—The birth of William Randolph Hearst's "third party," scheduled by the Hearst newspapers for this evening in Auditorium Hall, failed to take place. Instead, sixty-eight radicals, representing various groups gathered to express views of many kinds, at midnight adjourned, cheering the announcement that, after all, Eugene Debs was the only man fit to be President of the United States and that the hope of the future was in Russia and not in the United States.

The meeting, it was announced, was to have issued a call for a mass meeting to be held later and a convention at which the nomination of Mr. Hearst for President was on the program.

After the adjournment, however, the leaders gathered together for a brief minute, decided that there would be no meeting, and that there would be no convention, and that all that could be done was to watch the developments at the various other "third party" conventions now in the city.

For only a few minutes did the Hearst forces control the meeting. That was when a photographer for the Hearst newspapers, assisted by three reporters, induced forty-two of the fifty-four persons then present to gather in the center of the seven sections of seats in the hall for a "crowd" picture.

At other times the speakers, members of the American Constitutional party, who were the speakers, criticised the Hearst newspapers for their advance story of their meeting.

ONLY "EXECUTIVE."

E. G. Ballard, chairman, declared that it was not intended to be a mass meeting, but simply a meeting of the executive committee, and that there was to be no national convention as the Hearst newspapers had announced.

Edward T. O'Loughlin, former registrar of Kings county, denounced newspapers in general, saying that "friendly newspapers only make fools of us and unfriendly newspapers kid us." Mr. O'Loughlin took pains to point out that no one man owned the American Constitutional party, not even Mr. Hearst, although he added, he agreed, with the Hearst editorials. He also took a few cracks at the committee of forty-eight which he declared had spies at the meeting.

PREACHER SPILLS BEANS.

Finally, former Gov. James Ferguson of Texas, after speaking for an hour, mentioned Mr. Hearst as the proper man to nominate on a light wines and beer platform. He was cheered. Then he proceeded to show how the "third party" would

(Continued on Eleventh Page.)

LATEST MORNING :: NEWS ::

L. A. Woman Named

SACRAMENTO, July 9.—Mrs. Bertha L. Cable, club woman of Los Angeles, today was appointed by Gov. Stephens a member of the board of trustees of the Pacific Colony for the Feeble-Minded, vice Miss Mary Coolidge of Berkeley, resigned.

Dr. Gwynne's Divorce Idea

NEW YORK, July 9.—Inauguration of a campaign for Federal constitutional amendment making divorce impossible was announced today by the Rev. Dr. Walter Gwynne, general secretary of the Society for the Upholding of the Sanctity of Marriage. Vigorous propaganda will be carried on, said Dr. Gwynne, to extend the membership of the organization to every Christian denomination in the country, and ministers of every creed will be urged to refuse to perform the marriage ceremony for any person that has been divorced.

Villa May Not Quit

SAN ANTONIO, July 9.—A report that Francisco Villa would not surrender to the de facto government of Mexico and that he was taking advantage of the armistice with Federal forces to reorganize his forces for a renewal of operations against the new government was brought to San Antonio by Jesus Corral, a brother of Luis Corral Villa, wife of Villa, who makes her home here. According to the information given government agents by Corral, Villa was encamped about twenty miles south of the border opposite the Big Bend district when Corral left him. At that time he was planning to reorganize his forces with the view of resuming operations on a large scale within the next two months, Corral said. Villa is reported within the last week to have received large supplies of ammunition from the United States.

EXECUTED PROTESTING INNOCENCE.

New Mexico's Governor Fails to Heed Chaplain's Appeal for Blancett.

[BY A. P. NIGHT WIRE.]

SANTA FE (N. M.) July 9.—Elbert W. Blancett, convicted of the murder of Clyde D. Armour, went to his death calmly and still protesting his innocence.

The gallows trap was sprung at 5:22 this morning, but Blancett's neck was not broken by the fall.

He was unconscious, but it was ten minutes before he was pronounced dead.

Blancett was convicted of the murder of Armour on Oct. 23, 1919, while the two were on a motor trip from Denver to the Pacific Coast.

In a last message to his attorney Blancett said:

"There is no other story to tell. I told the truth on the witness stand. I am going before my Maker. What I told the court was the truth and I have nothing else to say. Good-by."

Rev. H. Guillou, prison chaplain, sent the following telegram last night to Gov. Larrazolo at Las Vegas:

"In my opinion, there is serious doubt that justice has been done Blancett. I think eleventh-hour clemency can properly be extended.

"His character has been grossly misrepresented, for there is no degeneracy in him.

"The doubts have been persistently decided against him under most reprehensible surroundings and, I am told, in the face of the common rules. Give him the benefit of the doubt as tomorrow may be too late."

The Governor replied:

"I have studied this case conscientiously and religiously. I am sorry, but let justice take its course. God save Blancett and forgive him."

Plan State-Wide Memorial Honor to Lost Leader.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, July 9.—Memorial services for the late Col. Henry Lee, one of the most widely-known Salvation Army men in this country, who died this week in Los Angeles, will be held by every corps of the organization in California Sunday night.

The services were ordered today by Col. Arthur T. Brewer, provincial officer here.

Col. Lee entered the service in England in 1883, saw service in many foreign lands, and for a time was international secretary, with offices in London. Later he was director of training activities in the United States, afterward becoming provincial officer, with headquarters in San Francisco. He retired from this position last December on account of failing health. Col. Lee is survived by a widow and a daughter, Capt. Maude Lee, a rescue officer, stationed in the East.

YOUNG BANK ROBBER SUSPECTS CAPTURED.

[BY A. P. NIGHT WIRE.]

OMAHA, July 9.—Two young men, caught following the robbery of the Bank of Waterloo, of Waterloo, Neb., were brought to the County Jail here late today.

They gave their names as Oscar Tees, 19 years old, of Granada, Colo., and J. W. Gran, 21 years old, Council Bluffs, Iowa. The latter told the Sheriff that his parents lived in Manning, Iowa. Cash totaling $1550 taken from the bank was recovered.

SWISS PLAN FOR COAL.

[BY CABLE AND ASSOCIATED PRESS.]

BERNE (Switzerland) July 9.—Switzerland has concluded a new commercial treaty with Germany under which Switzerland will get about 40,000 tons of German coal monthly. Switzerland lately has been using American and British coal.

Harding and Coolidge Notification Programs Under Preparation.

HENRY CABOT LODGE WILL GIVE NOTIFICATION TALK.

Harding Will Accept Nomination of Party July 22; Plenty of Advice Given; Hanley Pays Visit.

BY PHILIP KINGSLEY.
[EXCLUSIVE DISPATCH.]

MARION (O.) July 9.—Plans for notification day, the wet and dry issue and the gathering of the old Roosevelt following under the 1920 Republican banner were topics discussed by Senator Harding today with various callers.

He is getting plenty of advice as to what to say in his speech accepting the Republican Presidential nomination, but he is indicating little as to how much of the advice he will accept.

Senator Henry Cabot Lodge will deliver the notification speech at the Garfield Park ceremonies July 22, it was announced today, after a visit by Gen. T. Coleman Dupont, chairman of the special committee, and Harry M. Daugherty, member of the National Executive Committee.

J. Frank Hanley, former Governor of Indiana and Prohibition party candidate for President in 1916, brought this question to the Harding front porch today. He spent an hour in talk with the Senator and when he came out announced that he hoped to be able to support the Republican ticket, that he was waiting for the speech of acceptance, and that he did not see how Prohibitionists could support Cox.

HANLEY GIVES VIEWS.

"I have talked the situation over with Senator Harding and have given him my views," said Mr. Hanley. "I talked to him in regard to the silence of the Democratic and Republican platforms in regard to the Eighteenth Amendment and the Volstead Act and its enforcement. I did not ask him for any commitments; he made none.

"I do not think the Prohibition party should nominate a candidate for President this year. They will hold a convention in Lincoln on July 21. In view of the amendment and the sustaining of the law by the Supreme Court, the matter resolves itself into the question of maintenance of the law and must largely be fought out in Congressional districts.

"I hope to be able to support Senator Harding and the Republican ticket and give what assistance it can, I am waiting to hear what the Senator says in his speech of acceptance. Many Prohibitionists feel as I do.

WORK OF TAMMANYS.

"I think it will be difficult for Prohibitionists to support Cox in view of the fact that his nomination was brought about by the work of New York and New Jersey Tammanys. It was directed at French Lick ten days before the convention. It is hard for a candidate to get away from those who made him."

The great fight of the campaign, it is believed here, will be made in the East in such States as New York, Ohio, Kentucky, Connecticut, Indiana and a few of the border States on the wet side. The Democrats pin their hopes of victory on the vote in the big cities and in the industrial centers.

The State leaders of the party, such as Murphy, Nugent, Taggart and Brennan, will build up a string of semi-Tammany organizations across the country and fight along the lines. The West, according to this view of the situation, has been abandoned to the drys, with the possible exception of California. Kentucky, which Mr. Hert has so often promised to the Republicans, would become heavy fighting ground under this plan of campaign.

Missouri would form another war center. It is thought that the State leaders, who are in a fair way to gain control of the Democratic organization, will get rid of Wilson and his administration, just as soon as they dare.

PROGRESSIVE DRIFT.

The drift of Progressive Republican sentiment toward Harding was further borne out today by the visit of Henry L. Stoddard of New York. After talking with the Senator he said:

"I have taken pains to get in touch with Progressive leaders, and I talk from real information when I say that the Progressive vote of 1912 is more solidly and enthusiastically behind Harding than it was back of Hughes. The Senator will carry New York by 200,000. In my opinion there is no doubt of New Jersey and Connecticut.

"I had never discussed public questions with Senator Harding until today, and I am glad to say that I found him to be a man of strong convictions and with the courage to stand by them. He will impress himself upon the country as the campaign progresses. He has a clear view of the country's needs and I am sure that the people will indorse it as sound and helpful.

"He already has expressed himself publicly that one of the chief needs is to substitute party government for one-man government at Washington. That will be done after Harding is inaugurated in a way that the whole country will applaud."

DUPONT IS CHEF.

Gen. Dupont and Mr. Daugherty would not discuss politics. They were accompanied here by W. L. Henly, personal representative of Chairman Will H. Hays. Reaching here early in the morning, they went to the Marion Club for breakfast, but found no one present around the Kitchen. Gen. Dupont announced that he was a good chef and he proceeded to fry eggs and make toast and coffee. He brought it in on a tray and served the lawyer and the newspaper men. As the general is worth more millions than he can count and owns a string of palatial hotels, this was something of an event in the club.

After a visit to the park and a talk with Senator Harding, this program was given out for the July 22 notification:

NOTIFICATION PROGRAM.

Will H. Hays, chairman of the Republican National Committee, presiding.

Singing, "The Star Spangled Banner," Columbus Republican Glee Club.

Invocation—Rev. T. M. McAfee, pastor, Trinity Baptist Church, Marion.

Notification—Hon. Henry Cabot Lodge, chairman, Presidential notification committee.

Acceptance—Senator W. G. Harding.

Singing, "America" by the assemblage, led by Columbus Glee Club.

Benediction—Rev. Joseph M. Denning, pastor St. Mary's Church, Marion.

A meeting of the committee on arrangements for the notification is to be held at the Deshler Hotel, Columbus, at 10 o'clock Wednesday, July 21. A meeting of the Republican National Executive Committee is to be held at the same place the same afternoon.

A dinner will be given by Mr. Daugherty at the Athletic Club, Columbus, Wednesday evening, July 21, to officers and members of the Republican National Committee and members and officers of the notification committee. The officers and the members of the foregoing committees will go by special train on the Hocking Valley Railroad from Columbus to Marion on Thursday morning, July 22.

Chairman Hays will spend Sunday here. Gen. Wood is due in Marion tomorrow evening. Raymond Robins wired he would be here Monday.

Summer Complaint Quickly Relieved.

"About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.—[Advertisement.

DRUG CASES WILL HAVE JURY TRIAL.

Inspectors of State Pharmacy Board and Woman Assistant Are Indicted.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, July 9.—Indictments which included charges of perjury, grand larceny and embezzlement were returned in the Superior Court here today against John de Vries and Emile G. Coret, inspectors for the State Board of pharmacy, and Mrs. Mae Anderson, their assistant, following testimony before the grand jury of alleged irregularities. One indictment against De Vries charges him with perjury before the grand jury. The other is jointly against De Vries, Coret and Mrs. Anderson and charges grand larceny and embezzlement.

The indictments resulted from charges made with the grand jury by Sam Morien, alleged drug peddler, that the two inspectors seized drugs from him and other peddlers and then sold it for their own account. The inspectors and Mrs. Anderson have specifically denied all of the charges against them, particularly one charge by Morien that $12,000 worth of drugs were taken from him and never accounted for.

The State Board of Pharmacy announced its belief that the inspectors were being victimized by Morien and others because of their activities in rounding up drug peddlers.

NEGRO IS LEGALLY HANGED FOR ATTACK.

[BY A. P. DAY WIRE.]

DALLAS, July 9.—Green Hunter, alias James Brown, negro, was legally hanged here today for attacking a white woman at Hale station, Friday, May 28.

He confessed and yesterday admitted that he was guilty of another attack on a young white girl for which Ben Perry, negro, is serving the eighth year of a life term imprisonment sentence.

Builds Better Buildings

The rapidly increasing number of buildings of all types and sizes in which

Buttonlath

is being used proves beyond any doubt or argument its practicability and worth.

The building public uniformly selects BUTTONLATH because they know that BUTTONLATH walls and ceilings

—are free from plaster cracks
—are fire and weather proof
—are free from rust and lath stains
—are always rigid and true
—are free from waves
—are remarkably soundproof

And builders of long experience with many types of structures have found that BUTTONLATH

—saves plaster
—saves time of construction
—saves labor costs
—saves in repair bills

Economy is the keynote of all construction today, and, when in addition you can build better buildings by using this improved lathing material—it pays to specify BUTTONLATH.

"Recommended wherever used"

BAY::STATE::GOVERNOR::AND::FAMILY.

Nominee for Vice-President Has Wife and Two Boys.

Prepare for Northampton Notification.

NORTHAMPTON (Mass.) July 9.—[By the Associated Press.] Preliminary arrangements for the official notification of Gov. Coolidge of his nomination for the Vice-Presidency on the Republican ticket were made here today in a conference between representatives of the Republican National Committee and the Coolidge home committee. The ceremony will take place at Alten Field, Smith College, on notification day, July 27, at 3 o'clock, or, in case of rain, in John M. Greene Hall at Smith College.

The idea of using the porch of the modest two-family house where the Governor has his home was discarded in favor of the recreation grounds of Smith College because of the better facilities at the college for staging the ceremony.

It was arranged to have a meeting of the full committee of notification, which is headed by William Allen White of Kansas as chairman, the morning of July 27 and to accept the Governor's invitation to have the committee at luncheon with him later.

REPUBLICANS WIDE AWAKE.

No Repetition of "Blunder of 1916" to be Allowed.

Committee Now Ready for High Speed Activity.

Hays Going to Visit Senator Harding Soon.

BY D. W. SULLIVAN.
[EXCLUSIVE DISPATCH.]

CHICAGO, July 9.—There will be no repetition this year of the "blunder of 1916," when Republican campaign managers went to sleep election night, satisfied of victory, to awake the next day to find California had gone for Wilson and that Hughes had been defeated in the "surely Republican" States of the Far West.

This was assured today when announcement was made at the Republican national headquarters in Chicago of plans for the establishment of Republican National Committee headquarters in San Francisco.

This headquarters will conduct the Republican campaign in the Pacific Coast States and will be given as much attention as either the eastern headquarters in New York or the Middle West headquarters in Chicago. Elmer E. Dover will have charge at San Francisco.

WESTERN PERSONNEL.

Mr. Dover, a former Ohioan, now makes his home in Tacoma. His title will be region campaign director.

Raymond Benjamin, who was in charge of a headquarters in San Francisco as regional assistant to the chairman of the Republican National Committee, will continue in that capacity and will be associated with Mr. Dover in the management of Pacific Coast affairs. Several members of the Republican National Committee from the Pacific Coast and Rocky Mountain States, including John W. Hart of Idaho, and Ralph E. Williams of Oregon, will be at the San Francisco headquarters.

Chairman Will H. Hays will wind up his conference with Middle Western leaders in Chicago tomorrow and leave tomorrow night for Marion, where he will confer with Senator Harding. It is probable that he will go east from Marion, returning there July 22, the day set for the notification of the Presidential candidate, and will then return to Chicago.

READY FOR HARD WORK.

Mr. Hays leaves the work of the Chicago headquarters well underway and much further advanced than it has ever been before at this time of the year in a Presidential campaign. The organization which Mr. Hays started two years ago is now "on high speed" and is ready for any kind of campaign activities.

Among the questions which Mr. Hays probably will discuss with Senator Harding is that of the "front porch" campaign. In spite of the objections of Ohioans there is no present disposition to depart from the front porch campaign idea for the present.

The campaign managers are not committed to the idea, however, and if at any time they deem it necessary for Senator Harding to make an important speech in some big city, he will be prepared to do so. They are even prepared for a series of such speeches, but there will be no barn-storming tour by the candidate with rear-platform speeches.

Mexico Turns Down Villa's Peace Offer.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, July 9.—The government has decided to reject the peace proposals of Francisco Villa, Gen. Francisco R. Serrano, Undersecretary of War and Marine, told the Associated Press today. The unconditional surrender, he declared, would be accepted.

PLATFORM FOR ALL IS WANTED.

Committee of Forty-eight Opens in Chicago Today.

Make Effort to Get Labor and Veterans' Support.

Hope Through Coalition to Beat Old Parties.

[BY A. P. NIGHT WIRE.]

CHICAGO, July 9.—Adoption of a platform of three paragraphs, on which labor, Nonpartisans, and sympathizers with the "middle class" union can agree, will be the first task of the convention called by the Committee of Forty-eight, which will begin its sessions here tomorrow.

The platform, which will be used by the Resolutions Committee as a basis for its work, is one adopted by the Committee of Forty-eight last December, when it held the first convention of the new party in St. Louis.

It advocates public ownership of transportation facilities and certain other public utilities, taxation to force idle land into use, and the abolition of special privilege.

An effort will be made to obtain indorsement of the platform by the Labor party of the United States and the World War veterans, both of which are holding conventions here.

COMMON SENSE IDEAL.

"It is our hope that labor, including farmers and other divisions of the laboring classes, will find in the new party's platform a common sense ideal which they can support wholeheartedly at the polls," said J. A. H. Hopkins, chairman of the Committee of Forty-eight, who has had charge of the organization work which resulted in the calling of the convention.

"The full success of what we are trying to accomplish would include our getting the support of organized labor, sympathizers of the single tax, the Nonpartisan League and the bulk of the independent voters of the country who are dissatisfied with the evasion of responsibility which the Republican and Democratic parties have revealed in their platforms.

HOPE IN COALITION.

"Our delegates from every State in the Union, including representatives of these parties, who see their opportunity to form a coalition strong enough to insure defeat for both old parties next November and the election of a President and Vice-President chosen by the people themselves on a platform that undertakes nothing but the courageous meeting of issues which confront America today.

"We are making no attempt to solve the difficulties of the world at large and our plain, honest-to-goodness aims will be set forth in the platform we adopt so clearly that every citizen can understand the principles he votes to support."

Mr. Hopkins would make no prediction as to the probable nominees for President and Vice-President. He called attention to returns from a questionnaire sent out last spring. Out of the replies received La Follette had the greatest number of first choices for President, with 324, Hoover 191, Debs 172, and Johnson 157.

California Olive Growers Sue ex-Manager.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, July 9.—The California Associated Olive Growers, Inc., today brought suit in Superior Court here asking $12,500 from J. C. Martin, Jr., formerly president and general manager of the corporation.

The suit charges that Martin, while president and general manager, made a secret deal with the Pacific Products Corporation whereby he was paid $12,500 for getting them a contract for all the olives grown by members of the association in the season of 1918-19 and 1919-20. Martin was elected president of the corporation Aug. 17, 1918, and general manager in February, 1917. He held both positions, the complaint says, until Sept. 3, 1918.

WEST MAY BE BATTLE GROUND.

Democrats May Start Campaign Fight in California.

Bourbons Declare They Can Carry State for Cox.

Notification Date May be Set for Some Time in August.

[BY A. P. NIGHT WIRE.]

DAYTON (O.) July 9.—That the West may be developed into one of the chief battlegrounds early in the national political campaign was the inference drawn from today's developments here.

Gov. James M. Cox, Democratic candidate for President, stated that many requests that he open the campaign in the west have been received, and in his talk with newspaper men the Governor left the impression that he, at least, was interested in the proposition, of an early invasion of the West, if not, in fact, favorable to it. He stated, however, that campaign arrangements are in the hands of the National Committee, and that he could say nothing definite until he has conferred with the committee.

SEES DELEGATION.

W. W. Blain, president of the Corn Palace, Mitchell, S. D., headed a delegation that called on the Governor today, urging him to accept an invitation to speak at the festival, the date of which is September 27 to October 7. Charles E. Morris, the Governor's private secretary, telegraphed from San Francisco that he was being besieged by California delegations urging that the campaign be opened in that State. Mr. Morris told the Governor that California Democrats are certain they can carry the State for him.

NOTIFICATION DATE.

Considerable interest now is centering in the conference of the National Committee with the Governor July 20. It has not been definitely established where the meeting will be held, but the Governor said he would wire Chairman Cummings that the plans made for the committee meeting here seemed satisfactory to him. The date and place of holding the official notification ceremonies are expected to be determined at the conference. Gov. Cox intimated that sometime between August 15 and 20 would be a satisfactory date for the notification.

The fact that Franklin D. Roosevelt has stopped over for a twenty-four-hour rest at Glenwood Springs, Colo., makes it probable that he will not reach Ohio for a conference with his running mate before Monday.

Messages continued to come in today in a constant stream. The Governor stated that a number were from men whom he had pardoned from the penitentiary and who were making good in the world.

WASHINGTON, July 9.—White House officials said today it was "quite possible that Gov. Cox, Democratic Presidential nominee, would come to Washington some time this summer to see President Wilson, but that no arrangements for such a meeting had been considered or discussed by the President."

FIRE GUTS OIL TOWN OF TAFT.

Flames Destroy Fifteen Business Houses, Doing $150,000 Damage.

[EXCLUSIVE DISPATCH.]

TAFT, July 9.—One of the most serious fires which has ever visited Taft, the center of the Kern county oil fields, occurred shortly after 6 o'clock tonight, when approximately fifteen business houses in the heart of the city, at Fourth and Center, were burned to the ground, with a property damage estimated at $150,000.

The fire is believed to have started in the rear of the Ryan hat shop and due to the fact that all the buildings were of wooden construction, the flames spread rapidly.

About six months ago a serious fire in this same block destroyed several business building, being checked at the Taft-Bakersfield garage building on the east. The fire today was checked at the west side of this same building, which is constructed of concrete.

THREE SHOPS LEFT.

The only business firms now operating in the block, as a result of the two fires, are the Blue Goose restaurant, Lierny and Son harness shop and the Taft-Bakersfield garage. Business firms burned out by the fire tonight, were C. W. Williams Motor Company, O. K. Billiard Parlors, Harris Curtis Hardware Store, Paul Derkum Service and Vulcanizing Works, J. Ryan Hat Works, Taft Auto and Radiator Works, U. and I Restaurant, C. B. Durst, real estate; J. Williams, soft drink stand; Southern Barber Shop, Oak Barber Shop, Wilkinson Cigar Store, Star Shoe Repair Shop, Reese Restaurant. Every plate-glass window across Fourth street from the fire was broken, while some of the buildings were slightly damaged by fire and water.

Telephone communication was cut off to outside points by the fire. A number of firemen as well as volunteers suffered severe burns about the face and hands while assisting in carrying out stock from the burning buildings.

DENVER, July 9.—Fire which destroyed East Turner Hall and the Scott Auto Body Company late today set fire to seven residences and a print shop, causing an estimated loss of $250,000. Reports that a fireman was buried beneath a crumbling wall were erroneous.

NEW ORLEANS, July 9.—Eight workmen employed on the State industrial canal were killed today by lightning striking a piledriver under which they had taken refuge from a storm.

NEW LAW WILL KILL TREATIES.

Operation of Shipping Bill Brings Tariff Act Up.

Goods Entering Country in Foreign Ships Taxable.

British Must Have Year's Notice of Action.

[BY A. P. DAY WIRE.]

WASHINGTON, July 9.—Operation of the Merchant Marine Act will bring into force the section of the Underwood tariff law of 1913 imposing a discriminatory duty of 5 per cent on goods entering the United States in foreign bottoms, in the opinion of some diplomats who have studied the new shipping bill.

Application of this section of the Underwood act was suspended by a decision of the Supreme Court in 1917 because the act provided that the discriminatory duty should not apply if in conflict with any reserved treaty right. The court held that the section was in conflict with the provision of the Treaty of 1815, between the United States and Great Britain.

MUST ABROGATE TREATIES.

This treaty, along with similar treaties with a score of other countries, must be abrogated under the section imposing the duty of the Merchant Marine law.

In the case of the British treaty one year's notice is necessary, consequently no discriminatory duty can be imposed on goods entering the United States in British bottoms until the expiration of that period.

Some diplomats believe that it was the clear intent of Congress to reserve to itself the rights to impose the discriminatory duties by future legislation, but they declare that unless such legislation is enacted before the treaties are abrogated, the 5 per cent discriminatory duty imposed by the Underwood law automatically will come into force.

Birkhauser Wins $1500 Verdict in Assault Case.

[EXCLUSIVE DISPATCH.]

EL CENTRO, July 9.—Judge E. A. Luce of San Diego, sitting in place of Superior Court Judge Franklin Cole, rendered a judgment of $1500 in favor of Frank Birkhauser against Cecil Franklin and Henry Jernigan, in the case which was the outgrowth of the tar and feathering incident that happened in Brawley, near the close of the war.

Mr. Birkhauser was attorney for J. Edgar Ross, and claimed that he was beaten by persons whom he afterwards brought suit against for damages.

There were at first thirty defendants, including prominent citizens of Brawley.

After the trial began last week nonsuits were taken in the cases of all but four defendants, and then the trial proceeded against these four, with the result that judgment was favorable to F. S. Lack and A. J. Kalin, but against Jernigan and Franklin.

EDUCATORS FOR REORGANIZATION

Salt Lake Meeting Ignores Federation Protest.

Oakland Man is Made President of Association.

Suffrage Ratification and Dry Laws Favored.

[EXCLUSIVE DISPATCH.]

SALT LAKE CITY, July 9.—Amid a spirited contest during which the chairman frequently wielded his gavel to keep order, the by-laws of the National Education Association, with the amendments proposed by the board of directors to effect a reorganization on a representative basis, were passed in their entirety this morning at the annual business meeting in the Tabernacle. Protests were voted down after a lengthy struggle of opposing factions.

Charges that Salt Lake members of the association had tried to control the action of the association this year were made and were indignantly denied.

The fight against the reorganization on a representative basis was made principally by members of the Teachers' Federation, led by Margaret Haley, representative of the federation from Chicago.

The report of the committee on resolutions and the report of the treasurer and board of trustees also were adopted in full with but little opposition.

OFFICERS ELECTED.

Fred M. Hunter, superintendent of Oakland schools, was elected president, with Joseph Corliss Preston, Washington; John C. Woodward, Massachusetts; E. C. Brooks, North Carolina; Mrs. Jean E. Higer, Utah; Josephine Hammond, Ohio; S. A. Baker, Missouri; E. F. Charleton, Oregon; Carrie Keever, West Virginia; Ethel Gardner, Wisconsin; J. H. Wagner, New Mexico, and L. P. Benezet, Indiana, as vice-presidents.

Mr. Hunter responded to the adoption of the nomination report with an address of acceptance on his election as president. He predicted that in reorganizing on a delegate basis the association had taken a step which marked a new epoch in the history of education. A representative and not a soviet government should prevail, he said.

Resolutions placing the National Education Association on record favoring the impartial and fearless enforcement of the Volstead Act and opposing any backward step which "shall endanger the fundamental institutions of society, and particularly the home and the school," were adopted at this afternoon's business meeting.

SUFFRAGE IS URGED.

The convention adopted a resolution urging the States of Connecticut, New Hampshire, Vermont, Tennessee, North Carolina and Florida a speedy adoption to the amendment to the Federal Constitution granting enfranchisement to women. The report of the committee on resolutions of the National Education Association was adopted in its entirety. At the completion of the reading of the report, it was requested by Miss Haley that a resolution be incorporated favoring a permanent tenure for teachers. This was contested by a number from the floor, who said the organization did not sanction inefficient teachers holding their positions. It was explained the proposed resolution referred only to efficient teachers, but no action was taken, the matter being deferred.

The meeting of the executive board tomorrow morning will mark the last scheduled meeting of the convention.

VETERAN CONFESSES TO DOUBLE MURDER.

[BY A. P. NIGHT WIRE.]

CHICAGO, July 9.—Lieut. Carl Wanderer today confessed that he fired the shots which killed his wife and a stranger in the vestibule of his apartment several weeks ago, according to an announcement from the State attorney's office.

STEPHENS ASKS SPEEDY ACTION.

Japanese Menace Fully Explained to Congressmen.

Great Map Shows Holding of the Orientals Here.

Governor's Letter to Knutson is Made Public.

(Continued from First Page.)

portunity thus accorded to us of presenting this problem to you in the different forms in which it exists. We feel a sense of future danger here, which cannot be felt as yet in other parts of the country removed from immediate contact, but a convincing picture of which, we feel sanguine, we can present through you in a spirit of fairness and tolerance to the rest of the United States."

LETTER TO KNUTSON.

Gov. Stephens presented to Congressman Johnson a letter dated November 28, 1919, made public today for the first time, he sent to Congressman Horace Knutson, a member of the Immigration and Naturalization Committee, in which he strongly urged the committee to come to California and investigate the Japanese problem.

This letter follows:

"I was indeed glad to receive your letter, which indicates an active interest in and an understanding of the Japanese question. I earnestly hope that you will be successful in having a subcommittee of the Senate and House immigration committees visit the Pacific Coast so that information may be gained first hand as to the serious situation that exists.

"The greatest difficulty that confronts us in solving this question is the lack of knowledge and appreciation by the nation as a whole of the grave menace that the Japanese are because of their remarkable capacity. The duty devolving upon us is to preserve this part of the country for American citizens.

SENTIMENT STRONG.

"The sentiment of California is practically unanimous that further steps than those already taken must be engaged in to curb the rapid progress the Japanese are making within our State. There has been considerable demand that I should call a special session of the Legislature for immediate action.

"I have refused thus far for two reasons—one is that some months ago I instigated a thorough investigation, which is now in progress, but not yet completed, to gain definite and specific information for the guidance of our Legislature, and also for an effective presentation of California's case to the entire nation; and the second is that I have felt it my patriotic duty in the general unrest and the unsettled international conditions, not to contribute at this particular time another disturbing factor. My position is that soon, but at the proper time, we must resume our efforts to solve the problem.

REAL SOLUTION SOUGHT.

"A broad and intelligent handling of this question has been complicated by those who have been agitating it for selfish political purposes. This handicaps us in enlisting support in other States, and also in getting our case fairly before the national government. So far as lies in my power I shall endeavor to eliminate this very harmful feature in California's efforts to bring about a solution of the question. I am resolved to deal with it in a way that looks only to the best interests of our State and of our country.

"Some few years ago legislation was enacted in this State prohibiting aliens not eligible to citizenship from owning farm lands. Provision was made for leases in three-year periods. The Japanese have to some extent circumvented the statute against land ownership by the promotion of corporations in which it is required that a majority of the stock shall be held by persons holding citizenship or eligible therefore.

"A dummy director is made to fulfill this requirement. Guardianship of native-born Japanese children is another favorite resort. Considerable holdings are now in the hands of Japanese, acquired through the circumvention I have described.

AN ACUTE CONDITION.

"What has become the most acute condition is the leasing of farms by the Japanese. In the last few years there has been a tremendous development along this line. Some of the most fertile districts of the State are coming under the complete control of the Japanese through leases. The shortage of labor supply, intensified during the war, is in large measure responsible for the remarkable expansion of leasing that we have experienced.

"In brief, I can state that the proposed additional legislation is to prohibit the leasing of lands to Japanese, to prohibit their ownership through corporations and through guardianship of native-born children, and so to amend our marriage laws as to put a stop to the picture-bride method. Both State and national government should act promptly at the proper time to prevent the growth of this menacing condition.

"Of course, the international phase will immediately arise and I want to assure you that I shall give all due regard possible to this important consideration. However, an intolerable condition is rapidly arising, not only in California, but in other Pacific Coast States, and there must be a firm stand somewhere at some time to meet it."

LITHUANIA INDEPENDENT.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 9.—Recognition of Lithuania as a de facto independent state was accorded by Poland on July 6, according to a cablegram from Kovno, received today by the Lithuanian representative here.

Summer Complaint in Children.

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell of Butler, Tenn., says: "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose."—[Advertisement.

RUSS ADVANCE IS CONTINUED.

(Continued from First Page.)

the measures the Entente Powers will take after the Greeks dominate the Bagdad railway. It is feared that the Greeks will be given the mosque of St. Sofia, or even Constantinople.

BRUSSA OCCUPIED.

[BY CABLE AND ASSOCIATED PRESS.]

ATHENS (Greece) July 9.—Brussa, an important Asia Minor city, fifty-seven miles southeast of Constantinople, has been occupied by Greek forces, according to reports reaching here.

D'ANNUNZIO ATTACKED.

[BY CABLE AND ASSOCIATED PRESS.]

FIUME, July 9.—Repudiation of Gabriel d'Annunzio's authority as commander in Fiume was voiced by a group of influential Fiumians who sent a protest today to the National Council. Dr. Antonio Grossich, president of the council, promised to take up the matter with the poet. The bearers of the protest answered: "So far as we are concerned, you are our government. We do not recognize the poet's command."

SOVIET TROOPS ADVANCE.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, July 9.—The occupation of the town of Staro Konstantinoff, about forty miles from the Galician border, opposite Tarnopol, by Bolshevik forces, is announced in Thursday's official communique from Moscow, received by wireless today. It states the town was taken on Wednesday after fierce fighting.

In the direction of Sarny, on the Kovel railway, the soviet troops, the statement says, are continuing to advance.

"HOPEFUL" ELEMENT.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 9.—The Co-operative Societies of Russia are the "most hopeful element" in Russian society and will play a vital part in the economic rehabilitation of that country, Frederic E. Lee, economist in the office of the foreign trade advisor of the State Department, declared today in a report on the Russian co-operative movement.

Statistics in the report show that from the first co-operative society established in Russia in 1865 the number had increased in 1919 to 80,000 with a membership of 20,000,000 householders.

BOY IS EXECUTED.

[BY CABLE AND ASSOCIATED PRESS.]

CAIRO (Egypt) July 9.—The 19-year-old Egyptian, Ibrahim Massoud, who on June 12 attempted to assassinate Tewfik Nessim Pasha, Egyptian Premier, was executed yesterday by hanging.

The attempt upon the Premier's life was by means of a bomb thrown at the automobile, which he was driving.

WANT KOREANS IN DIET.

[BY CABLE AND ASSOCIATED PRESS.]

TOKIO, July 9.—The diet yesterday received a petition signed by 600 Koreans asking that Korea be given representation in the diet.

During the session fear was expressed that the new American shipping law might have a destructive effect upon Japanese shipping.

SLAYER'S PLEAS DENIED.

[BY CABLE AND ASSOCIATED PRESS.]

BUDAPEST, July 4. — The plea of the Communist commissaries, charged with murder and other crimes during the Bela Kun Communist administration, for trial by jury was denied today by the five judges having charge of the cases. They will be tried under the procedure in force during the war. The prisoners contend the Allied representatives promised that all those arrested would be given protection if Bela Kun should be overthrown.

PERSIA INVADED.

[BY CABLE AND ASSOCIATED PRESS.]

LONDON, July 9.—A new Bolshevik invasion of Persia is reported in a dispatch to the Daily Mail from Teheran. The dispatch quotes the Teheran newspapers of Wednesday as saying that four Bolshevik warships had arrived at Meshed-I-Sir (on the Caspian Sea, eleven miles northwest of Barfrush) and landed troops.

APPEAL TO PRESIDENT.

[BY A. P. NIGHT WIRE.]

MEXICO CITY, July 9.—The Liberal Independent faction in the Chamber of Deputies has named a commission to appeal to the provisional President, De la Huerta, for the freedom of Manuel Aguire Berlanga, former Minister of the Interior; Gen. Francisco Murguia, Gen. Francisco de P. Mariel and Col. Pauline Fontes, who have been imprisoned since the death of President Carranza. The Chamber will close its extra session today.

Hold Solicitor for "Examiner" in Coast Jail.

[EXCLUSIVE DISPATCH.]

SANTA BARBARA, July 9.—J. Nearing Wood, a solicitor for the Los Angeles Examiner, was arrested here this afternoon on a charge of having violated a city ordinance restricting the solicitation of funds for charitable purposes. He is held in the City Jail tonight in default of $100 cash bail.

According to Chief of Police Wall, Wood picked up boys at random and accompanied them to houses, there informing sympathetic matrons that his companion was an orphan whom the Examiner was rewarding with an outing in return for securing subscriptions to the Hearst paper. The pathetic tale was usually successful, but Chief Wall says that the boys would receive some small trinket instead of the vacation trip mentioned.

Wood will appear before Police Judge Rizor tomorrow.

VILLA WILL KEEP PEACE.

Noted Bandit Promises to Crush Mexican Revolts.

Guarantees Safe Nation if Terms Are Accepted.

President De la Huerta Seen by Correspondents.

[BY A. P. DAY WIRE.]

MEXICO CITY, July 9.—Francisco Villa, in his peace proposals to the government, guarantees that if his conditions are accepted he will make Chihuahua the safest State in the republic, and promises to help crush uprisings in other States, according to El Universal today.

Villa's terms, the newspaper says, include retention by him of the rank of divisional general, which he would use in policing Chihuahua; the allotment of tracts in Chihuahua for the use of his soldiers and the retention of 500 men under his command. Villa promises allegiance to the government of President De la Huerta, and Gen. Obregon, and agrees not to take the punishment of his enemies into his own hands, besides offering to retire from political life except as a private citizen.

PRESIDENT VISITED.

Article XXVII, of the Mexican constitution, which nationalizes petroleum deposits, will be sustained theoretically, but all decrees issued by former President Carranza prejudicing prior rights of petroleum owners will be abrogated by a Presidential decree to be issued shortly. Provisional President Adolfo De la Huerta made this statement to foreign correspondents last night.

Oil men will be given the right to pre-empt petroleum claims within five years, but once pre-emption is made, they will have an indefinite time within which to drill, the provisional President said.

"While the nation will tell oil men that it owns the petroleum in the subsoil," he said, "what difference will it make when the government cedes to operators the right to extract this oil and dispose of it at their pleasure? It is merely a question of name. The substantial rights of others will be safeguarded."

WILL HONOR RIGHTS.

The projected decree will protect prior owners by forbidding outsiders pre-empting the former's property, and further all such previous actions by outsiders interfering with prior rights will be abrogated, said the provisional President.

He declared he would present legislation to this effect to the new Congress when it meets in September. After that the matter will be in the hands of the legislators.

The provisional President received eight North American and British correspondents and spoke from his sick bed. It was the first interview he has given since, during a banquet to foreign correspondents, he was taken ill while giving a dramatic recital of his break with Carranza.

Five generals have taken up arms against the new Mexican government, Provisional President De la Huerta told foreign correspondents last night. He declared they did not constitute a military menace, since they had but few followers. He estimated that not more than 500 men had been involved in recent outbreaks. He asserted the army had been reorganized and that unstable forces could not shake the administration.

"The Carranza government," said De la Huerta, laughing, "stood for more than four years against over 25,000 rebels, and there is no reason why the present government cannot contend with less than 500."

AGENT IS NAMED.

Roberto K. Pesquiera has been appointed Mexican financial agent in the United States, with headquarters in New York City.

TORRES RETURNING.

TORREON (Coahuila, Mex.,) July 9.—Elias L. Torres, President De la Huerta's peace envoy to Pancho Villa, returned last night en route to Mexico City with a letter from the bandit to the provisional President. Torres called on Gen. Joaquin Amaro, who is here organizing the deserters from Gen. Guajardo's rebel forces.

Villa wants to be left in military, political and financial possession of the State of Chihuahua.

Also, he demands that Gen. Amaro be retired from the army, and that Gen. Eugenio Martinez be appointed Federal commander in the State, under Villa's orders. Torres told Amaro Washington's price on recognition of the De la Huerta regime was acceptance of Villa's terms by Huerta.

"Get me straight, Senor Torres," said Gen. Amaro, pounding a table in his car, "you tell Adolfo de la Huerta that if he recognizes a single one of Pancho Villa's demands and permits him to become a part of the Obregon government I will immediately and openly declare myself and my forces in rebellion. I never will consent to any government in Mexico making peace with that outlaw.

"LIE," SAYS AMARO.

"I have followed Villa for days after defeating him in several battles during the Carranza administration, and everywhere along the road I have found hanging the bodies of my friends whom he had captured.

"The only peace I ever will sign with Pancho Villa will be when I have hanged him to a telegraph pole.

"You tell the President that I consider your statement concerning American recognition a damned lie. I do not believe that Washington will forget the graves at Columbus, N. M., or the roasted bodies of the American engineers in the Cumbre tunnel.

"If America demands that my government make peace with Pancho Villa to obtain recognition, and my government complies, then both the American government and the Mexican authorities can go to hell."

RECOVER BODY OF DROWNED FIREMAN.

[BY A. P. NIGHT WIRE.]

FRESNO, July 9.—The body of John Survera, a fireman for the Shell Oil Company, who disappeared Tuesday night while on a fishing trip at Mendota, was found in the San Joaquin River below the Mendota dam today. Survera was last seen as he was walking across the weir below the dam about 9 o'clock Tuesday night. Officers believe that he succumbed to a fainting spell while balancing on the weir.

RUSSIA GETS CREDIT, CANADIANS ANNOUNCE.

[BY A. P. NIGHT WIRE.]

MONTREAL, July 9.—Members of the Canadian syndicate which recently obtained contracts valued at $6,000,000 from the Russian soviet government announced here today that the question of credit had been arranged satisfactorily.

G.O.P. WOMEN PACK CHICAGO.

Will Make Windy City Their Campaign Headquarters.

City's Nearness to Suffrage States Responsible.

Work of Planning Organization of Speakers Begun.

[EXCLUSIVE DISPATCH.]

CHICAGO, July 9.—Republican women have chosen Chicago as the base of their operations in the forthcoming campaign. They decided this city was the logical spot because the suffrage States are grouped around Illinois. Mrs. Harriet Taylor Upton, vice-chairman of the executive committee of the Republican National Committee, stated the case in these words:

"Chicago is nearer the enfranchised States where women have been voting for years. So Chicago is the proper place for our campaign headquarters. Unfortunately, many of the Eastern States are still in the unenfranchised class because the thirty-sixth State has not yet ratified the constitutional amendment granting the ballot to women.

"It is our policy to let the individual States work out their own problems because each State is a community in itself and knows more about its own conditions than the national committee can know, so the campaign committee, with headquarters here, will deal with national problems only."

New York members of the campaign committee will be left in charge of the New York offices of the organization, while the leaders will put in most of their time in this city. Work of planning the organization of the speakers' bureau for the national committee is well under way. There will be no dearth of speakers and no lack of live topics for them to talk about.

New Quebec Premier Takes Office.

[BY A. P. DAY WIRE.]

QUEBEC, July 9.—L. A. Taschereau, Attorney-General of the province, today was sworn in as Premier of Quebec, succeeding Sir Lomer Gouin, who resigned yesterday.

BRIG.-GEN. HINES HEADS NEW SERVICE.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 9.—Brig.-Gen. Frank T. Hines, chief of the Bureau of Transportation, War Department, was designated today by Secretary Baker to head the Inland and Coastwise Waterways Service, established under the new Transportation Act.

The service is to assist in the development of inland water routes and lines.

BOBBIE MEUSEL MAULS THE PILL.

Oh, boys—did you notice Bobbie Meusel's work yesterday against Detroit! He was four times up and belted out four hits, one of which was a homer. Is it any wonder that Miller Huggins says that in Bobbie he may have the makings of a $200,000 star as soon as Meusel's awkwardness wears off? Los Angeles fans believe that Miller will not have to wait that long.

darkening the ball. It was thought at first that he had used licorice, but Byron declared after the game that such was not the case. However, after the warning the ball turned up in the catcher's mitt as chaste as unsunned snows and all went well thereafter.

TOM COMES BACK.

Tom Hughes displaced Pertica in the box after the Mormons had scored five runs off Pertica in the second and from then on Tom dished up a pretty fair article of ball. He should not be judged harshly for the hits that were made off him toward the end of the game as the Angels gave him very ragged support. In the light of Tom's work yesterday it looks very much as if he has regained the cunning of his arm and he should take his regular turn in the box hereafter.

The fans got to riding Killefer in the eighth after Red had tossed the ball into the reporter's stand on the roof to catch Mulligan going home. Immediately following this, Maggert singled infield and as Shacker reached first, a bleacherite shouted, "Stay there Maggie and play first."

SURE LOOK GOOD.

On the showing the Reds have made in the last three games they body up most dangerously as prospective pennant winners. Of course, the season is but half over and many things can happen between now and next October, but the Mormons are doing something this year that they didn't do last year and that is—they are playing nifty ball on the road. Their sluggers appear to be maintaining abroad the pace they set on their home grounds and if this can be kept up for the remainder of the season the team will be a mighty tough one to head off.

As for the Angels, they played indifferently against the Sacramentos and their work thus far this week is far below what they are capable of doing. Griggs's big war club is missed and the team's usual punch is lacking. However, Killefer has a happy faculty of pulling the boys together and it should not be long before they get into their winning stride again. A team that can win thirteen games out of twenty on the road should not remain long in a slump at home. The score:

BILL JOHNSTON IS VICTORIOUS.

Slams Frenchman for Straight Row of Sets.

Tilden Also Wins in Davis Cup Eliminations.

Tall Philadelphian Loses the First Set Only.

[BY CABLE AND ASSOCIATED PRESS.]

EAST BOURNE (Eng.) July 9.—William M. Johnston of California defeated Andre Gobert of France in the first singles match between the French and American Davis cup tennis teams, here today. The score was 6-3, 8-6, 6-3.

The match, which was interrupted yesterday by a rainstorm, was resumed under much better conditions today. The court was reasonably fast as a result of clearing skies this morning.

When play was suspended yesterday, Johnston led Gobert 4-3. He maintained this advantage today and ran out the first set without losing another game.

William T. Tilden of Philadelphia won the second singles tennis match in the Davis cup elimination matches here today, from William H. Laurentz of France. After the Frenchman had captured the first set, Tilden took the next three sets and the match, 4-6, 6-2, 6-1, 6-3.

Holland reached the finals in the Davis cup elimination contests last month by defeating the South African team. The winners in the Franco-American matches will meet the representatives of Great Britain at Scarborough July 15, 16 and 17, and the victors in these contests will play Holland's team for the right to meet Australia, present holder of the cup.

SEMIPRO SCHEDULE FOR THE WEEK-END.

The following semipro baseball games have been arranged for the week-end by Joe Pirrone, the local booker:

Today: Killefer Manufacturing Company at Hazard playground; Electrical Products and American Legion at Brookside Park, Pasadena; Goodrich Tire vs. L. A. Colored Police at Slauson; Morris & Co., vs. Wells Fargo at Boyle Heights.

Tomorrow: Pirrone's All-Stars vs. L. A. White Sox at East Fourth street and Anderson; Pasadena Post vs. N.W.A. Vernon Camp at Slauson; Inglewood vs. San Pedro Stars at Salt Lake playground; Sub Base at Ontario; Riverside at Patton; Santa Fe Shops at Rialto.

FASTEST HORSES WILL TRAVEL HERE.

[SPECIAL CORRESPONDENCE.]

RIVERSIDE, July 9.—The fastest racing program ever run at the track of the Southern California Fair Association is promised this fall, according to assurances given this morning by Secretary W. W. Van Pelt. It has been decided to provide $10,000 in purses.

Letters received by the officials indicate that some of the fastest horses in the country will be entered. Work will be commenced next week on the enlarging of the cattle and hog pens, a process that has been repeated every year since the fair was instituted.

JERRY WITT WILL PADDLE IN EAST.

In a letter received from Vance Vieth, the former swimming instructor of the L.A.A.C. announces that he will take two men from Dallas, Tex., to the national ten-mile championships in Philadelphia. The men are Jerry Witt and Lee Jarvis. They will leave Dallas, July 17. Witt is a former member of the L.A.A.C. On Vieth's recent trip to Los Angeles Witt broke his nose diving, but is now o.k., says Vieth.

WONDER IF THEY'LL CATCH ANY FISHES?

Six followers of Izaak Walton and their wives, will leave Los Angeles today for a two-weeks' camping out and fishing trip to Mammoth Lake and Convict Lake. The party will be hauled north in five flivvers and one real car.

Those in the crowd are Walter Pluss, L. Pratts, F. Severins, Roy Merrys, Charles Hoffmans and Charles Keppens.

OLYMPIC STARS HELD A WEEK.

[BY A. P. NIGHT WIRE.]

NEW YORK, July 9.—Changes in the sailing plans of the American Olympic team were announced here today by President Kirby of the Olympic committee. Under the rearranged schedule several hundred athletes will leave here about July 28 and arrive at Antwerp about August 7.

It originally was planned for the team to sail on July 20 on the United States Army transport Northern Pacific. That vessel, however, will be sent to dry dock soon.

CRANE GOLF WINNER AT BRENWOOD CLUB.

M. A. Crane captured the first trophy in the recent golf sweepstakes at the Brentwood Country Club. His score was 1 up on par. F. H. Whatley was second, one down. F. S. De Voin 2and O. S. Maule tied for third—2 down.

In the blind bogey play W. N. Goodwin and F. S. De Voin tied for first with gross scores of seventy-five each. Goodwin had a 30 handicap and De Voin, 20.

The George H. Melford trophy was won by A. R. Barr. The two-ball mixed foursome went to Mrs. George Midgeley and J. A. Henjum, 87-5-82.

IRSLINGER TO RASSLE MILLER.

Match Will be for the Middleweight Crown.

Wichita Falls Man Took Title From Ted Thye.

Local Man May Regain Honors Lost in 1918.

BY PAUL LOWRY.

Having been fed up on a second Miller-Gotch match and a jiujitsu fracas, the wrestling bugs of Los Angeles have been pronounced fit for a championship bout. They will have the same on the night of August 5 when Harry Irslinger of Wichita Falls, present middleweight champion, wrestles Walter Miller at the L.A.A.C.

Irslinger is the aggressive party who slunk into Mr. Ted Thye's home bailiwick a couple of weeks ago and breezed off with the title which Thye won from Miller two years ago.

DID IT EASY.

Judging by the telegraphic reports, Irslinger copped the gravy with yards to spare. He did it in two straight falls. It was so decisive that Thye had no grounds on which to scream. The first fall came in 1h. 33m. It was secured by a double elbow lock. The second was obtained in 15m. by a body scissors and an arm lock.

Of course, Mr. "Meelah," as Walter's bosom companion, Young Gotch, refers to him, is tickled clear down to his toes at the chance to throw the champ for a row of falls. Irslinger did something that Miller couldn't do in his trip to Spokane. Miller jockeyed north with the happy thought of flicking Thye a couple of times and obtaining another toe hold on the title.

COULDN'T MAKE IT.

But Miller's best in the northern burg was a draw. The crown remained on Thye's mental piece, though Miller set up a wail upon his return to Los Angeles that the construction of the playhouse in which the argument was staged robbed him of a victory. There was no ring proper and no ropes. Whenever he had a chance to flop Thye, says Miller, the champ would roll over into the cockpit and the referee would have to stop 'em and haul the grapplers back to where the spectators could get a slant at the activities. This kept up for approximately three hours, when the police ordered a new slate.

Back in Los Angeles, with his mouth full of fuzzy words and head loaded with ambition, Miller has been beseeching some one to land him a championship match. Charles Keppen, the boy promoter of the Athletic Club, heard the cry in the wilderness.

After the Miller-Gotch imbroglio was out of the way, much to Miller's satisfaction, feelers were cast in Thye's direction. Mr. Irslinger came along and spoiled his game when he spilled Thye the last night in June. But Irslinger had a willing ear. Negotiations were closed with him yesterday for the August 5 match.

MERMEN TO COMPETE IN OLYMPIC TRYOUTS.

[BY A. P. NIGHT WIRE.]

CHICAGO, July 9.—Twenty-three of the country's fastest swimmers, including the stars of Hawaii, will compete here tomorrow and Sunday in the national trials for the American swimming team in the Olympic games.

Swimmers who have been rivals for years will clash for the honors to represent America in the world games. In the 100-yard swim, Duke Kahanamoku, the noted Hawaiian, will meet Perry McGillivray of the Illinois Athletic Club, E. G. Elliott of the Chicago Athletic Association and Hal Vollmer of the New York A. C.

In addition to the 100-yard race, the events on tomorrow's program include a mile swim, 200-meter breast stroke and spring board diving. The Army and Navy will be represented by strong teams.

CLAY COURT TENNIS ENTRIES NOW CLOSED.

[BY A. P. NIGHT WIRE.]

CHICAGO, July 9.—Entries for the tenth annual clay court tennis championship were closed today except for nominations in the mails which may be received from out-of-town players. The committee in charge prepared drawings today for the first round of singles, which will be launched tomorrow afternoon.

One hundred and seventy-three singles entries and more than sixty in doubles were in the hands of the committee today, making a record in both classes for the tourney.

Edmund Levey of Berkeley, Cal., who represented the University of California on its winning tour of the country, tested the courts today.

BEAVERS LIGHT ON MITCHELL.

Vernon Southpaw Has Poor Day Against Ducks.

Maisel and His Bat Poison to the Bengals.

Glazier Chucks Steady Ball for McCredie's Lads.

[EXCLUSIVE DISPATCH.]

PORTLAND (Or.) July 9.—Poling the ball for a total of eleven hits made it possible for the Beavers to trim the Vernon Tigers by a score of 3 to 1. The southpaw benders of Willie Mitchell didn't trouble the Beavers to any great extent. George Maisel hammered out three singles and Dick Cox came through with a like number.

Outside of the second inning, when the Tigers edged in their lone run, there wasn't one that passed second base. Bert Glazier chucked steady ball all the way for Portland, allowing eight hits in all, most of them scratch bingles. Portland started scoring in the first frame when, after two men had been retired, Maisel singled through first and scored on Schaller's two-bagger to right.

PRIV IS THERE.

Vernon came back in the first half of the second, tying the score. Fisher led off with a single to right and was sent to third on Borton's double to the same territory. Edington popped up a foul fly, which Tobin gathered in, and then Morse slammed one at Siglin that proved too hot for the Beaver second-sacker to handle, and Fisher crossed the plate. De Vormer hit into a double play, which ended the scoring as far as "Villager Bill" Essick's crew was concerned, for the rest of the game.

The Beavers put the game away in the second inning when they chased over their other two runs. Blue opened with a single along the third-base line. Cox followed with a swat to left field. Tobin struck out and then Spranger rapped out one to center field which rolled to the fence before the Vernon outfielders could gather it in. Blue and Cox both crossed the plate on the hit, while Spranger was held at first. The score:

PHILADELPHIA IS OUTHIT, BUT WINS.

[BY A. P. NIGHT WIRE.]

PHILADELPHIA, July 9.—Chicago outbatted Philadelphia, but the locals won, 5 to 4, evening the series. After Welch's home run with two on bases in the first, and Perkin's homer in the second, Williams settled down and, but for an error by Risberg, would have shut out the locals for the remainder of the game. Score:

Double plays—A. Arlett, unassisted; Gardner to Stumpf to Zamlock; Brubaker to Fitzsimmons to A. Arlett. Runs responsible for—Holling, 4.

BARBER'S SINGLE ENDS LONG TIE.

[BY A. P. NIGHT WIRE.]

CHICAGO, July 9.—Barber's single ended a thirteen-inning game, which Chicago won from New York, 3 to 2, today. The winning hit followed Twombly's single, Hollocher's sacrifice, Terry's out and an intentional pass to Robertson. Alexander and Barnes worked all the way and it would have been Alexander's game in nine innings but for Hollocher's error in the seventh. Score:

CHICAGO.	AB	R	H	O	A

Errors—Hollocher, Paskert, Herzog, Bancroft. Two-base hits—Barber, Twombly. Three-base hit—Robertson. Stolen base—Robertson. Sacrifice hits—Paskert, 2; Kelly, Terry, Hollocher. Double plays—Doyle to Bancroft to Kelly; Bancroft to Doyle to Kelly. Bases on balls—Off Alexander, 2; off Barnes, 4. Struck out—By Alexander, 5; by Barnes, 4.

CINCINNATI REDS DEFEATED AT LAST.

[BY A. P. NIGHT WIRE.]

CINCINNATI, July 9.—Boston won the first game of their series from Cincinnati today, 3 to 1, by bunching two singles and a double, with a base on balls in the seventh. The Reds escaped a shotout in the fourth when Daubert doubled and scored on a single by Roush. Score:

BOSTON.	AB	R	H	O	A

Error—Kopf. Two-base hits—Daubert, Boeckel. Three-base hit—Roush. Stolen base—Boeckel. Double plays—Wingo to Rath; Neale to Daubert; Ruether to Daubert. Bases on balls—Off Ruether, 2; off McQuillan, 4. Struck out—By Ruether, 2; by McQuillan, 1.

SIDELIGHTS OF THE GAME.

It seems almost impossible to mesmerize a man at a distance of sixty feet six inches, yet this is what Cullop seemed to do to the Angels yesterday. His hypnotic force probably remained in the ball until it reached the bat.

* * *

In the eighth inning Killefer, McAuley and Crandall went out on the first three balls pitched.

* * *

"That Rumler is a sweet bird," said Eddie Maier after the game. Just imagine the Tigers, boys, with Rumler in right field. Oh, man!

* * *

Rumler wears a white patch on the back of his right trouser leg. The rent came in a game up north when he slid into the plate on a homer. A friend advised him to leave the hole unmended just for luck and added that a hole would last longer than a patch. Bill, however, hit upon a white patch in the form of a swastika and since that time he has been fairly mudlating the pill.

* * *

Hardly a murmur crept out of Wisdom Row yesterday. The boys are beginning to feel apprehensive that unless some team stops the Bees right now, Johnson's pets will surely mizzle home with the pennant.

* * *

McAuley has rubbed up with Joe Slump in the fielding line, but Mac has a faculty, at times, of coming through with an astounding catch or stop that fairly wipes out a few bobbles in a jiffy.

* * *

If a man is really as old as he feels then Hal Maggert is not yet out of his teens. Just think of it, Shacker is playing the best game of his life just now and he was flirting around the bases when a pitcher had to heave eight bad balls before the batter drew a pass.

* * *

Johnny Bassler's catch of Byler's foul against one of the private boxes opposite first base in the sixth inning, was a dandy and brought forth a generous handclapping. Johnny is the wizard of the bat in the Coast League this year. He seems to have solved the difficult problem of placing his hits and now poles them to all points of the compass. Bassler is also regarded by many shrewd fans as the best catcher in the league. His banner year lies before him.

LAWN TENNIS ANNUAL IS ON HAND AT LAST.

Spalding's annual lawn tennis review, though slow in coming to hand this year, is complete from its front page likeness of National Champ Willie Johnston to its slip-rule section in the back of the book.

Paper conservation is responsible for curtailment in many of the usual details, but every tournament held in the country last year has been recorded. A feature is the portrait of each of the first ten ranking players, accompanied by a short biographical sketch. The visit of the renowned Australians, Brookes, Patterson, Lycett and Thomas, is fully treated.

MITCHELL TO LEMOORE.

Hammer Mitchell, semipro catcher in the local ranks for several years, left last night for Lemoore, where he will join Beals Becker's club. Mitchell is a good catcher and a hard hitter.

RESOLUTE MAY TAKE WATER AGAIN TODAY.

[BY A. P. NIGHT WIRE.]

NEW YORK, July 9.—Work has progressed so far in the measurement of Resolute, defender of the America's cup, at a Brooklyn drydock, that the yacht probably will be launched again tomorrow.

No attempt will be made to measure her sail area until the craft is in the water. According to present plans, the defender will be taken at once to Sandy Hook, where she probably will have a tuning-up spin on Sunday.

Measurements of Shamrock IV, challenger for the cup, is expected to be finished Monday, when the yacht will be launched and taken to Sandy Hook. The underbody of each yacht was scraped, painted and polished today for the first race which is to be sailed, off Sandy Hook, on July 15.

STARTING July 1, Frank's Cafe, 6609 Hollywood Boulevard, will keep open from 7:30 a.m. till 2 a.m. to accommodate all our customers.

BRADLEY LEADS IN OLYMPIC TRYOUTS.

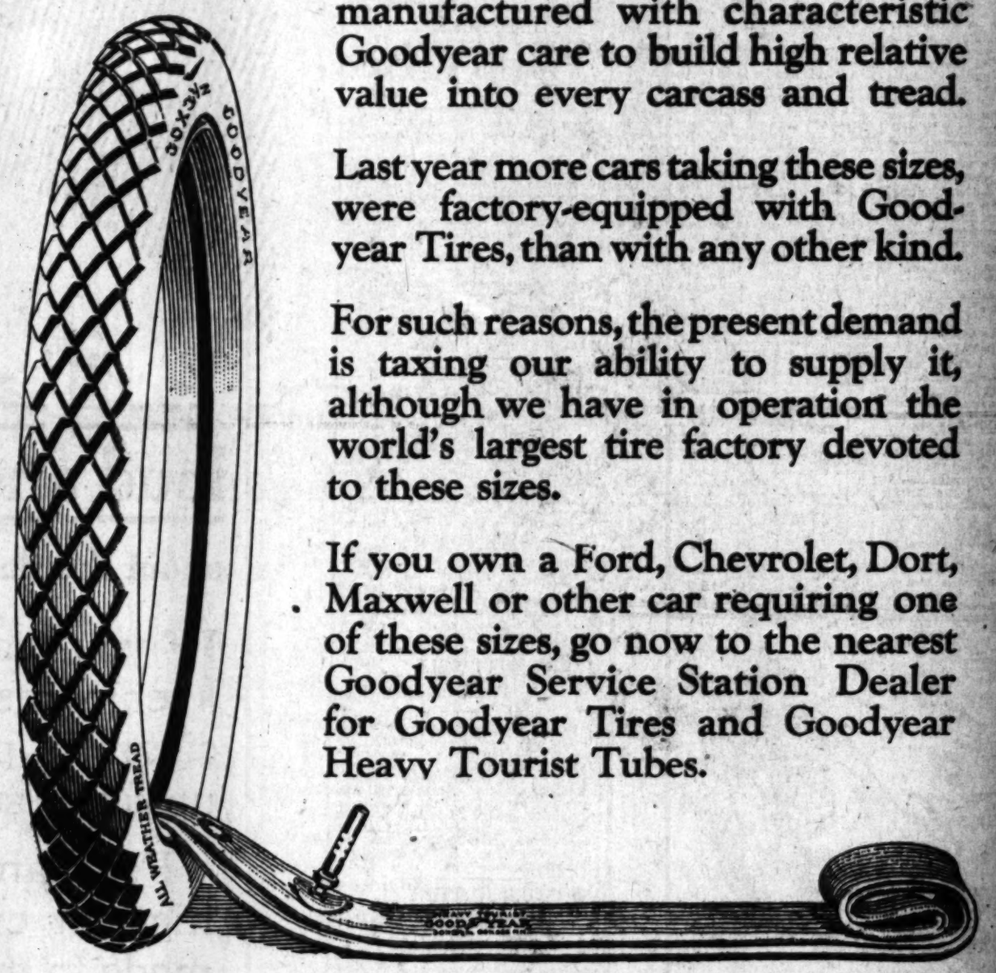
[BY A. P. NIGHT WIRE.]

NEW YORK, July 9.—Everett L. Bradley, of the University of Kansas, who qualified in third place in the pentathlon tryouts last Saturday, led the point winners today when half the decathlon events had been completed in the Olympic tryouts at Travers Island. The competition will be concluded there tomorrow. In addition to the remaining five contests on the decathlon program, there will be final tryouts in the 3000-meter steeplechase and 10,000-meter walk.

In today's tests, A. W. Richards, former Cornell man and Olympic high jump champion, representing the Ogden A. A., of Ogden, Utah, was first in the high jump with 6 feet, 2 inches, and also in the 16-pound shot-put, with 40 feet, 3 inches.

Robert Legendre of Georgetown University won the broad jump with 21 feet 7½ inches, Bradley being second with 21 feet [illegible] William Yount of [illegible] won the 400-meter [illegible] seconds and the [illegible] sulted in a triple tie between Bradley, Yount, each of whom [illegible] tance in 11 1-5

Equip Your Small Car With Goodyear Tires



Goodyear Tires in the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes are manufactured with characteristic Goodyear care to build high relative value into every carcass and tread.

Last year more cars taking these sizes, were factory-equipped with Goodyear Tires, than with any other kind.

For such reasons, the present demand is taxing our ability to supply it, although we have in operation the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car requiring one of these sizes, go now to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

"MADE NEW" APPEARONS.

The regularity of these exceptional automobile values has become so great that it has been some time since we have had one on our floor unsold. At the present time we have several late models in chummies and touring cars that have been through our mechanical shops and are now in the paint shops. They will be ready in from one to three weeks. Make your choice now of a dependable, high-grade, classy car and follow it through to completion. Colors can be changed to suit on some of these. Your old car taken in trade and terms if desired.

HEARST'S PARTY PROVES FIZZLE.

(Continued from First Page.)

pay the war debt out of taxes on wines and beer.

Then the Rev. George Chalmers Richmond, pastor of the Central Church of St. Louis, spoiled everything.

"We are looking for a prophet, but I doubt if we'll find one. The next President of the United States will be a small man, and the result will be that he will not be able to cope with the revolution which is surely coming. There is not a candidate in the field who measures up to the standard we need unless it is Eugene Debs."

Then the preacher denounced Boies Penrose and Gov. Lowden, the former of whom he declared was unfit to enter hell, and announced that he was against prohibition and had a flask of bourbon in his room.

An advertising solicitor cornered the party leaders for a page advertisement and the meeting adjourned.

NO SUCCESS CLAIMED.

Efforts to align support of single taxers and labor party adherents behind a national third party, organized on the plan of the Committee of Forty-eight, marked the preliminary gatherings of delegates arriving in Chicago tonight to attend the three conventions which particularly involved the Labor party leaders and the Committee of Forty-eight members, was not claimed by any of the participants, while spokesmen for the single tax group took the opportunity to announce their definite opposition to Senator La Follette as a fusion Presidential candidate.

Amos Pinchot and George L. Record, who spent two days with Senator La Follette in behalf of the Committee of Forty-eight, reported to that body today that the Senator had not decided whether to accept a nomination if tendered him, but would decide Saturday.

SINGLE TAXERS AGREE.

Deliberations involving all the delegates assembled under the general call will commence tomorrow. Single tax adherents, after a preliminary gathering, announced that they would attend the Committee of Forty-eight convention, which will be called to order by J. A. H. Hopkins at 10 o'clock tomorrow morning.

Open hearings have been arranged by the convention managers for the Platform Committee, at which Frank P. Walsh, representing the Friends of Irish Freedom, will be given opportunity to present a plank favoring American recognition of the Irish Republic.

The Labor party convention is scheduled to begin Sunday at a different hall, though its partisans have been actively associated with the Committee of Forty-eight. Differences developing in the conferences today included one arising out of the railroad situation.

OUTDOES TUMULTY.

Vice-President Gives Ten-Cent Tip to Girl at Alexandria.

Vice-President Marshall has outdone Joseph Tumulty, who tipped an Alexandria bellhop 15 cents for going to Hollywood last fall during the Presidential visit.

Wednesday evening the Vice-President, with six others, dined in the Franco-Italian room at the Alexandria. The party was heavily burdened with hats, wraps and canes. These were checked at the door and Mr. Marshall took the little numbered disc.

After dinner members of the party came out and the check was given to the girl. She assisted the women and men with their wraps and sorted out the hats. The Vice-President fumbled in his pockets and with Hoosier generosity gave the girl a coin.

"I'll be darned," she said, "the Vice-President gave me a dime."

THE CITY AND ENVIRONS.

For Polo Folk.

A picnic will be given by the Polo (Ill.) Society in Lincoln Park tomorrow.

Boyle Heights Meeting.

At a meeting of the Boyle Heights Improvement Association next Monday evening in the Public Library Building at First and Chicago streets, L. E. Moselle, business agent of the city Bureau of Power and Light, will give a stereopticon lecture on the work of that department.

On Christian Science.

There are eleven Christian Science churches and two Christian Science societies in Los Angeles which conduct services Sunday at 11 a.m. The subject of the lesson-sermon in each of them for Sunday is "Sacrament." Sunday evening services are conducted at 8 o'clock in First, Second, Third, Fifth and Sixth churches, and each Wednesday evening a meeting is held which includes testimonies of Christian Science healing.

Reception for Grand Master.

Los Angeles Council, No. 11, R. & S. M., will give a reception in honor of David John Reese of Ventura, Grand Master of Royal and Select Masters of California, in the commandery room, Masonic Temple, Pico and Figueroa streets, this evening. It will be followed by the conferring of the Royal and Select Master degrees by the grand officers. All Royal Arch Masons are eligible for these degrees.

One-Man Cars in Service; Half of Order Delivered.

Twenty-two of the forty-five one-man street cars ordered by the Los Angeles Railway Company have been delivered, and are now being tried out on two suburban runs. The new style service went into effect yesterday on the Vermont and Manchester route, with a shuttle service to Olympic Boulevard, and on the East Jefferson and Thirty-eighth-street line, operating between Thirty-eighth street and Exposition and Ascot Boulevards.

The new cars are much lighter, and of shorter wheel base than the other street cars in use here. They are equipped with a number of new safety devices, including dead-man control and folding steps, which are hoisted as the doors close. Each one-man car has a seating capacity for thirty-five passengers. The company is entrusting the new cars only to platform men who have had long experience.

OIL ATTORNEY DIES.

Made Specialty also of Mining and Water Right Litigation.

S. E. Vermilyea, well-known attorney of this city, who specialized in oil, mines and water litigation for many years in western cities, died at the family residence, 459 Park View avenue, yesterday morning, aged 62 years. Funeral arrangements will not be made until relatives in the Middle West have been heard from.

Born in Oswego, N. Y., in 1858, Mr. Vermilyea was educated at Northwestern University. He practiced law in Chicago for a number of years, going from there to Goldfield, Nev., and later to Bishop, Cal. The family came here about fifteen years ago. He was married to Miss Minerva Doyle in Chicago in 1890. Their only child, Mrs. Frances Barnes, resides here. Three brothers and two sisters live in Minnesota.

Ask Your Grocer or Druggist For CAL-ORA

"HOUSEHOLD NEEDS AND HELPFUL HINTS FOR SATURDAY SHOPPERS"

Some say we should eat to live,
And some say live to eat,
But look at it whichever way,
'Tis true, to live, we eat.

Why don't you paint the nursery this year, with paint that is durable and can stand the strenuous test put upon it by the kiddies who must have their fun and simply can't play in a room which won't stand hard usage. That is why I want to urge you to buy for their room the United Wholesale Company's paint. It will stand the wear and tear as no other paint I have so far used will. You will never find it anything but satisfactory and being wonderfully durable is ideal for general home use. 639 S. Main st. is their address, make a note of it and order your next paint from them.

Perishable foods especially are too much of a luxury in these days of H.C.L. to permit of our wasting it. That is why I want to advise you to buy your new ice box right away and I want to tell you of the Snow Refrigerator sold by Colvear's, 507-511 S. Main.

Their boxes are lined with heavy galvanized steel, white enamel and porcelain, whichever you chbose, the ice pan by the way is made of one piece galvanized steel and constructed in such a way that the refrigerator can't leak. Go in Colvear's and see these boxes; I think they are excellent.

In the next batch of fudge you make, try putting a pinch of salt in it and see if the flavor is not improved.

Only an hour to do your laundry work in the present age of labor-saving machines. Think of it, sixty short minutes was all the time taken to do a family wash. No, I wouldn't believe it until I saw a demonstrator from Parmelee-Dohrmann's show me how it could be done with a "One Minute Washer." I was won over to its use at once, and think of being able to buy this machine by making a small deposit and $2 a week until before you know it the washer has paid for itself. Not only that but a guarantee for years goes with it and, by the way, you may even have a trial demonstration and after once seeing what this splendid One Minute Washer can do you will wonder how you ever got along so many years without it. Parmelee-Dohrmann's, 436 S. Broadway, are the ones to see, stop in today and have one sent out for Monday.

Oh, but I love those deliciously flavored light fine grained rolls made in the Bake Rite Bakeries Stores. All Los Angeles women are fast learning that Bake Rite cakes, breads and rolls are always satisfying. Pass any of their stores and just notice the people anxious to set their stamp of approval on these new to us bakeries by buying of their most delicious baked goods. Two stores downtown, one at 129 S. Broadway, the other 342 S. Main, make it convenient for all shoppers to take home freshly baked cakes, cookies and breads for dinner or supper. Why not give them a trial this very day?

Corn meal mixed with enough vinegar to make it quite soft, is excellent for whitening the hands and keeping them soft. Removes all stains too, by the way.

Real economy lies in buying the best, you know, it pays in the end, so I have always found. As an instance take the Young's Market, whether it be from one of their booths in the many big markets we have here, or from their own establishment. Not a thing you buy but that you find it every thing it should be. A steak I ate recently was proudly proclaimed to have been bought at Young's, as were all the tender fresh vegetables, served with it, and yesterday I couldn't help noticing the care exercised in each department in displaying the finest of everything. 'Tis a pleasure to market at Young's, where you may be assured that each purchase is the best that may be had.

What can we have for desert, you ask me. Without a second's hesitation I say by all means ice cream, Hughes make, of course. Why every one in your family is contented when you serve them Hughes ice cream. For variety give them a different flavor, right now the fruit ice cream is attracting much attention because Hughes stands for quality first every time and naturally they put only the most select fruit as well as real cream and pure sugar in the ice cream they make, that is why no housewife who once buys Hughes ice cream is satisfied with any other. Call up today and place your order for Sunday. See what a satisfied household you will have.

Put a few drops of turpentine on the wrapping paper in which you put your furs for the summer and you will not be troubled with moths.

Perhaps you thought the old ice box would last another summer and now find that the ice doesn't keep and your food isn't keeping as it should. Why, what you waste in having things spoil would soon pay for a refrigerator. "You would love a Herrick," my dearest friend told me. "We are so pleased with ours, you see it has a dry air circulation," and she tells me her vegetables and fruits keep their freshness for days in her refrigerator, nor is there any interchange of odor, or flavor with such a system of self-purifying. At the Lyon-McKinney-Smith Store, 737 South Hill, you may buy a Herrick refrigerator. They are very popular, so I advise you to go in soon before their recent shipment is gone.

Oh, but these hot days have developed our desire for water—and more water. Yet not until you have tasted Arrowhead do you know what it really means to quench your thirst. One wouldn't believe Arrowhead was so superior to all other waters until you compare them. A knowledge of the purity of Arrowhead, of the sanitary manner by which it is conveyed from the far-distant San Bernardino Mountains and hauled for us fortunate Californians coupled with the fact that Uncle Sam bought the springs (with a reservation being made to the Arrowhead Company,) for his convalescent soldiers should make us value this excellent water more than ever and drink it unstintingly. Keep a number of cases on hand in case of an emergency! By telephoning South 331 you may secure what you need.

A small piece of bread placed in the water while cabbage is boiling will destroy all of the disagreeable odor.

You will agree with me that such a cooking school as that conducted by the Permanent Household Economics Exposition is a great boon to us Los Angeles housewives! I never knew how much I had to learn until I began to attend the lessons given by Mrs. Kate Brew Vaughn. Cooking can be so varied now, new things to prepare, most economically she tells you about and from her you learn to make preserves as they should be made without the waste of sugar so usual to those who were once wont to experiment with their canning. Don't miss any of the lessons, each is so valuable, but be there at 2:30, because the classes are growing most rapidly and if you are late you not only miss a great deal, but run a chance of getting a poor seat. Don't fail to go Monday and then regularly from then on, third floor of the Express Building is where they have the school.

Cottage cheese is improved by adding chopped green pepper and a little onion to it.

Something to make all the family happy I found in the store of one of our best grocers, recently. A box of pure stick candy made by Jevne's. That name was sufficient proof of the goodness of the article, and to add to its value these small attractive pure sugar sticks were put up in the most unusual as well as alluring manner that would so appeal to the little tots. Nursery rhymes are printed on the sides of the gay wrapper and pictures illustrating the same are on the top. Show me the youngster who wouldn't be perfectly happy by such a confection and they are made of the finest materials—purest sugar and fruit flavorings only being used. When putting in your order today ask the grocer for these candy sticks, all the best stores carry them, you know. There are twenty-seven sticks in a box which is sold for 20 cents. Isn't it reasonable? Ask your grocer to send you at least one box; I am sure you will be glad to find so good as well as wholesome candy for the children.

Sunday night supper.
Cold roast lamb.
Thin bread and butter sandwiches.
Tomato and cucumber salad.
Apricot whip. Iced coffee.

How many of the June brides returning from their honeymoons to lovely little new homes know what to stock the shelves of their tiny kitchens with. Indeed, many housekeepers of years experience may be glad to know of the wonderful Ben Hur spices, superior to any I have ever used. There is a world of difference in the brands offered, but after the first treat of Ben Hur, you are completely won over to their side, and when you learn that not only spices, but flavorings of all kinds, delicious sauces, mustard such as you were never able to find, and coffees and teas extraordinarily good are all of the Ben Hur brand made by Joannes Bros. you will call your grocer and start everything aright by buying all Ben Hur products for the home beautiful.

Always am I reminded of the fairy story I loved best, when I enter the Elite Caterers and Confectioners shop on Flower street. Every thing so good to eat confronts you and you somehow have a feeling that everything about you might be tasted of. Could one remain long without a suggestion for the garden party in the planning? Indeed not, for a most alluring array of tiny cakes meet your gaze first, and the hardest to please may find exactly what they wished for.

The catering department will make such unusual as well as tasty small sandwiches for you, and with no trouble at all your party is planned, its success assured, all credit really due to the Elite. If you don't remember their address let me remind you again that it is 641 South Flower.

A tablespoonful of vinegar in the water while poaching eggs will keep the whites from separating.

I simply couldn't believe that all the lovely wallpapers I saw in Hamburger's this last week were being offered at a 10 per cent discount! Marvelous designs for bedrooms, in the sweetest soft shades and when you consider how reasonably priced they are, it would be absurd to wait until fall to do your papering. The money saved now would pay for a number of rooms and think of the satisfaction of knowing that your house is beautifully fresh and the expense very small. Make haste now in your selection, down at Hamburger's, you know.

Myer Siegel & Co

Store Closed All Day Today (Saturday)

Myer Siegel & Co

Not often in a lifetime do you hear of such an opportunity being offered as that which The Federal Grocery Co., has now made public. Not a single housewife but knows of the Rock Bottom Stores, their service and reliability, and now comes the announcement that you may become a partner in their enterprise, a stockholder in such a company. Preferred stock is being offered to women and they are urged to invest their money in stock which will bring them interest at 7 per cent. You will agree with me it is an unusual investment, perhaps the greatest of a co-operative nature that you have ever heard of in this city.

Call up Mr. J. A. Daley, president of the Federal Grocery Co., and from him receive more detailed information. The telephone number is Main 9447.

Remember $10 will be sufficient to permit you to become a stockholder as well as partner in the Rock Bottom Stores. Seize the opportunity, call at once and receive the data necessary!

Not a visitor or passing tourist but makes his mecca the Grand Central Public Market, between 3rd and 4th, with entrances on Hill and Broadway, too, for it is a real spot of vital interest and it has reason to be proud of its reputation. Immaculately kept are its various booths. The prices are reasonable and you are always given courteous treatment by each clerk. Take your basket there and see how satisfactory it is to buy of their wares with such a saving of money.

THE WEATHER.

[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, July 9. — [Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.97; at 5 p.m., 29.94. Thermometer for the corresponding hours showed 56 deg. and 79 deg. Relative humidity, 5 a.m., 95 per cent; 5 p.m., 51 per cent. Wind, 5 a.m., northeast, velocity 7 miles; 5 p.m., west, velocity 4 miles. Temperatures, highest, 84 deg.; lowest, 54 deg. Barometer reduced to sea level.

WEATHER CONDITIONS — Local showers occurred yesterday and last night in Kansas, Oklahoma, South Dakota, Minnesota and in the Upper Ohio Valley, but fair weather prevailed in other portions of the country. It was clear at nearly all stations in Southern California this morning. Fair weather will continue in this vicinity Saturday.

UPPER AIR DATA.—From the surface up to about three thousand feet altitude the wind yesterday morning was light and variable in direction. At about four thousand feet it became southerly and increased gradually in strength, reaching a velocity of 54 miles an hour at 10,000 feet altitude, which was the highest observation this morning.

SUN, MOON AND TIDES.—Los Angeles, July 10: Sun rises 4:50 a.m., sets 7:07 p.m. Moon rises July 11, 12:40 a.m.; sets 2:35 p.m. Los Angeles Harbor, July 10, high tides, 4:14 a.m. and 4:29 p.m.; low tides, 9:36 a.m. and 12:02 p.m.

ORCHARD REPORTS.—Minimum and maximum temperatures from the orchards, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations	Max.	Min.
Pasadena	93	51
Pomona	98	46
Redlands	105	56
Riverside	100	53
Santa Barbara	73	56
San Bernardino	104	54
Santa Ana	87	60
Mt. Wilson	80	64
Los Angeles Harbor	76	61

LOCAL FORECAST.

SAMPLE IS INDICTED AS FAKER.

Six Counts in Grand Jury Charge Against Supposed Justice Official.

Ila Henderick Sample, the debonair self-styled representative of the Department of Justice who cut such a wide swath in certain circles of this city up to the time of his arrest last spring, was indicted by the Federal grand jury yesterday on a charge of impersonating a Federal officer.

There are six counts in the indictment based on three ocert acts asserted to have been committed by Sample through representations by him that he wns an officer of the government.

One is that he secured $1250 from Arthur C. Lillie, on representation that he would be in a position to help Lillie in a patent suit then pending in the United States District Court; another that he secured from Harry M. Snyder a radiator for an airplane by pretending to be a Federal official; and a third that he sought to secure a promise from a newspaper reporter named S. Vincent Brown to "kill" a sensational story involving a young woman on the ground that he was connected with the Federal service.

Sample, previous to his arrest, was generally received in local Federal circles as an officer of the government and he was connected with a fashionable country club.

Sample is now at liberty on a bond of $2500, which he put up personally in the shape of Liberty Bonds.

WILL EXHUME BODY.

Post-mortem Examination Ordered over Protest in Killing Case.

In spite of the protest of Boyd Thorne, the body of his mother, Mrs. Tzora Thorne, who died from injuries said to have been received when she was struck by an automobile driven by Emily A. Smock, will be exhumed for a post-mortem examination. Miss Smock is accused of manslaughter.

After Dep. Dist.-Atty. Fitts had produced evidence at hand, he yesterday instructed the Coroner's office to have the body exhumed.

The case is being heard before Justice Hinshaw. It will be resumed August 4. Griffith Jones represents the defendant.

ALIENS MADE CITIZENS.

Twenty-four aliens were admitted to American citizenship yesterday by U. S. District Judge Bledsoe, as follows: Subjects of Great Britain, five; Russia, three; Germany, five; Austria, four; Italy, two; Sweden, three, and Denmark and Turkey, one each.

INDICT TWO ON FRAUD CHARGES

J. Monroe Flowers and Wife Accused as Swindlers.

Declare Mails Used in Scheme to Get Autoists' Money.

True Bills Mere Interludes in Checkered Life Tale.

J. Monroe Flowers, general manager of the so-called United Auto Clubs of America, Inc., and his wife, Mrs. May Flowers, secretary and treasurer of the borporation, with offices on the ground floor of the Mason Operahouse Building, were indicted by the Federal grand jury yesterday charged with use of the mails in a scheme to defraud.

The president of the company is S. P. Moore of Azusa, an orange grower, but it is stated he is in no way involved in the operations of the company and principals as charged.

The two will be taken into custody this morning. Flowers's bond has been fixed at $2500 and that of his wife at $500.

The operations of Flowers and his automobile concern have been under investigation by the Federal authorities for some time, as a result of complaints that have been filed with Postoffice Inspector Webster, who furnished the information upon which the indictments are based.

In 1914, it seems, Flowers operated what was known as the Automobile Club of America, which is the name of a reputable automobile club in New York, and he changed the name of his own club. In 1916 it had its headquarters at 137 West Adams street, but went into the hands of a receiver on account of financial difficulties.

In 1917 Flowers, it is stated, operated as the Auto Club of America, International, in the C. Wesley Roberts Building.

In January last he leased quarters in the Mason Building, and operated what he called the United Auto Clubs of America, Inc.

MANY LOSERS?

The charge of fraud made by the government is that Flowers through correspondence and his publications imposed upon a large number of people. He had two classes of members, it seems, official and private. For $15 a year a person would be entitled, under the regulations, to reduced prices for gasoline, accessories and repairs to his machine. The official members had to pay $25 a year and these included persons conducting oil filling stations, garage men, hotels, dry goods houses and all lines of business, who could be induced to invest.

Flowers advertised, Federal investigators say, he would "limit the membership only with "the highest class of the Caucasian race." He declared, it is asserted, that he had the Governors of forty-four States on the roster of membership, the President of the United States and a membership of about 30,000 persons in both countries. Tempting offers to boost trade from automobile owners and drivers were held out to those who would invest $25 in a private membership ticket, it is charged, all of which, the Federal investigators, declare, were fraudulent.

Los Angeles was headquarters for the company and it was understood that in any community where twenty-five members, either private or official, could be secured a charter would be given. One such club came very near being started in Ventura, it is stated by the officers.

Flowers's wife, who married him in 1885 or 1886, in Cottonwood Falls, Kan., was Marguerite Henderson. Flowers has been in trouble here frequently.

OTHER TROUBLES.

He was accused of defrauding Richard Rinker of Long Beach of $669 and was publicly flayed by Judge Valentine in the course of the trial, Oct. 15, 1919, as a bunko steerer. Judge Valentine also intimated that the District Attorney should look into the case.

The District Attorney's office did as suggested, with the result that Flowers was arrested on the charge of obtaining money under false pretenses. The arrest was preceded by a spectacular attack by Flowers and Mrs. Flowers upon Dep. Dist.-Atty. Clark. The accusation against Flowers was that he had sold to Rinker a half-interest in a printing shop he did not own. Flowers, the District Attorney's investigation showed, conducted his brokerage business in connection with his Automobile Club of America, International, as it was known then, an unincorporated organization having no connection with the Automobile Club of America, with headquarters in New York.

He has been through the local bankruptcy courts several times. On February 27, 1905, he filed a petition in bankruptcy, and in June 21, 1907 he filed another, but accompanied it with a pauper affidavit, and his discharge was not allowed by United States Commissioner Heim. On June 21, 1911, an involuntary petition was filed against him and he was discharged December 4, 1914, but not until some of his creditors had vigorously charged him with concealing his assets.

On July 30, 1907, Mrs. Flowers filed a petition in bankruptcy in the local courts.

The records of the Superior Courts show a score of civil suits against Flowers for material furnished and labor performed by numerous creditors.

THREE RIBS BROKEN.

Pedestrian Badly Injured When Hit by Auto; Lung Punctured?

Struck by an automobile owned and driven by R. F. Callender of 1128 West Kensington Road, John Ohlson, aged 50 years, of 1201 Los Angeles street, was thrown violently to the street and suffered fractures to three ribs, a possible puncture of one lung, and abrasions of the arms and legs. The accident occurred at the intersection of Eleventh and Los Angeles streets yesterday afternoon.

After receiving treatment at the Receiving Hospital Mr. Ohlson was removed to the Lincoln Hospital.

RANGER RESCUES BOY FROM CHASM

Los Angeles Lad Hanging to Ledge by Fingertips When Aid Arrives.

Lincoln Axe, a Los Angeles Boy Scout, 14 years of age, was clinging by his fingertips to the rocks on the brink of a 400-foot canyon when he was rescued Thursday evening by Douglas Mackenzie, a Pasadena city forest ranger.

The rescue occurred in the upper part of Millard Canyon, above Pasadena, where young Axe and Joseph Paul and Lewis Reed, fellow-Boy Scouts from Los Angeles, had been enjoying a hiking trip. They had lost the trail, and young Axe, seeking a short cut, slipped and almost fell into the deep canyon. Ranger Mackenzie, who climbed down the ledge hand over hand to make the rescue, was formerly a student at the Pasadena High School.

CAR SMASH ENDS LIFE OF DRIVER.

Van Nuys Woman Instantly Killed When Auto is Struck by Electric Coach.

Mrs. E. Marsden, aged 53 years, of Van Nuys, was instantly killed yesterday afternoon when the automobile she was driving was struck by an inbound Pacific Electric Van Nuys interurban car, No. 366, at the Van Owen street crossing, Van Nuys.

The accident was reported by the Pacific Electric Railway Company. The body was taken to the Van Nuys undertaking parlors.

The street car was jarred from the rails and swerved crosswise to the street curbing of the right of way, Officer Girard, stationed at Van Nuys, said. Though persons in the car were panic-stricken when the car jumped from the track, no passengers suffered injuries, he said.

According to the statements made to the Pacific Electric Company by Motorman O. O. Penn and Conductor C. J. Smith, Mrs. Marsden had driven from behind pay car No. 830, which was standing at the crossing outbound, and attempted to cross the street directly in front of the street car, which was traveling at about twenty-five miles per hour, one mile north of Van Nuys.

Mrs. Marsden's home is about one mile north of Van Nuys.

She leaves a son, B. W. Coles of 362 Normandie avenue, this city, manager of the Brilliant Electric Company.

Make Reckless Driving Arrest; Women Hurt.

H. J. McDonald of 937 East Twenty-sixth street, driver of the automobile which struck a machine driven by Sidney Downey of 1439 East Forty-third street Thursday, resulting in probably fatal injury to Mrs. Hugh Hughes of 117 Croker street and serious injury to Miss Selma Owen, was booked at the City Jail yesterday afternoon on charge of reckless driving. Mrs. Hughes, who was treated at the Receiving Hospital for a broken arm and internal injuries, was reported last night at the Angelus Hospital as still in a critical condition.

The accident occurred at First and Alameda street, the McDonald car crashing into the rear wheels of the Downey car and throwing the occupants to the street. Miss Owen suffered a broken ankle. Downey and McDonald escaped injury.

AGED MESSENGER AND SWAMPER BADLY HURT

TWO DOWNTOWN AUTO SMASHES MAY BE FATAL: SKULL FRACTURES SERIOUS.

A 60-year-old messenger "boy" and a 20-year-old "swamper" on an express company's truck were possibly fatally injured in two downtown auto accidents yesterday evening.

The messenger, Elvin A. Merrell of 1118 East Twenty-seventh street, was delivering a message on his bicycle when he was struck at West Seventh and Hope streets by an automobile driven by G. W. Nosker of 1211 Spruce street, South Pasadena. Mr. Merrell was taken to the Crocker-street Hospital where the surgeons found that he had suffered concussion of the brain and a possible basal fracture of the skull.

The young expressman, Alvin A. Appell of 711 West One Hundred and Twenty-third street, was injured at East Eighth and San Pedro streets, when the express company's truck, driven by Edward J. Cox of 2009 New Jersey street collided with Pacific Electric car, No. 1555. The driver was not injured, but his helper, Appell, has a possible skull fracture, according to the attending surgeons at the Crocker-street Hospital, where he was taken for treatment.

EXTEND LEAVE OF CHIEF.

The Fire Commission yesterday renewed for one year the leave of absence as battalion chief of Fire Chief Scott. The leave of absence goes to the Civil Service Commission for approval.

IT'S BLACKMAIL, DECLARES REIM.

Business Man Calls Woman's Charges a Frame-up.

Mrs. Coseboom's Wild Auto Ride Story Attacked.

Badly Torn Garments Will be Exhibits at Trial.

A frame-up to injure his character will be the counter-charge set up by George F. Reim, president of the Reim-Thompson Company, 1015 South Grand avenue, as his defense to the charges of Mrs. May Coseboom that the manufacturer attacked her on a lonely road near Long Beach several days ago. In rebuttal Dep. Dist.-Atty. Hill, in charge of the prosecution, will produce badly torn garments belonging to Mrs. Coseboom and the persons to whom the woman appealed for help. The case will come before Justice Palmer next Friday.

Mrs. Coseboom is employed in the office of the Columbia Outfitting Company, 435 West Seventh street, but lives with her husband at 900 Stanley avenue, Long Beach. Her husband is employed in the shipyards.

It is charged that one morning recently as Mrs. Coseboom was walking rapidly to her office, Mr. Reim, who was passing in his car in the same direction, asked her to ride. After that he telephoned her several times, inviting her to lunch with him, she says, but each time she was accompanied by a girl friend.

CLOTHING TORN.

It is charged that on June 18 Mr. Reim telephoned her that he was going to Long Beach and invited her to ride with him instead of on the interurban car. She accepted. Near Bell Station, she asserts, Mr. Reim said it would be necessary to make a detour, and drove about two miles on a lonely road. It then was late evening. She asserts that Mr. Reim then attempted to forcibly attack her, tearing her clothing badly. She broke from him, she says, and ran across a field to a Mr. Clark, who was operating a tractor. Mr. Reim followed, she says, and asserted that she was his wife and refused to ride with him. Mr. Clark is said to have hesitated to interfere between man and wife and Mr. Reim attempted to take her back to the car. She says she broke away again and ran to the home of C. M. Shaw. Her husband was telephoned for and came for her. Mr. Reim departing in the interim.

"I've had hard luck since I came to Los Angeles a year and a half ago," Mr. Reim said yesterday. "I came with my wife and 21-year-old daughter. I'd been in business in Omaha seventeen years and stood well there, but came here for my daughter's health. It was too late, though, and she died. And now this comes.

"NOTHING TO THIS."

"There is nothing to this. It is inconceivable to me that the human mind could frame up such a thing. It was only a little after 5 o'clock when we left Los Angeles. It was broad daylight, and people were working in the fields, and we were never out of sight of houses. The man Clark was still using his tractor in the fields. Nobody but a crazy man would have made such an attempt as the young woman says I made. It is wholly unwarranted attempt to take advantage of a man of business standing."

Mrs. Coseboom is a small blonde woman about 23 years of age. Mr. Reim is in the early forties.

It is expected that Mr. and Mrs. Shaw and Mr. Clark will testify for Mrs. Coseboom at the trial.

The charge against Mr. Reim is attempt to commit a statutory offense and no civil action has as yet been indicated. Mr. and Mrs. Coseboom have, however, retained W. H. Dehm to represent them in the matter.

Ready to Nab Jack Johnson as He Quits Mexico.

"If Jack Johnson comes across the line from Tia Juana he will be treated just as any other fugitive from justice," said U. S. Atty. O'Connor, yesterday, when informed that the burly negro fighter had become weary of Mexico and is anxious to go to Chicago, where he is wanted on a criminal charge. The information at the Federal Building yesterday was that Johnson expected to cross the line today or tomorrow.

If he does, according to Mr. O'Connor, he will be taken first to San Diego and arraigned before U. S. Commissioner Andrews on the charge of being a fugitive from justice. That official will make an order for his removal to Chicago. Then Johnson will be brought here in the custody of a deputy United States Marshal and taken before one of the local Federal judges, who will sign the order for his removal to Chicago. His trip across the continent will follow with the colored pugilist in the custody of a deputy from the United States Marshal's office.

LAST CASE A FAILURE.

Globe Company Head, Accused After Fire, is Cleared.

After numerous continuances, the last case against James S. Rodman, president of the Globe Company of Los Angeles, was dismissed yesterday by Justice Brown. He was accused of making false proof last November of loss in a fire in the Thorpe Building, where his office was located. He was represented by John L. Richardson, who asserted Mr. Rodman made the affidavits in good faith.

Says Manufacturer Attacked Her.

Mrs. May Coseboom.

GOVERNORS AND TIGER HEAD HERE.

Executives of New York and Texas, and Tammany Chief, in Southland.

For the next few days the mainsprings of the governments of New York, Texas and Tammany Hall will function under the roof of the Hotel Alexandria. Gov. Alfred E. Smith of the Empire State and Charles F. Murphy, Tammany chieftain, arrived here yesterday with a vanguard of lesser notables from the Democratic convention at San Francisco. Gov. Hobby of Texas arrived here the day before.

Neither Gov. Smith, the shepherd of the Tammany Wigwam, nor the Lone Star executive had many political crumbs to scatter through the news to expectant Democratic readers, though individually and collectively they expressed themselves as satisfied with the party outlook in November. The New York notables soon after their arrival from the north by motor car sought pleasure in a tour about the city and suburbs, while the Texas Governor hied out with a party of friends to try a hand at golf at the Los Angeles Country Club. According to the Tammany leader, the New York visitors will remain here until Sunday.

"Just here for a brief visit," he remarked. "Not a word about politics—not a word. May have something to say later in the campaign, but not now." Gov. Smith was equally loquacious, though he confessed to a warm admiration for Southern California and its tourist offerings. Traveling with Gov. Smith are Mrs. Smith, their son and daughter, Alfred E. Smith, Jr., and Miss Emily Smith; Gen. Charles W. Berry, Mr. and Mrs. J. A. Foley and Mr. and Mrs. Edward S. Luther. Mr. Murphy is accompanied by Mrs. Murphy.

In Gov. Hobby's party are Mrs. Hobby and Mr. and Mrs. Edwin Hobby, the former being the Governor's brother.

"I believe we will win in November," Gov. Hobby said. "The main issue will be the League of Nations. We will stand for the enforcement of the prohibition law."

Besides being chief executive of the Lone Star State, Gov. Hobby is a newspaper publisher, being owner of the Beaumont Enterprise.

Mr. Murphy, Gov. Smith, Senator Walsh, Ambassador Gerard and Col. J. W. Zevelly of Oklahoma were the principal speakers at a dinner to 100 members of the Pennsylvania delegation to the San Francisco convention and their wives and a number of Los Angeles friends at the Alexandria last night, and if Democracy never sweeps it at any other time it surely swept the country there. Joseph Guffey, newly-elected National Committeeman, gave the dinner and was toastmaster.

A feature of the dinner was the presentation of a loving pitcher to Warren Vandyke, secretary of the Pennsylvania Democratic State Committee. John H. Bigelow, who nominated Atty.-Gen. Palmer in the convention, made the presentation speech.

TOT GRIEVING FOR HER LOST BULL PUP.

Tommy, 3-months-old Boston bull pup and cherished pet of Elaine St. Johns, granddaughter of Attorney Earl Rogers, is lost and the baby is overcome with grief. Tommy disappeared Thursday afternoon from the home of Ivan St. Johns, 2109 Toberman street, where a reward, with no questions asked, will be paid for his return. He is white with a brindle saddle.

WILL JAIL LADY WITH COWHIDE.

Police Think They Have the Cash Suspect Located.

Civil Action Also Likely in Hotel Horsewhipping.

Pretty Tourist Gets Severe Lashing by Mistake.

The police officers who are investigating the bizarre horsewhipping of a pretty girl tourist at the Hôtel Northern by a total stranger yesterday announced last night that they have the suspect located at Santa Monica and that she will be placed under arrest on charges of assault and battery today. The victim indicated that civil action for heavy damages are likely to be another outcome of the painful mistake.

The innocent recipient of the cowhiding was Miss Laura Cash, who reached Los Angeles from Little Rock, Ark., Thursday and registered at the Northern with her friend, also from Arkansas. The friend's name—unfortunately—is Miss Margaret Martin. There was a third member of the party, but her name is not known. All three were at Long Beach last night. They are going back to Arkansas, they said.

The police appear to feel confident that the wielder of the lash is Mrs. Frederick R. Levee, wife of an attorney with offices in the Garland Building and plaintiff against him in a bitter separate maintenance suit as well as a figure in various more or less sensational incidents. This belief is based upon Miss Cash's description, upon the fact that Mrs. Levee is reputed to have whipped other women in the past and upon a note signed by Mrs. Levee, addressed to Miss Martin and thrown into the hotel room of the two visitors. This note warned Miss Martin against having anything more to do with Mrs. Levee.

Mr. Levee said yesterday that he does not know the fair Arkansan and there is other evidence to indicate that Mrs. Levee—assuming that she was the wielder of the lash—mistook this Margaret Martin for another woman of the same name of whom she believed herself to have reason to be jealous.

Miss Martin had gone out yesterday and Miss Cash was alone when the indignant lady arrived with the cowhide. Assuming that Miss Cash was Miss Martin she laid upon her vigorously with the rawhide, five or six stripes taking effect on the tourist's face. Miss Cash screamed and her assailant vanished as abruptly as she had come.

Mrs. Levee, who has until recently resided at 1001 South Union avenue and who is a good looking woman of about 30, is said by attorneys in the case to have twice before taken her trusty cowhide to "other women." One of these was Mrs. Emma K. Doyle of Chicago, attached at the Hotel Clark, December 5, 1918, and another Mrs. Ines M. Franham of San Francisco, who was chastised in a hotel on Potter Park avenue, this city. Both women are named in Mrs. Levee's suit for separate maintenance.

DROWNING AFTERMATH.

Slain Yosemite Rescuer's Body Sent to Elks Club Here.

The body of H. J. Pink, Los Angeles club man who lost his life by striking his head on a rock when he dived into the Merced River last Wednesday to save a drowning child, was shipped yesterday from the Yosemite Valley to the Elks Club in this city. This disposition of the remains was made after repeated efforts to get in touch with the dead man's relatives had failed. Mr. Pink resided at 328 South Union avenue.

Search for the body of the downed child, Gertrude Kistler, 12-year-old daughter of Sedgwick Kistler of Lockhaven, Pa., was still in progress yesterday. Both sides of the Merced River through the whole length of the Yosemite Valley were being combed by forest rangers and by members of the San Mateo Union High School Band, which has been playing in the park.

Late yesterday the child's dress and Mr. Pink's shirt were found in a backwater not far below where the girl was drowned.

NEW CHURCH ORGANIZED.

Vermont Presbyterians Will Install Their Pastor Tomorrow.

First steps in the organization of the Vermont-avenue branch of Immanuel Presbyterian Church as an independent body have been taken. The new church will be formally launched tomorrow afternoon at 3 o'clock when Dr. Augustus S. Prichard will be installed as pastor. Dr. Herbert Booth Smith will preside. Dr. G. A. Briegleb will preach the sermon, Dr. Hugh K. Walker will deliver the charge to the pastor and Dr. Herbert H. Fisher the charge to the people.

Services were first conducted five years ago in a tent on the southeast corner of Vermont avenue and Fifty-third street. Soon after a building was erected and when this was outgrown an addition was constructed. The membership increased in both the church and Sunday-school under the leadership of Dr. Prichard and a year ago one of the barracks buildings on Santa Barbara avenue was pudchased and remodeled for the use of the Sunday-school. Organization as an independent church has naturally followed this continued growth.

DR. THEODORE KEMP.
FIRST METHODIST CHURCH.

President Theodore Kemp, D.D. Ll. D., of Illinois Wesley University, has been engaged as acting pastor of the First Methodist Church during July and August and will preach his first sermon there tomorrow. Dr. Kemp was pastor of several large churches before he was elected university president twelve years ago. He is a member of the Schoolmaster Club, College Federation of Illinois, Association of American Colleges, American Geographical Association, Fellow of the Royal Society of Arts of London. He is also a Rotarian and a Thirty-second-degree Mason. His morning subject tomorrow will be "A Prophecy." In the evening he will speak on "Wanted Moral Leaders, or a Plea for National Safety."

DR. FRANCIS RETURNS.
FIRST BAPTIST CHURCH.

Dr. James A. Francis returned yesterday from Palacios, Tex., where he has been giving a series of Bible talks at the B.Y.P.U. of that State. Tomorrow morning at the First Baptist Church he will give a report of one of the largest and best conventions of young people he ever attended. In the evening Robert E. Clark will conduct a song service.

MANY NEW MEMBERS.
IMMANUEL PRESBYTERIAN.

More than seventy-five new members will be welcomed at the quarterly communion service at Immanuel Presbyterian Church tomorrow morning and a number of children will be baptized. In the evening Dr. Herbert Booth Smith will give his second sermon on spiritualism, the last before going on his vacation. His subject will be "Are Spirits Conscious After Death?"

REV. A. RAY PETTY.
TEMPLE BAPTIST CHURCH.

Rev. A. Ray Petty, pastor of the Judson Memorial Church of New York City will preach tomorrow at Temple Baptist Church. His morning subject will be "Christian Thinking for the New Day" and his evening subject will be "Life in the New York City Slums." He will give some of his experiences as a pastor for many years of a church located in the heart of the foreign section of New York. Motion pictures of scenes in the Canadian Rocky Mountains will be shown.

UNION MEETINGS.
WILSHIRE CHURCHES.

The Wilshire Presbyterian, Christian, Baptist and Methodist churches have united in union meetings for the Sunday evenings of July and August. The service tomorrow night will be held in the Wilshire Methodist Church. Dr. John Albert Eby of the Presbyterian Church will preach the sermon and the choir of the Methodist Episcopal Church will furnish special music. Dr. Eby will preach in his own pulpit tomorrow morning on the topic, "A World Full of Sanctuaries." There will be communion and reception of new members. Arrangements are being made for the calls and removal of the present Wilshire Presbyterian Church. The church and Sunday-school will move to temporary quarters during the erection of the new church building.

ANSWERS TO QUESTIONS.
ST. PAUL'S PRO-CATHEDRAL.

Tomorrow morning in St. Paul's Pro-Cathedral Dean William MacCormack will discuss the question, "Can Earth communicate with heaven and can heaven communicate with earth?" In the evening Dean MacCormack will answer the following questions: "Is is wrong for a soldier in the line of duty to kill a man? Should any single citizen be permitted to own more than one newspaper? Is government ownership of the public press desirable? Which is the greatest Christian virtue? Why does the Episcopal church pray out of a book?"

DR. PATTON RETURNS.
FIRST CONGREGATIONAL.

Dr. Carl S. Patton, pastor of the First Congregational Church, has returned from the East after a stay of nearly five weeks. He attended the International Council in Boston and on the 1st inst. addressed the Council on "Realism and Religion." His subject tomorrow morning will be "Hands Across the Sea," and in the evening "Chicago and San Francisco." Rev. Holland F. Burr, assistant pastor, will leave next week to attend the missionary conference at Asilomar.

ANNIVERSARY SERVICES.
WESTLAKE PRESBYTERIAN.

The Westlake Presbyterian Church will celebrate tomorrow the twenty-fifth anniversary of its organization and the fifteenth anniversary of its affiliation with the Presbyterian church in the United States. Dr. G. A. Briegleb will preach in the morning on "The Light that Failed" and in the evening on "Stand Patters," the latter sermon having its origin in the recent political conventions. The church has had but four pastors in twenty-five years. Rev. T. A. Cowen organized the church and was followed by Dr. William D. Landis, under whose leadership the present edifice was built. He was succeeded by Dr. Robert F. Coyle. Dr. Briegleb is entering upon the fourth year of his pastorate.

SUMMER CONFERENCE.
BIBLE INSTITUTE.

Morning, afternoon and night sessions will be held during the second week, next week, of the summer conference and Bible school at the Bible Institute. The morning sessions are in charge of Bible women, the leaders being teachers of large Bible classes. The afternoon addresses will be by Dr. A. B. Prichard, Dr. George W. Davis, Dr. E. M. Cobb and Dr. J. G. Kennedy. Tuesday, Wednesday, Thursday and Friday evenings Dr. French E. Oliver will continue his messages from the Book of Galatians. Dr Oliver will also speak tomorrow, his morning subject being "The Blood of Souls;" afternoon, "Why Some Marriages Fail," and evening, "Mrs. Pilate's Dream."

"WHAT IS A CHRISTIAN?"
CHURCH OF THE PEOPLE.

"Was Jesus a Christian," will be the subject of an address by Reynold E. Blight at the Church of the People in Blanchard Hall tomorrow morning. Letters from prominent Los Angeles clergymen will be read answering the question, "What is a Christian?" In a prelude, Mr. Blight will discuss the topic, "Why Great Britain Usually Outstrips the United State in Competition."

"REMNANTS."
WESTLAKE METHODIST CHURCH

Rev. T. O. Grieves will begin a new series of summer sermons at the Westlake Methodist Church tomorrow morning with "Remnants" as the first theme. The evening service will be largely musical. Mr. Grieves will speak on "The Voice of the People and the Voice of the People's Masters."

EVANGELISTIC SERMONS.
TRINITY METHODIST CHURCH.

Rev. D. L. Coale, conference evangelist, will preach evangelistic sermons morning and evening at Trinity Methodist Church tomorrow. His morning subject will be "The Duties of Discipleship" and in the evening he will speak on "Does the Bible Teach a General Judgment?"

CHURCH NOTES.

The following sermon topics are announced for tomorrow by Los Angeles pastors:

The White Temple, Dr. Rowe Bowen: morning, "He Came to His Own and His Own Received Him Not;" evening, "The Cure for Christian Disappointment and Infidelity; Which Will Win the World?"

Wilshire Christian Church, Rev. M. Howard Fagan; morning, "The Word of the Cross;" Larchmont Heights Methodist Church, Dr. Otto Wilson; morning, "The Wrath of God;" evening, "The Man of the Moor."

Alvarado Christian Church, Rev. Dan A. Trundle: morning, "Is Christianity Radical, Conservative, Liberal, or Reactionary?" evening, "The Layman's Message."

Lincoln Heights Baptist Church, Rev. J. Vincent Berdoux; morning, "Are the Children Provided for the King of Their Parents?"; evening, "What Is Religion?"

St. Paul's Presbyterian Church, Dr. W. S. Mills; morning, "The Opening of the Book;" evening, "The Seals and Their Meaning."

Rev. Fred Sadler will speak at Tilden Memorial Mission tomorrow morning. Mrs. Albert Hoag will speak in the evening.

The monthly all day meeting of the Evangelical Prayer Union will be held next Friday in Union Congregational Church, Manhattan Beach. Dr. Harry C. Whiting, recently from Jerusalem, will speak on "Church of the Nazarene" (Congregational.) Rev. Howard D. French; morning, "Bible Confirmation—Abraham and Lot."

First Congregational Church, Rev. J. M. Pickett; morning, "Jesus and Paul;" evening, "Mrs. Lifted Leo Archbold of Bethlehem Steel Corporation."

Hollywood Presbyterian Church, Rev. Grant Noble; morning, "Inasmuch;" evening, "Things Above."

Union Congregational Church, Rev. R. Sheets Smith; morning, services as usual; evening service omitted.

Pilgrim Congregational Church, Rev. A. S. Daniel; evening, "World Citizenship;" evening, "Mission."

First English Lutheran Church morning service conducted by Rev. P. H. Reiter; evening, Rev. Mrs. Lifted Leo Archbold of Bethlehem Steel Corporation will address Epistle Church, Rev. W. Grant Nelson; morning, "Inasmuch;" evening, "Things Above."

Union Congregational Church, Rev. R. Sheets Smith; morning, services as usual; evening service omitted.

Pilgrim Congregational Church, Rev. A. S. Daniel; evening, "World Citizenship;" evening, "Mission."

First English Lutheran Church morning service conducted by Rev. P. H. Reiter; evening, Rev. Mrs. Lifted Leo Archbold of Bethlehem Steel Corporation will address Epistle Church, Rev. W. Grant Nelson; morning, "Inasmuch;" evening, "Things Above."

Hollywood Congregational Church, Rev. William Davies; morning, "Grace Abounding;" evening, "Christ Before Pilate."

First Christian Church, Rev. E. F. Daudelin; morning, "The Gospel of the Second Mile;" evening service.

St. Athanasius Episcopal Church, Rev. T. C. Stonehill; morning, "Some Things that are not Fair."

Alhambra Baptist Church, Rev. George C. Wright; morning, "Our Living Hope in the Resurrection of Christ;" evening, "Our Freedom in Christ."

Pasadena First Christian Church, Rev. Allen Lee Hall; morning, "Our Great Example."

Lake Presbyterian Church, Dr. E. S. McKittrick; morning, "Practicing the Presence of God;" evening, "Mrs. Pilate's Dream."

Mt. Calvary English Lutheran Church, Rev. William Eichberger; "What Good Baptism Doth Water Profit?"

Trinity Baptist Church, Rev. A. W. Cope; morning, "The Privilege and Righteousness of Faith;" evening, Rev. W. E. Lindsey will preach.

Second Hill Presbyterian Church, Rev. Louis Tuttle; morning, "Judgment of the Lord's Supper;" evening, Rev. C. H. Gaskell will preach.

Pilgrim English Congregational Church, Rev. S. M. Bernard; morning, W. F. Hilton of Colorado will preach on "Things Which Make for Character and Destiny;" evening, "Through the Land of Palestine with Stereopticon."

Angelus Mesa Congregational Church, Dr. N. L. Rossell; morning, "Some Glimpses of the Poor in the Bible;" evening, "Orange or Cowardice?" Rev. Lee Langston Gaines will preach on "The Unlikeness of Christian Character;" evening, "The Uniqueness of Christian Character."

Central Baptist Church, Dr. C. F. Winbigler; morning, "Two Great Factors in the Christian's Life;" evening, "Temptation and How to Overcome It."

First Universalist Church Rev. T. W. Horsfield; morning, "The Demand for Proof;" evening, "The Twentieth Century View of God."

St. John's Episcopal Church, Dr. George Davidson, rector; morning, sermon by Rev. Nassau S. Stephens; evening, sermon by Rev. Stanley Boggess.

Dr. Frank L. Riley will speak on "Theosophy and Social Problems" at Kinross Institute tomorrow afternoon.

Warns Auto Row of Raids Today on Bad Parking.

Today will be marked by the beginning of arrests for head-on parking by motorists in the auto row section of the city.

A warning was issued late yesterday by the Automobile Club of Southern California to all motorists who have been parking their cars at right angles to the curb in that section bounded by Pico and Seventh streets, and Main street and Western avenue, that arrests will begin today.

Central Police Station has already made a number of arrests for this evasion of the ordinance, but a wholesale raid on "Automobile Row" will be made today and next week.

The ordinance states that all autos must be parked with the two right-hand wheels within a foot of the curb, except in the hill district of the city near Fourth and Grand avenues.

Husband Heaves Butter at Wall; Wife in Swoon.

With the price of butter high, James E. Abbott had been eating oleo, testified his wife, Zelmer I. Abbott yesterday in Judge Stephens's court, during trial of her suit for divorce. One day she bought butter, while the price was down, and her husband, coming home, accused her of extravagance, she said. She testified he threw it against the wall.

Mrs. Abbott fainted. On her recovery she filed suit for divorce. Mr. Abbott became despondent over the situation and took poison. He was saved by the use of a stomach pump. Then he filed an answer to his wife's complaint.

Husband and wife, both declared the other swore viciously, but each denied swearing at the other. The court remarked that the manner of

Go To Church Sunday

PRESBYTERIAN.

CHURCH ATTENDANCE

Will greatly increase your happiness and usefulness. Try it and see. The following Presbyterian and United Presbyterian churches heartily extend to you an invitation to worship with them tomorrow:

Fires Barn and Battles Flames to Pose as Hero?

Efforts to make himself appear as a hero before Mr. and Mrs. J. C. Mason, the parents of the girl he loved, led Johnnie Coates into the jail at Pomona on a charge of stealing an automobile tire. The additional charge of incendiarism may be placed against him, according to word received from Pomona.

The police of Pomona declare that the boy set the Mason barn on fire, and then attempted to put the flames out, hoping thus to prove himself a hero. The boy was arrested yesterday for stealing an automobile tire, and the police state that he confessed to setting the barn on fire.

DEATH TAKES NOTED IRRIGATION EXPERT.

W. E. PEDLEY OF RIVERSIDE, ENGINEER AND SPORTSMAN, VICTIM OF POISONING.

Southern California lost one of its foremost irrigation engineers in the death at Good Samaritan Hospital in this city yesterday morning of W. E. Pedley of Riverside, well-known irrigationist, horticulturist and polo enthusiast. His death is believed to have been caused by an attack of ptomaine poisoning.

Mr. Pedley came to Riverside from England a quarter of a century ago. During his residence in California he was interested in a number of large projects. As an engineer for British interests, he developed the old Temescal tin mine near Corona, and later was engineer for water projects in the San Bernardino Mountains. His last important work was that of bringing water from the White Water River to the mesa lands above Banning.

Associated with others in the ownership of Lake Elsinore, he was greatly interested in its irrigation possibilities and was credited with the inauguration of the system of spreading storm waters on the debris cone of the Santa Ana River, thereby raising the water plane.

For a number of years he was in the service of the British government in India, where he had charge of several large irrigation projects and won distinction as an engineer.

He was an ardent lover of sports, being for many years a member of the Riverside polo team.

He leaves a widow and three sons. A brother, F. X. Pedley, left New York for England only yesterday, not knowing of his brother's illness.

EXPERIMENTER DRAWS A FINE.

Whisky-Maker Tells Court in Burst of Confidence Where to Get a Drink.

Bernard Johnson, who asserted that he was making whisky for experimental purposes, was fined $250 by U. S. Dist. Judge Bledsoe yesterday and given thirty days to pay the money, on his plea of guilty of violating the Volstead Act.

Elton C. Metlin of Seal Beach was found with a still in his possession and two gallons of brandy that he admitted he had manufactured. Following his plea of guilty he was fined $250 and given ninety days to pay the money. His wife, who was in the courtroom, stated that she would see that the money was paid. Metlin in a burst of confidence informed the court that there is all sorts of moonshine stuff to be secured at Seal Beach.

Francisco Medina, who was caught bringing six one-half pints of whisky across the Mexican border line, was fined $500. He was unable to make any financial arrangements for the satisfaction of the judgment and was sent back to the County Jail.

Actress Steps in as Screen Two Would Mediate.

Following a conference of opposing attorneys in the divorce suit of Mrs. Edythe Osborne against her husband, Leon T. Osborne, it was announced yesterday in Judge Stephens's court that some questions in the case might be settled out of court. In view of this the case was continued until Monday. The couple are parents of Marie Osborne, 8-year-old film star, whose custody the mother seeks.

As the result of surprise testimony given by two Long Beach police officers relative to the reported discovery of Mr. Osborne and Miss Edythe Sterling, a motion-picture actress, in a Long Beach hotel, J. E. Kelby yesterday appeared as attorney to represent Miss Sterling at the trial.

Wife is Working; Now Did Husband Fail to Provide?

Letters which began "smookums" and "honey boy" and wound up with "nighty, nighty, sleep tight," all signed "J." were introduced in evidence yesterday at the trial of the divorce suit brought by Mrs. Charlotte E. Richardson against Clarence E. Richardson.

The plaintiff testified in Judge Crail's court that her husband got her a job, but never contributed to her support. This raised the question whether a husband could be legally charged with failure to provide when his wife is working, and the case was taken under submission for authorities on the doubtful point. The case will be resumed on July 22.

FILM COMPANY SUED.

Charging that the Katherine MacDonald Pictures Corporation contracted with the Del Monte Properties Company, owners of Hotel Del Monte and Del Monte Lodge, for board and lodging for a large number of persons in the company and failed to pay, the latter organization yesterday filed suit in the Superior Court for $1464.61.

ON THE LINKS.

Both Harding and Cox are warm admirers of the game of golf and are frequently on the links. If they had their way they might be playing eighteen holes for the White House stakes.

THE LAST DITCH.

Senator Reed was given a welcome home by Kansas City Democrats after having been denied admittance to the San Francisco convention. In his speech he denounced the peace covenant as the League of Treason and the Covenant of Death. As a bitter-ender, Senator Reed has wormwood selling as a substitute for sugar.

THE RAGGED EDGE.

Although the Nonpartisan League bitterly opposed the measure, the bill outlawing the red flag appears to have been carried in the North Dakota referendum. Apparently North Dakota wishes to stay in the Union, and yet half the time she behaves as if she would rather not. That's what the Nonpartisan League does to people who might just as easily be sensible all the time.

WHO'S WHO?

The California delegates who went to the Republican and Democratic conventions were both wearing blinders and earmuffs when the band wagon passed. The Democrats of California in the San Francisco convention voted against any recognition of California light wines and only a handful of them were for Cox—even on the last ballot. Did they represent the Democracy of their State?

SPENDING MONEY.

The Senate investigating committee has discovered that money was spent in Presidential primaries back in 1912. Missouri was getting some of it then as well as now. It might also be said that they were spending time and money on Congressional investigating committees in 1900. It is always politics to have politicians investigate the politics of other politicians. And they have been spending money at it ever since the game was invented.

LOUD SILENCES.

Bryan is now reported as being silent as regards the Democratic nominees. If Bryan would have his picture taken in the act of being silent it would arouse fresh interest in the Commoner. A Bryan silence would be mistaken for a thunderstorm in Arizona. Maybe Bryan will be making speeches for Cox in the deaf mute language before long. At that, he is liable to develop a sore thumb and have to quit before the campaign is over. It is a safe bet that Bryan will make no orations for Cox in Cincinnati.

VOTES FOR WOMEN.

A Los Angeles woman, who has begged the Tennessee Legislature not to ratify the equal-suffrage amendment, says that there has been an alarming increase of immorality, divorce and murder in California since the women were given the vote. We had never thought of that. We might have blamed crime on the fog or the high price of gasoline, but not on votes for women. It may be that when a woman has a vote she also wants a divorce, but we never suspected it. Neither had we thought that a course in murder and mayhem was a part of training for the election booth. Hereafter if anything goes wrong in our beloved State we can blame it on the lady suffrage.

THE UNSATISFIED.

The Prohibition party is still with us. The national convention of the organization will be held at Lincoln, Neb., July 21, and the party seriously contemplates keeping up its record by putting a Presidential ticket in the field. The leaders are not satisfied with the work of either of the great parties. The Democratic convention behaved like a bartender and the Republican one like a bootlegger—according to the prohibition way of thinking. It is hard to satisfy a confirmed prohibitionist. They are apt to start a crusade against the grasshopper on account of the kick he has in him. But if the prohibitionists are to meet in Lincoln they might try some of the home brewing and nominate Bryan. He is a good prohibitionist from the throat up.

HER LEGACY.

A Connecticut girl who carried her money in her stocking, after the manner of her sex, must now have her leg amputated because some naughty germs concealed in a worn ten-spot got into her system and started a case of blood poisoning. If this story spreads it is likely to break up the simple banking operations of a good many women. In self-defense they may put the currency germ to circulating in Broadway instead of the saphenous vein. Here was a girl who scratched herself with a garter buckle—or something—and now must lose a leg. And all because a wad of measly ten-dollar bills were in her stocking for safe-keeping. This is a knock on one of our surest banking institutions. We may have to either fumigate our currency or our girls. If the currency germ gets into a woman's veins it is all off with her. She is just as liable to lose her head as her leg. In this particular case the surgeon will see that the girl loses her money as well as her leg. There's no danger in the doctor sawing off the wrong leg.

RUSSIAN TRADE MOVE.

America continues to be a conundrum to Europe. Over there they can't even yet make out why, after President Wilson went to Paris seemingly with all the powers of a plenipotentiary, the peace treaty which he signed is still unratified. And now comes the sudden, one might almost say dramatic, announcement from Washington of the lifting of restrictions in trade with Russia. While the Allies are still talking about it, America acts. Though it is expressly stated that no recognition of the soviet government is implied, this official action by the United States will be joyfully welcomed by the Bolshevist chiefs. The Lenine and Trotzky emissaries who recently visited the British Premier to discuss the reopening of trade are known to be more urgently desirous of renewing commercial intercourse with the United States than with European countries. This, as the Associated Press correspondent in London recently pointed out, is because of American ability to supply more quickly and in greater volume locomotives, rolling stock, agricultural implements and other materials for which there is pressing need in Russia. The Russians undoubtedly will figure that where America leads the Allies will follow. The British Cabinet has been divided on the question of resuming trade relations with Russia. Premier Lloyd George is understood to favor it, but some of his colleagues are on the side of those who declare that Great Britain should have nothing to do with the assassins and butchers now in power at Moscow. The decision of the United States, "made without any agreement for similar action by the various Allied countries," is bound to have an important effect on the British negotiations with the Russian Bolshevist Minister of Trade and Commerce.

TAMMANY AN ISSUE.

One issue of the coming Presidential election that will grow in importance as the campaign progresses is the threatened domination of Tammany Hall over the government of the United States. Gov. Cox owes his nomination to Charley Murphy, the Tammany boss. If Cox should be elected President the United States would have for the first time in its history a political ruler who was not a member of the government and who would yet be in a position to dictate both to the President and to Congress. It requires vast credulity to believe that the American people would voluntarily submit to such dictation.

Cast your mind back over the history of the Democratic party and you will recall that Tilden owed his nomination for President to his warfare against Tammany Hall. Cleveland became Governor of New York and twice President of the United States by reason of his unflinching opposition to Tammany. Bryan marched thrice to the nomination over the prostrate body of the Tammany tiger. Wilson owed his nomination in 1912 to the fact that Tammany was backing Clark.

During the San Francisco convention three bands were in attendance. They played probably a hundred different airs during the early days of the convention and while the balloting was on. When Gov. Smith was nominated the band played "The Sidewalks of New York;" but the old martial air of the tiger, "Tammany," was never played. That tune was taboo. But three minutes after Cox had received the nomination the three bands in the convention hall struck up in unison "Tammany." It came like a cry of victory from the Cox forces.

"Tammany" will not be played during the campaign. All Cox bands will be warned. But, if Cox should win, the Tammany band will lead the procession at his inaugural. For sixty years the Democrats themselves have refused to permit the tiger to get his paws into the Federal treasury. Neither Cleveland nor Wilson owed his nomination or election to Tammany Hall and no Tammany boss ever controlled the patronage of the Federal government.

Representative government would be a farce in this country if the President and Congress were controlled by a Tammany boss. President Wilson's plight is one that deserves sympathy. He is sincere in his desire that the election in November be a "solemn referendum" on the League of Nations. But the President has been betrayed by the politicians of his own party. If that referendum should result in the election of a Democratic President the government would pass under the control of a crooked political ring that the President himself repeatedly denounced and that has been without influence in his administrations.

Repeatedly during the convention The Times expressed the opinion that if the President refused to yield to the best elements of the Democratic party as to the platform the worst elements would be able to dictate the candidates. The President's obstinacy resulted in the nomination of Gov. Cox, just as it prevented a ratification of the peace treaty. The meaning of the Tammany domination is better understood in the East than here, and it explains in part why Harding is now a two-to-one favorite in the betting in New York.

STILL AN OUTSIDER.

The financial congress under the League of Nations will meet in Brussels the last week in this month. Although the United States is more deeply concerned with the finances of Europe than any nation in the world, we cannot even be officially represented at this congress. Nevertheless, the government will request two or three representative citizens and financiers to attend the congress. They will be permitted to sit in and listen to the proceedings, but can take no part in the discussion nor vote on the measure being considered. How long is this farce of being on the outside of everything, when the heart and mind are already within, to be kept up? Are we going to spend three billion dollars to build up the greatest navy in the world or are we going to sit in with other nations and establish a disarmament program?

THE RENAISSANCE.

The regeneration of Mexico may be accomplished. It is now reported that some of the Mexican statesmen are highly indignant at a few of the signs that have been put up by American prohibitionists near the Mexican border. These signs read: "To Mexico—the road to Hell." The Mexicans declare that they are not raising hell any more and if hell can be made out of a bottle of beer it is Americans who are making it. They do not care to be held responsible for the creation and conduct of an American Hades.

CALIFORNIA MISUNDERSTOOD.

Between the Japanese situation as it is viewed in the Eastern States and as it has actually developed in California is a great gulf of misconception, apathy and indifference. That gulf, in justice to the Pacific Coast States and for the good of America as a whole, must be spanned with the bridge of facts.

For, unless the Federal government appreciates just what the Japanese invasion of this Coast threatens to the civilization of the West and provides a remedy, California in self-defense may take such action as will force the international issue that Washington has been so studiously avoiding.

To preserve a home life for his children that shall be Christian and American and in harmony with his traditions the California citizen will even risk the interchange of unpleasant notes between Washington and Tokio. The unpleasantness, he knows, will blow over. But an unchecked Japanese invasion will color this Coast for all future generations. California will not sit meekly with folded hands and watch its hard-won heritage being slowly Hawaiianized.

From the complacent fashion, however, in which eastern commentators treat California's demands for relief it is evident that they totally fail to gauge the determination of its people to keep their Coast from being swamped by the wash from the Japanese gulf stream.

Even so close and logical a reasoner as Henry W. Taft (the ex-President's brother) fails utterly to grasp the significance of California's fight. He can see only the risk of friction with Japan. Yet why the same Japan that accepted without a murmur the total exclusion of her colonizers from Australia and New Zealand—and still hugged to her bosom a British alliance—must be handled with kid gloves in demanding far less rigorous measures for California and the Pacific Coast is one of those mysteries that only an international diplomat can explain.

In discussing the California problem in the New York Times Mr. Taft enlarges on the impressions received by Mr. Vanderlip and a select company of tourists during a swift and abbreviated visit to the capital of Japan. He evidently imagines the best place to investigate California's grievances is among those interested in adding to them. Would he have had the United States in 1916 send a deputation to Berlin to get light on the real conditions in Belgium? That would have been a parallel proceeding.

The impressions made on the Vanderlip party he hashes up for the sustenance of the people on the Atlantic Coast. Thus he says:

> The Japanese feel that they have not only been treated as inferior to Americans, but to other people less advanced than they who are permitted to enter the United States without restriction. We found a considerable amount of irritation on account of the manner in which California has been recently dealing with the land question in its efforts to keep Japanese residents from acquiring California agricultural lands. The complaint of Japan is that a single State of the United States, with much acerbity, is discriminating against the nationals of Japan alone, and that they are doing it where it affects the rights of minor children who are by birth Americans. . . .

That is the very point where California joins issue with Mr. Henry W. Taft. Under the "gentleman's agreement" and the picture-bride campaign far too many Japanese in this State are being turned into "Americans by birth"—who can never become Americans in thought or customs or standards of living—and they are monopolizing our most fertile lands because their ideals are those no American will adopt—and through their American citizenship gained via the picture-bride route they threaten in a few generations to swamp the white American voters in the State.

In the last ten years the Japanese have more than doubled in numbers in this State, while in the same period the Chinese have decreased to less than half. Such is the working difference between the Chinese Exclusion Act and the "gentleman's agreement" with Japan.

In a carefully restrained and calmly reasoned letter Gov. Stephens has presented California's case to the Secretary of State. This presentation is backed by facts and figures; it is not the result of a few impressions gained by a party of tourists in Tokio after a few prearranged interviews with Japanese officials.

Would Mr. H. W. Taft and other Japanese apologists like to have their children trained in a public school where there are twelve Japanese picture-bride children to one white American? Would they wish their children to be raised in communities where Japanese are subsidizing private schools in order that these new yellow American citizens shall not forget their oriental origin? Would they be contented to see the time approaching when the political administration of their home State will pass into the hands of those who can never be anything else but Asiatic and oriental?

If they lived in a State where the value of produce raised by aliens of an unassimilable race increased in seven years from six to sixty million dollars and where the whole vegetable and berry industry had passed into a fist-tight oriental trust, would Taft, Vanderlip & Co. consider they were acting as 100-per-cent Americans in allowing this colonizing process to continue unchecked?

All that California asks of the Eastern States is a fair hearing of the facts, gathered in California itself and not imported from Japan.

Californians have no prejudice against the brown man for his color. We are willing to acknowledge his race consciousness, his pride in achievement, his industry, his efficiency, his right to national recognition.

But his ways are not our ways, his standards are not our standards, his traditions are not our traditions.

Socially, biologically, economically, religiously we can never assimilate him. We are bound to protect our own. We do not propose to compete with him by allowing our wives and children to grub around in cabbage patches on their hands and knees from 5 o'clock in the morning till 9 at night.

If Mr. H. W. Taft were to have his way California would have a Japanese Governor within the next generation, and the whites would be a subordinate race in this State in wealth, land-control and influence. This is not a case of brain fever. Things need only go on at the same rate as they are going now to bring about such calamitous conditions. The grist is grinding. Stop the mill!

THE MIGHTY SMITHS.

The Smith, a mighty man is he. There were enough American Smiths in the World War to make more than a division of the army. Many of them lost their lives, but there are plenty left to keep the family going for the next thousand years. In Ohio—the State of political wonders—the Smith crowd is furnishing one of them this season. When the Republican convention meets next month to nominate a candidate for Secretary of State, the delegates will have to decide between three H. C. Smiths. The incumbent is Harry C. Smith and he is seeking a renomination, but he is opposed by Harvey C. Smith and Harold C. Smith—with Henry Clay Smith to hear from. Most of the delegates have promised to vote for H. C. Smith and they will keep their word, but which one of them will have to be determined later by the tellers if they have further means of identification. Cheers for the Smiths—especially the H. C. Smiths.

About all that Bryan gets out of it is another collection of scars. When that man takes a bath his pelt must look like a picture of the canal system on Mars. He is both scarred by the battle and scared by the bottle.

RIPPLING RHYMES.

OVERANXIOUS.

The man who is too keen to sell
Such goods as he may have displayed is headed wrong, and he may
well drive from his door the choicest trade. In San Diego, storied
town, I sought a barber, wearylimbed, and in his chair I sat me
down to have my priceless whiskers
trimmed. And as he wrought he
spieled away; of tonics for the hair
he told, and they would change my
ringlets gray into the finest shade
of gold. And he had dyes of every
hue, made up from barks and herbs
and fruit, and he could stain my
sideboards blue, so all the girls
would think me cute. And he had
perfumes of the rose and hyacinths
that died the death, and he had stuff
to bleach my nose and change the
color of my breath. He had strange
dope in wicker quarts and salves
and lotions by the peck, he could
eliminate my warts and take the
ringbone off my neck. He told me
that my scalp was soiled and needed treatment such as his; he talked
until my blue blood boiled, so all
the town could hear it sizz. And,
gentle reader, never more, though
whiskers grow an inch a day, shall
I, within that barber's door, have
my alfalfa shorn away.

WALT MASON.

WARREN G. HARDING.

The Bigness of the Man.

Senator Warren G. Harding is unquestionably one of the biggest men in the political arena today. Especially to those whose acquaintance with the next President of the United States dates back to the time when he plodded along the unbeaten highway leading to the shrine of self-made men. Even those whose acquaintance bears a more recent dating take the same philosophical view.

Mr. Harding is big in every way, outside and inside, as you will—even physically. He is the type that meets the big man of affairs on an equal footing; meets the working man on an equal footing. He is big enough to ignore station and see the man.

Viewed amid the environments of conventionalities, he stands forth a big and imposing figure. Viewed in the composing-room of his newspaper plant, with sleeves rolled up, hustling alongside the men to get the forms on the press, lest an inconsiderate railroad company ignore the daily edition, his bigness is just as strongly exemplified. He is a worker among workers. A friend or an advertiser, dropping in, knows the boss. Yet a stranger, while suspecting, might hesitate at the threshold.

For over a quarter of a century the bigness of Mr. Harding has been recognized in his own community. He lent a willing hand, gave time and subscribed as liberally as his finances would permit, to any worthy enterprise.

One of the best instances verifying his bigness and broad-mindedness is a business policy he was one of the first to adopt in his own affairs, namely, the incorporation of the Marion Star into the Harding Publishing Company, with his employees owning stock and sharing in the profits. Results: Labor troubles are unknown in the institution; many of the employees of a quarter century back are still on duty.

In addition to the capable management of his personal affairs, assisting in community enterprises and lecturing on the Chautauqua circuit, Mr. Harding still found time to deliver the piece de resistance at any Republican gathering.

The story of the climb of Warren G. Harding presents many features in common with others of the self-made type. His bigness enabled him to smile in the face of adversity. Determination and broad-mindedness presented a way to overcome seeming impossible barriers.

Viewed as a friend, an employer, a statesman—the bigness of the man remains indelibly pictured in the foreground.

ROLL ONWARD, O TIME.

Roll onward, O time! may thy passing
But hasten that glorious day
When the curtains of mist shall be parted
To show me the heavenly way.
Let me travel with feet that are flying,
The beautiful vista of years;
Let me pause and water the gardens
Of sorrow with sympathy's tears.

Nay, turn thou not back on thy axis,
Oh, time, in thy orbitless flight;
But fold in thy mantle of wisdom
My soul as I slumber tonight;
Let the years that may come at thy bidding
So kindly pass over my head
That at last when I come to their closing
They scarcely will know I am dead.

Then my barque shall slip out from its mooring
So gently I scarcely can hear
The soft lapping waves of the water
As the last fateful journey I steer.
Though the Styx shall be dark and the billows
Roll high in the tempest's wild roar;
The lighthouse of fate will be sending
Its beckoning light from the shore.

My hand will be firm on the tiller,
My chart and my compass be sure;
My barque 'midst the swirl of the waters
Shall hold to its course and endure;
'Till safe in the harbor at evening,
By soft, fragrant zephyrs caressed,
The waves and the tempest forgotten,
My world-weary spirit shall rest.

MAUDE E. WOMERSLEY.

A CUBIST DIFFICULTY.

Blasco Ibanez, the Spanish novelist, was talking in New York about the cubists.

"I know a cubist in Madrid," he said, "who paints portraits that look like eggs, chains, bottles, rocks—anything but the models they are painted from.

"I dropped in on this cubist in his studio one morning and found him examining with low, troubled oaths some twenty or thirty of his masterpieces.

"'What's the matter, old man,' I said.

"'The matter is,' said he, 'that Don Mucho Dinero, the oil profiteer, has just sent around for his portrais and to save my life I can't remember which it is.'"—[Detroit Free Press.

THE WAITER SUGGESTS.

George A. Lewis is in with the first campaign story. Although it is a "rehash" on the old "cold cocoa" tale, here goes:

Harding and Coolidge sat down to dine. Coolidge ordered beans and Harding the same. After the banquet was served Gamaliel (Harding) called the waiter.

"Our beans are cold," snorted Gamaliel.

"Sorry, sir," replied the waiter. "Why not put on your hats?"—[New York Evening World.

He Ought to Know Better.

There is no use trying to joke with a woman. The other day Jones heard a pretty good conundrum and decided to try it on his wife.

"Do you know why I am like a mule?" he asked her when he went home.

"No," she replied promptly. "I know you are, but I don't know why you are."—[Boston Transcript.

FAT PROFITS IN CITY'S GARBAGE.

Reduction Company Books Show Size of Dividends.

Money Made Every Year Except One, Says Report.

City Auditor Finds Large Sum Out as Depreciation.

The Pacific Reduction Company has made total profits during the past five years from handling city garbage of $73,153.80, of which $36,633.45 was paid out in dividends, according to figures contained in financial statements filed yesterday with the City Auditor by General Manager H. J. Murphy. The company is seeking a renewal now for five years of its contract with the city whereby it pays 51 cents a ton for all garbage delivered at the plant. On motion of Councilman Wheeler, the Council passed a resolution asking the company to present its books for examination to show the profits it has made out of the sale of grease, fertilizer and other products manufactured from the garbage.

Preliminary examination of the figures by Chief Accountant Francis Marshall of the City Auditor's office showed that the company had made profits of $17,481.36 in 1916; a loss of $9020.42 in 1917; a profit of $17,337.72 in 1918; a profit of $28,456.22 in 1919, in addition to paying dividends each year averaging $5500, these dividends being charged to operating expenses, according to Mr. Marshall.

The garbage disposal plant was, according to the figures submitted, valued at $263,295.93 on Jan. 1, 1914, and is now valued at $274,558.99. The managers of the company say that if their contract is renewed they will make improvements valued at $100,000 to handle the increased garbage incident to the growth of the city.

Chief Accountant Marshall pointed out that the company's reports show that in 1916, $29,715.75 had been charged off to depreciation, $107,978.10 charged off in 1917; $108,647.92 in 1918, and $108,978.39 in 1919, the chief items being for depreciation in value of contracts and franchises.

The value of the company's contracts and franchises on Jan. 1, 1920, was given as $489,513.

Bakers Ask Aid; "Gas" Shortage Slows Delivery.

The shortage in the supply of gasoline has hit the bakers and is delaying their deliveries of bread, according to a communication filed yesterday with the Board of Public Utilities by the Southern California Wholesale Bakers' Association, who asked for relief. Chief Engineer Osborne of the board conferred with City Attorney Burnell, who stated that gasoline is not a public utility and that the board has no power to give orders to the distributors of oil and gasoline as to the sale of their product. The Board of Public Utilities, however, yesterday heeded the complaint of the bakers by directing that letters be sent to distributors of gasoline, asking them to place on a preferred list distributors of bread and other perishable food products such as milk, fruit, etc., so that preference shall be given them at filling stations.

MAYOR ASKS QUIZ ON GAMBLING CHARGES.

SUMMONS JURY OFFICERS AND POLICE CHIEF; WANTS FACTS MADE PUBLIC.

Mayor Snyder yesterday afternoon conferred at his office with Foreman James Irving and Secretary George Rice, Jr., of the grand jury and Chief of Police Home relative to published charges that the laws concerning gambling and vice are being openly violated in Los Angeles, and the Mayor handed to the grand jury officials a communication asking that body to thoroughly investigate the charges.

The Mayor declined to make known the contents of his letter, but it is believed that he asked the grand jury to summon before it the writers of newspaper articles which have appeared and compel them to prove their charges and if they make good or fail, to make public the findings.

"The grand jury will meet next Wednesday," said the Mayor, "and I am confident it will make a complete investigation of these charges. I have no favorites to protect. If the charges are true, let the ax swing and the chips fall where they may. Everyone knows that I want the law enforced, that I want a clean city.

"There is absolutely no friction between the Mayor's office and the District Attorney, and no slight was intended by my taking the method, as I have done in the past, of going direct to the grand jury and inviting its officers to come to my office where I asked them to make an investigation. There is no friction or split between Chief Home and myself, and I today asked the Civil Service Commission to renew his leave of absence as captain of detectives for one year in order that he can retain his rating while continuing as Chief of Police."

Chief Home was appointed on July 7, 1919, and his term does not expire until July 7, 1923. By action of the Civil Service Commission he can retain his rating as captain as John Butler did while he was Chief of Police.

COUNCIL OPPOSED TO SPEEDING CITY CARS.

The City Council yesterday went on record as strongly opposed to automobile speeding by drivers of municipally-owned cars, and directed the City Attorney to prepare an ordinance which will provide that reckless driving by city chauffeurs will be cause for their dismissal. The Finance Committee of the Council will make an investigation to see if it is possible to financially assist Joseph Bertin, father of 7-year-old Mary Bertin, who was killed on the 2nd inst by a city-owned automobile driven by William C. Boston.

TIN STAR AND POLICE GRAFT.

Plain Citizen Charged With "Fining" Motorists Who Forgot Tail Lights.

Walter Bennett Adams, accused of having, without authority, collected money from automobile drivers for failure to have the tail lights of their cars burning, was arraigned yesterday in justice court on a charge of extortion. He will have a hearing next Thursday before Justice Bowser.

It is charged that he accepted a check for $2 from J. C. Butters of Inglewood and signed a receipt with the name "W. J. Bennett." Adams wore a tin star to make motorists think he was an officer, it is asserted.

POLITICS.

THE WATCHMAN.

TREND OF POLITICAL THOUGHT AND ACTION.

By the Sentry on His Beat.

Republican clubs in the Ninth Congress District have called a conference in Pasadena for next Wednesday, to decide which of several Republican candidates shall receive the party indorsement in the coming contest to beat Charles H. Randall. A general invitation to attend this conference was sent out yesterday to all the candidates to present their claims, the object being to determine upon the strongest candidate and give him united party support. All the candidates, I am told, with the exception of J. W. Reagan of Long Beach, have agreed to attend this meeting. It is hoped that Mr. Reagan will also be present.

The leaders of this conference, which grows out of similar meetings held recently in Pomona and Long Beach, realized that to split the Republican vote in the Ninth District will jeopardize the chances of all the Republican candidates entering the primary and make the way easier for Randall, whose defeat at the last election would have been assured, had the Republicans centered on a single candidate.

Samuel M. Shortridge, candidate for the Republican nomination for United States Senator, has the indorsement of the Republican County Central Committee of San Francisco, according to a statement yesterday by his local campaign managers. This indorsement is associated with the names of Harding, Coolidge, Kahn and Nolan.

Judge Frank Finlayson, candidate for presiding judge of the Appellate Court, is the first of the jurists to get in his nominating petition. It went on file yesterday with the County Registrar of Voters. Judge Finlayson is the incumbent.

Nominating petitions were filed yesterday by the following candidates for the Assembly: Leonard O. Hall, Sixty-fourth District; Sidney T. Graves, Sixty-third District; Frank G. Falloon, Seventy-second District, and Henry W. Wright, Sixty-ninth District. Hall, a former army lieutenant, is associated with Joe Crail's law office, and has a considerable following in his district. Harry Lyons, a former Assemblyman, is a candidate in the same district. It happens that the Lodging-house Association is strong in this district, and Lyons is counting on it to pull him through.

Frank Falloon is a young attorney and was a captain in the Three Hundred and Twenty-second California Field Signal Battalion. He has lived in the district for twelve years and is certified as a Republican. He will be opposed by a former Socialist and a labor union candidate, I am told. The district, however, is strongly Republican. Henry Wright of Pasadena was Speaker of the last Assembly and played close to the Forty Fats, who would like to see him back on the job. Sid Graves, incumbent in the Sixty-third District, will probably have strong opposition from Mrs. J. T. Anderson, popular community service worker, and G. G. Greenwood, Pasadena banker, who are tentatively in the race.

Republicans of Orange county assembled last night at a dinner at Santa Ana in honor of A. J. Wallace, candidate for the nomination for United States Senator in opposition to Samuel M. Shortridge and William Kent. The gathering was in charge of Lew Wallace, a Newport banker and a nephew of the former Lieutenant-Governor.

Paul F. Collins, a former army sergeant, yesterday announced himself a candidate for the State Senate from the Thirty-seventh District. This is Collins's first appearance in the political arena.

THE WATCHMAN.

STUDIO WINS FIGHT.

Council Grants Permission to Cinema Company to Build.

After a long fight, the Cosmosart Picture Corporation was given permission by the City Council yesterday to build a cinema studio at First and Virgil streets. The vote was eight in favor to Councilman Conaway's negative vote. Mr. Conaway stated that he wished to be recorded as standing with the Board of Education, which had asked that on account of the proximity of schools to the proposed studio that the required permission be not granted.

Y.W. DIRECTORS FAIL TO CHOOSE NEW HOME.

Officers and directors of the Y.W.C.A., in a meeting yesterday afternoon, failed to arrive at any decision regarding the future home of the association, although several propositions were considered. The matter will be taken up again next Wednesday.

Miss Rose Smith, president of the association, states that the organization is considering the matter of renting a hotel for a temporary home. The downtown restroom for young business women will remain on the second floor of the Brack-Shops, it is understood.

BATHTUB DEATH STILL MYSTERY.

Angeleno is Certain Spokane Woman Not His Mother.

"Down and Out" Wire is Clue for Northern Police.

Son Cannot Imagine Where His Parents Have Gone.

The mystery surrounding the finding of a nude body of a woman in an empty bathtub in a Spokane hotel centered yesterday about George O. Brock of this city, located here through telegrams sent by him to Washington, and believed by the Spokane authorities to be a relative of the dead woman. Mr. Brock, however, was unable to identify the dead woman from the description furnished.

The body, according to Spokane dispatches, was found at the Holliday Hotel. It had been dead for hours. Hotel records showed a woman registered there Monday afternoon as Mrs. H. Broch, Sumner, Wash. A Coroner's autopsy showed the woman evidently died from natural causes, but all efforts to establish her identity, either in Sumner or Spokane, failed.

Yesterday morning a telegram received at Dishman, Wash., a suburb of Tacoma, addressed to Mrs. H. Broch, and signed George Broch, Astoria Hotel, Los Angeles, gave the Washington authorities the first clew which seemed to indicate that the Mrs. Broch registered at the Holliday Hotel was a relative of the Los Angeles man. The telegram read: "Your letter of July 3 received. Am down and out. Have no money to come on. Isham is the same. Will cost $100 to get there. Let me know what to do at once."

According to Spokane dispatches, Mrs. Broch is not known at Dishman. The body found in the bathtub was described as that of a woman 40 years old, five feet one inch tall, weight 120 pounds. The only possessions found in the room were in a suit case containing clothes, none of which were marked.

"I do not believe that is the body of my mother," Brock told a Times reporter yesterday. "My mother is 53 years old, weighs less than 120 pounds, and has dark, instead of light hair. The dental work in her mouth can easily be identified. I always sent my telegrams to Dishman, which is the telegraph office nearest Green Acres, where my mother and father have a home. I had a letter from her dated June 28. The most mysterious thing of all is what became of my father, H. S. Brock. He should have received my telegram, or should have been able to identify the body found in the bathtub, if it was that of my mother."

Brock says his father is about 66 years old. The Brocks have considerable property in Montana, but for the past year have been living in Washington. An effort to help the Spokane authorities clear up the case by making positive identification of the body was made by The Times last night when a complete description of Mrs. Brock and other information given by George Brock was wired to Spokane.

Page Mr. Bryan! Rivers of Wine Back of Lawsuit.

Evidence was plentiful yesterday in Judge Shenk's court that there is still a goodly supply of wine in the neighborhood of Los Angeles. The injunction suit brought by the McAvoy Company of Chicago against the Italian-American Vineyard Company, dealing with 192,000 gallons of wine, was tried. The court took the case under advisement and will render a decision today.

The McAvoy Company asserts that it entered into a contract with the California company for the delivery of 16,000 gallons of wine each month, the wet goods to be used for the making of a nonalcoholic beverage, and that the local company failed to live up to the contract. The vineyard company, however, states that the McAvoy Company failed to pay for the first shipment of wet goods.

WOULD BAR ASIATICS.

Senatorial Candidate Wants Ports Closed While There's Time.

Strong opposition to the entry of Asiatics into California was declared yesterday by Samuel M. Shortridge, candidate for the Republican nomination for United States Senator, speaking at the Rotary Club luncheon. Mr. Shortridge asserted that he "would close the gates of Los Angeles Harbor to Asiatics just as he would the gates of Ellis Island to Bolsheviats and other undesirables."

"Our California should be preserved for her own citizens," he said. "Let us close the door of Los Angeles Harbor to Japanese and other Asiatics. Let us awake and close our harbors and ports of entry to the Yellow Peril ere it is too late. Now it is time for us to realise what is facing us."

GETS JUVENILE HALL TERM AS PUNISHMENT.

Fred Perez of Pomona was sent to Juvenile Hall yesterday charged with contributing to the delinquency of Frances Reeves, a 15-year-old girl resident at the Sherman Indian School at Riverside. Barton Hoff was also held on a charge of contributing to the delinquency of Eva Baugh, also an Indian and a ward of the school.

GOV. BROUGH COMING; WILL VISIT MOTHER.

Charles Hill Brough, Governor of Arkansas, who attended the Democratic convention at San Francisco, will arrive here tomorrow en route home. He will stay in Los Angeles two days and will visit his mother, Mrs. Cora Brough, 1134 Sanborn avenue. Gov. Brough has been speaking in the north for the Jewish relief fund. He was among those mentioned for the Vice-Presidency.

FLASHES.

MORE INDIAN FILMS.

NATIVE LORE TO BE PRESENTED ON CELLULOID.

BY GRACE KINGSLEY.

Native American Indian lore is to be preserved in film form, according to plans of a company organizing here to make a number of Indian features, as announced yesterday by the representative of R. E. Banks of Lawton, Okla., who is one of the principal backers and financiers of the company. The concern has not yet been named, but articles of incorporation are to be taken out within a day or two. John T. Powers of this city is to be president of the new concern. Robert Nordertmyles has been engaged as director. This is the second company which has recently been organized with the object of making Indian films.

The plan of the new organization is to produce about four pictures a year. Some of these are to be made entirely by Carlisle Indians. The first story is by a well-known American author, whose name is to be announced later. In these stories will be preserved the history, legends and customs of various tribes of Indians, so that they promise to be of invaluable historical worth.

Work on the filming of the first picture, to be made in Oklahoma, is scheduled to begin the 19th inst. Two thousand Indians are to take part, and some eight hundred horses will be used in the spectacular scenes. Later other pictures will be made in the West, as the company is to secure a studio here. At present a plant is being built in Oklahoma, though most of the scenes will naturally be exteriors.

A research department is to be formed to have all details of the productions in conformity with history and tradition.

Sol Lesser to Step Out

Sol Lesser announces he is going to Oakland the 24th inst. to attend the First National celebration to be held the following day. There are to be several big events, including a parade, baseball game, etc.

De Haven Buys Home.

That Carter de Haven and his charming wife, Flora Carter de Haven, intend to settle down with their two youngsters in Southern California to stay became more or less evident yesterday. Mr. De Haven purchased a handsome home at the southeast corner of Vine and Franklin streets, in Hollywood, this being the former Houston residence. De Haven paid $50,000 for the place, and expects to expend some $40,000 more on improvements.

The Houston residence was built by a relative of Sam Houston, founder of the town of Houston, Tex. It was constructed by a Spanish architect and features are handsome pergolas and courts, with a sun parlor, which has forty-nine windows. There is also a large swimming pool.

Mr. De Haven expects to move his family into the new home about August 1, and he will have as neighbors some other well-known picture people including Sessue Hayakawa and Theodore Roberts.

While the venture is not yet ready to be made public, Mr. De Haven admits that he expects to go into the picture producing business, and will make his announcements later. At present he is filming Margaret Mayo's famous comedy, "Twin Beds," out at Haworth studios. This will be released through First National.

A Brief for the Cops.

Out at Charlie Chaplin's studio it is rumored that the peer of comedians is to be given a medal by the police department. In one of his coming releases for First National, Mr. Chaplin has taken the other side of the muchly-abused police argument, and for the first time perhaps in all history since there have been police, that husky fraternity is to be lionized. In fact, it is rumored that Mr. Chaplin has attached a pair of wings to each comedy policeman in the picture.

Eddie Lowe Engaged.

At last Eddie Lowe has quit the fortune-telling business in regard to his professional future, and signed up for pictures. Mr. Lowe has just been engaged to appear as leading man with Katherine MacDonald, in her next feature, "The Second Latchkey," by the Williamsons, according to announcement yesterday. Later, it is rumored, he may become a First National star, but all that is in the air as yet.

Mr. Lowe is remembered here as one of the most popular leading men the Morosco has ever had. He played a long engagement in New York with Maude Fulton's "The Brat."

Hampton Entertains.

Benjamin B. Hampton was the host yesterday afternoon at his Hollywood studio to a distinguished party of celebrities consisting of the Governor of New York, Alfred E. Smith and party, including Charles F. Murphy, Tammany Hall leader. Others were Mrs. Smith, Mrs. Murphy, Alfred E. Smith, Jr., Emily Smith, James A. Foley, Mrs. Foley, Edward Staats Luther of the New York Telegraph, Mrs. Luther, W. H. Humphrey of Albany and Charles W. Berry, Adjutant-General of New York, who was with the Twenty-first Brigade in Flanders.

Niles Welch Busy.

Niles Welch is the latest noted player to appear in Benjamin B. Hampton's productions. He is cast for the romantic lead in the all-star photoplay version of Harry Leon Wilson's famous novel, "The Spenders." Claire Adams plays opposite Welch, and Jack Conway is directing.

Anita Stewart Hostess.

It's not every day you have a chance, if you are a star, to entertain a real live picture censor, and show how really nice some stars are, despite all the things that are said about them. But that's what happened to Anita Stewart yesterday, when Mrs. Maud Murray Miller, national committeewoman for Ohio, and also a member of the Ohio Board of Motion Picture Censors, called on her at the Louis Mayer studios.

Although Mrs. Miller has been on the Ohio board for seven years, and during that time has ruled on thousands of pictures, this was her first visit to a studio. She expressed herself as much interested in the work.

"Edgar" Story Announced.

Fred Miller of the California announces he has just secured the third of Booth Tarkington's famous "Edgar" stories for his house. This will be presented soon with Madge Kennedy's new comedy, "The Truth," by Clyde Fitch.

TRANSFER MAN GAINS 20 POUNDS

Says He never Felt Better in His Life.

Wife Also Restored to Splendid Health by Tanlac.

Both Think There Is No Medicine Like It.

"I owe my recovery from the after-effects of the flu entirely to Tanlac, and by taking it I have not only gained twenty pounds in weight, but never felt better in my life than I do today," recently declared E. K. Childers, the popular agent for the Los Angeles Transfer Co., living at 163 Texas St., Pomona, Cal.

"A bad attack of the flu about eighteen months ago left me in such a weak and rundown condition that I could hardly drag around, and I could not pick up my strength at all. I had no appetite and the very sight of food nauseated me, and I fell off in weight until I was almost a skeleton. My nerves seemed to go all to pieces, and I was in no shape to work at all.

"When my mother, who lives in Kansas City, heard about the plight I was in, she wrote and urged me to try Tanlac. I took her advice and I am mighty glad I did. Before I got through the first bottle I began to feel better, so I just kept right on with it. I soon had such an appetite that I couldn't eat enough to satisfy me, and I enjoyed every mouthful of my food. I steadily put on weight until I had gained twenty pounds and today I am in the pink of condition. I don't know what nerves are now, and I sleep so well at night that I get up in the mornings full of energy.

"When my wife saw what a good effect Tanlac was having on me, she started taking it, too, as she was feeling badly run-down at the time. It did her a world of good, and she now thinks as much of Tanlac as I do. We both think there is no medicine like it, and are constantly recommending it to our friends."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—[Advertisement.

STREET DANCING FOR PASADENA.

Drama League Asks Council to Sanction Amusement.

Crown City Banker May Visit Japanese Sunday-schools.

News of Importance From the Neighboring City.

[LOCAL CORRESPONDENCE.]

PASADENA, July 9.—Street dancing as a municipally endowed summer amusement in Pasadena was recommended to the City Commission today by the Pasadena Drama League.

The proposal was made by a committee from the Drama League which appeared before the Commission. Miss Eleanor Bissell, chairman of the committee, stated the league's belief that there are not sufficient clean amusements in Pasadena for young people.

The league asked that the street lying between Central Park and the Hotel Green be utilized for the dances, that the city provide the music and exercise a moral censorship over the dancing.

Mrs. H. I. Stuart, of the Drama League delegation, said the names of the dancers should be taken and objectionable persons excluded.

The dances are suggested for every Saturday night during the summer. The Commission took the matter under advisement.

JOINS HOTEL COMPANY.

J. B. Coulston, president of the California Hotel Company, which operates the big Pasadena Hotels, today announced the appointment of John H. Pearman, former secretary of the Pasadena Board of Trade, as assistant to the president of the company. Mr. Pearman will begin his new duties at once. He was secretary of the Board of Trade for a number of years, until its recent merger with the Chamber of Commerce and Civic Association.

ORIENT WANTS DR. BAER.

Dr. John Willis Baer, Pasadena banker, former president of Occidental College and former moderator of the Presbyterian Assembly, has been invited to be the guest of the World's Sunday-school convention in Tokio, Japan, October 5 to 14. Dr. Baer said today that business here will prevent him from accepting the invitation.

OUTDOOR THEATER LIGHTED.

The Pasadena Community Players have furnished the city of Pasadena with the $600 needed to buy electric light equipment for the new outdoor theater in Brookside Park. The players' association will hold its annual banquet and reception there July 20 and play "The Merry Wives of Windsor," there later in the month.

EX-NAVAL OFFICER DIES.

Capt. W. G. Cutler, the retired naval officer, living in Pasadena, who was seriously hurt in an auto accident near Bishop, Tuesday, died there early today, according to word received in Pasadena this afternoon. Mrs. Cutler and his daughter were with him when he died. He was hurt when his automobile, in which he was making a lone tour of the State, went off a grade. The body will be brought here Sunday.

Special values in furniture and rugs—ten floors to select from—ideal shopping conditions. Pasadena Furniture Co., Raymond and Holly.—[Advertisement.

On State Markets Plan.

State Senator William E. Brown will speak at the City Club luncheon at noon today on his State markets plan.

NAVAL OFFICER HURT IN MOTOR ACCIDENT.

PARTY NARROWLY ESCAPES AS AUTO IS WRECKED; LONG BEACH NEWS.

[LOCAL CORRESPONDENCE.]

LONG BEACH, July 9.—When an automobile driven by Lieut.-Commander E. E. Curtis, a naval doctor of Mare Island, crashed into the end of a bridge at Gaspur, on the Anaheim Boulevard, this afternoon, two men, two women and a boy narrowly escaped serious injuries. Lieut.-Commander Curtis, who was slightly injured, attended the others after Clifford Neely of the Bryson Apartments, Los Angeles, took them to the Seaside Hospital.

In the party were the doctor's father, Fred S. Curtis, aged 63, of 134 West Fifty-first street, Los Angeles, who suffered a fracture of the nose, lacerations and bruises about the head and hands; his mother, Mrs. Fred S. Curtis, aged 60, who suffered severely from shock and internal injuries; Mark Curtis, aged 6, bruised and shocked, and Mrs. R. Bearwald, aged 54, of Vallejo, who suffered concussion of the brain.

The steering knuckle broke while the party was motoring from Los Angeles to San Pedro. Lieut.-Commander Curtis recently obtained a leave of absence and arrived in Los Angeles yesterday to visit his parents. The accident marred the family's first summer tour of the beaches.

FOR NEW CHARTER.

The City Commissioners today fixed September 2 as the date for election of a board of fifteen freeholders to draft a new charter for Long Beach.

CHANGE NAME OF STREET.

The downtown park fronting Ocean Boulevard between Pacific and Cedar avenues will be known hereafter as Lincoln Park, the City Commission today passing on third reading the ordinance changing the name from Pacific Park. The change was made at the request of the Grand Army Post here. A statue of Lincoln was erected in the park a few years ago, the result of a campaign conducted by the Civil War veterans.

Mrs. Sarah Thomas and her daughter, Miss Carrie Christensen, who were said to have spit on Miss Lilian Kendeign and to have chopped down a chicken pen belonging to Mr. and Mrs. F. M. Scott, were found guilty of disturbing the peace in Justice Brayton's court today by a jury which deliberated forty minutes. A large crowd gathered in the courtroom to hear the women's peppery testimony anent the neighborhood row. Ten chickens were made homeless when Mrs. Thomas wielded her hatchet in destroying his poultry yard, Mr. Scott charged.

OLDEST VOTER DEAD.

[LOCAL CORRESPONDENCE.]

RIVERSIDE, July 9.—Riley H. Howard, the city's oldest registered voter, is dead at the home of his daughter, Mrs. Ethel Alcorn, 2142 Victoria avenue, where he had lived since 1890. Mr. Howard was born at Andover, Mass., in 1824, and would have celebrated his ninety-fifth birthday anniversary next month. At the funeral services this afternoon Mayor Horace Porter preached the sermon.

VENICE ARRESTS GROW.

Both Prohibitionists and Wets Have Explanation of Cause.

[LOCAL CORRESPONDENCE.]

VENICE, July 9.—The annual report of Chief of Police William Loomis for this year states $32,456.25 was taken in by the city in fines. This amount shows an amazing increase over that of any other year, and this is the first year that Venice has been dry.

"When a man got drunk he went to sleep and kept out of mischief," declare the mourners in Venice.

"It's simply that, since the war, more people have come to Venice than ever before," explain Venetian prohibitionists.

PHOENIX TO BE FINED ON CONTEMPT CHARGE

[EXCLUSIVE DISPATCH.]

PHOENIX, July 9.—The Corporation Commission announced today that it would issue an order adjudging the city of Phoenix in contempt and assessing a fine for not obeying its order in supplying water to D. B. Harrer, who lives out of the city limits. The City Commission ordered all parties living out of the city limits to install meters at their own expense and pay an increased rate or the city would not supply them.

This case has been fought in the courts since 1917. The Supreme Court held that the Corporation Commission had jurisdiction over the city in supplying water to patrons outside the city. The City Commission stated that they would resist the order by an appeal to the highest court.

JURY PICKED TO TRY CHICAGO SOCIALISTS.

VENIRE FINALLY CHOSEN AFTER EXAMINATION OF PROSPECTIVE TALESMEN.

[EXCLUSIVE DISPATCH.]

CHICAGO, July 9.—After questioning more than 3000 veniremen in a period of fifty-four days at great cost to the taxpayers the twelfth man has finally been chosen for the jury, before which will be tried William Bross Lloyd, millionaire Socialist, and nineteen other alleged conspirators who are charged with efforts to overthrow the government of the United States.

All the defendants are said to be members and many of them officers in the Communist party, which, under a slightly different label, is now dominant in Russian affairs.

The law under which they will be tried is a new one and this will be its first test in Cook county. The punishment, if the defendants are found guilty, is an indeterminate term of from one to five years in the penitentiary.

The examination of prospective jurors was started May 10. Of the 3000 men examined 1200 were actually examined at length by attorneys on both sides. A great majority of the veniremen expressed intense opposition to the Socialists under any name and were immediately excused. Some of the jurors chosen early in the examination have been practical prisoners for more than a month.

You Can Look Your Nicest In Five Minutes

THERE are occasions when you want to look especially nice—and sometimes they come so unexpectedly you have little time to "fix up." You need never worry if you have a jar of CREME ELCAYA handy.

Try this simple formula—A little CREME ELCAYA rubbed gently into the skin; then if you need color, a very little rouge spread carefully over the cheeks before the cream is entirely absorbed; and after that the film of Elcaya face powder over all.

CREME ELCAYA

is a delightful, non-greasy, disappearing toilet cream that leaves the skin like velvet.

Your dealer has ELCAYA and has sold it for years. Ask him.

In Jars at 30c and 60c

Why Itch and Burn With Skin Dis

There Is a Way to Get Rid of the Tortuous Suffering.

Those who rely upon local treatment, such as ointments, salves, lotions, washes, etc., which are applied to the surface of the skin, will never be free from agonising skin diseases, because they are going about the treatment just backwards. They are treating the results of the disorder, and not the disease itself. They are attempting to boil water by applying the heat in the wrong place.

These terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Do not expect to be [illegible] form of skin disease [illegible] lotions, salves, ointments [illegible] local treatment, or [illegible] cannot possibly reach [illegible] the trouble, which is [illegible]

The Hole in Your Business

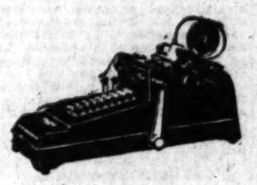
Is it ADDING?

Is there a "*hole*" called wrong addition in any of the corners of your business, through which your profits are constantly leaking?

Are there continual losses of minutes and money through hurried additions made with pencil and pad?

Do you know *where* all the additions are made, *who* makes them and *how* accurate they are?

Why not check up all the points in your business where totals are taken, just to be sure that all the leaks are plugged up tight—that every operation down to the simplest is done on a Burroughs—that every figure is listed in plain readable figures with every operation correct.



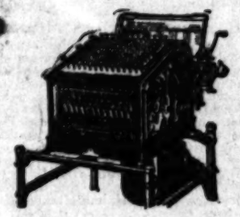
Adding and Listing—when the great need is a printed record of items and a plainly printed, always correct total.

Is it BOOKKEEPING?

There are plenty of chances for leaks here through wrong extensions, carelessly written figures, incorrect additions and all the rest of the errors that are so well known where time-honored methods hold sway.

It pays—and pays well—to be absolutely sure that the proper machine equipment is used in your bookkeeping department to take care of ledger posting, statement making and other everyday tasks.

Burroughs Bookkeeping Machines make accuracy automatic, mistakes and overtime obsolete, and give as a by-product considerable time and money savings.

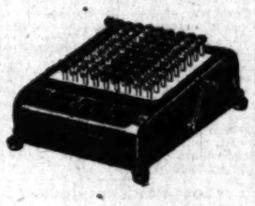


Bookkeeping—where items are entered on ledger page, card, form or statement, and automatically extended balances are wanted.

Is it CALCULATING?

Estimating, checking invoices, compiling sales statistics, computing interest, discount and doing hundreds of other figure jobs provide many holes through which cash can get away. Here, more than anywhere else in most businesses, is there need for careful examination of methods with a view to stopping loss.

The Burroughs representative will help you to determine just where you ought to use a Calculator—what results you may expect in the way of actual money saving, and what has been accomplished by other business men right in your neighborhood—in businesses of the same kind and of the same size as yours.



Calculating—where rapid multiplying, dividing, adding and subtracting are necessary and only the final answer need be recorded.

DAILY TRADE TALK.

Bank Totals Read Like Baseball Pennant Chase; Food Storage.

BY CHAPIN HALL.

Five times a year the comptroller of currency calls upon the national banks for a statement of the condition of business at the close of a designated day. This is a movable feast, and no advance notice is ever given. When the call is made and the returns filed the banks hasten to announce the results, because in Los Angeles at least, the figures are almost always larger than on the preceding call.

This mass of data of cash, deposits, loans and discounts is imposing, but the average reader is not sure just what it is all about, and yet to the careful observer the long rows of numerals are as interesting as the percentage tables in a baseball pennant chase. At one call a bank or banks may lead the list; at the next, two or three months later, an institution may come from the rear with a rush and slip into a commanding position. Then there is a drive on the part of others and new business develops all along the line.

For instance, a battle royal has been raging between the Citizens' National, the Merchants' National and the Farmers' and Merchants' National for second place in the list, a good natured competitive building up of business which has resulted in close scores for a year or more, and a close score when the figures mount far into the millions is more difficult to maintain and hold than in a closely contested ball game.

The latest report, just made, shows that in available cash there is less than $2,000,000 difference between the three banks. The Citizens has $10,517,000, the Merchants $9,074,000 and the Farmers and Merchants $9,126,000.

In deposits the margin is even narrower. Here the Farmers leads with $37,137,000; the Citizens reports $26,822,000 and the Merchants $27,127,000, while in loans and discounts the Merchants takes the lead with $20,543,000; the Farmers is second with $19,946,000 and the Citizens a close third with $18,676,000.

Thus it is seen that each of the runners up leads in one division and neither has supremacy in all. The First National heads the list, and a number of the smaller banks are coming fast and will soon be giving some of the toppers a run for their money.

In every bank in Los Angeles there is a remarkable esprit de corps and each employee is actively interested in advancing the rating of his institution and improving its position on the official score board which is conducted by Uncle Sam himself.

FOOD IN RESERVE.

The weekly report of the Los Angeles storage warehouses shows increasing holdings in butter and eggs, the former running 200,000 pounds ahead of a year ago with 812,626 pounds as compared with 653,846 pounds. Eggs are slightly under the comparative figure, 97,-854 cases as compared with 107,-848 cases. Considerable quantities of each are going into storage at the present high prices which does not augur well for much relief next winter.

Of cheese there is 423,600 pounds being held in Los Angeles storage against 981,915 pounds a year ago. Apples have increased from 1596 boxes to 6409 boxes, but potatoes have declined from a storage of 26,-616 sacks in 1919 to a negligible ninety sacks at the present time. This market is being closely held and surplus finds prompt export.

CAR CONSERVATION.

The Southern Pacific reports that as a result of the campaign on car conservation the average car load was increased to 26.2 tons per car, a gain of 2.2 tons per car, and a saving to California consignees and shippers of 1572 cars at a time when cars were the crying need of the hour.

The average load is still slightly below the two-thirds car capacity, and there is opportunity and necessity for still heavier loading. Every car saved by this means, it is pointed out by the railroad men, as well as every car hour saved by prompt loading and unloading increases correspondingly the carrier's ability to better serve all shippers.

THE BOND MARKET.

The bond market is slowly but surely improving. The swing seems to be back to high grade investments of this character, and municipals are receiving a bit more attention than they have been getting for some time. The present price level is low, and the foresighted investor knows it. In a letter to its customers a northern investment house says:

"Preparations for new municipal improvement work have been upset all over the United States by the uncertainties confronting contractors who ordinarily are financed by their banks. Continuation of this situation for a comparatively brief period, with steady absorption, will undoubtedly again cause strong advance in values, bringing down the yield.

"Capital is this day of excessive living cost cannot remain idle. Certainly the present is the time of opportunity for the foresighted investor as well as the day of the income tax collector."

FOOD PRICE FIGURES.

The figures printed by The Times yesterday showing the continued advance in the cost of staple food products in Los Angeles markets were not particularly encouraging to the innocent bystander who, in this instance, is the ultimate consumer. Seven out of thirteen staples advanced during the month and six remained stable. There were no decreases.

The theoretical answers to this problem have become so numerous as to lose much of their value, but there seems to be no reason to doubt that so far as home products are concerned much of the difficulty lies in the system of handling the produce. There is too much slack between the grower and the table.

We have had, this summer, the spectacle of thousands of tons of vegetables rotting in the field because the marketing system fell down. This has resulted in discouraged farmers and reduced acreage. Scarcity of farm labor, and high overhead, of course, have their influence, but if the grower could get his supplies to an active market in fast time it is probable that he would receive better prices and the consumer would pay less.

With food prices maintained as they are during the period of greatest productivity the outlook for a lowering of the high cost of living in so far as it relates to food is not bright.

AS SEEN BY OTHERS.

A banker analyzes the money market situation in this fashion: Inflation exists. It has been caused in the main by influences characteristically different from those of the normal credit cycle, and therefore may not be followed by the usual crisis. Some changes, however, must be anticipated—namely, lower prices and wages and a period of depression. If these changes come suddenly they will constitute a crisis—that is, they will bring about forced liquidation and commercial failures. But the Reserve system should prevent such crisis from degenerating into panic.

It is probable that the situation in the money market is fundamentally sound in spite of speculation here and there, and the prominently unsound feature, Liberty Bonds carried by the banks, is only so in respect of inflation, not in respect of intrinsic value, and will therefore be believed when, and as liquidation in the bonds takes place. Our legitimate trade, whether domestic or foreign, need not fear an inability to obtain necessary bank accommodations.

ELECTRICAL DEVICES ADVANCE.

One price rise which has become effective in the East but has not yet reached this Coast is a 20 per cent advance in the price of electrical household devices, especially irons, toasters, percolators and similar conveniences. The idea, according to the trade, is to reduce demand and enable manufacturers to catch up with orders. It is not thought probable that so radical an advance will be made here, or that the new prices will be long maintained elsewhere.

THE SHOE SITUATION.

Shoes are cheaper in Los Angeles than they have been since the war, but the cuts are so uneven that it is difficult to reduce them to a percentage basis. Some lines upon which dealers have been long have been sacrificed, while other wanted styles are holding up at about the old figures. Many of the large factories in the East are running on short time. Heavy retail stocks are being reduced, but the movement is more individual than general. However, it is safe to say that the average trend of shoe prices is downward.

WORLD'S DEEPEST HOLES.

The deepest hole in the world, at least the deepest to be made by man, is declared by the Lamp, a publication of the Standard Oil Company of New Jersey, to be one just abandoned by the Hope Natural Gas Company on the Lake farm, twelve miles east of Fairmont, W. Va. It is known as Lake No. 1 and is 7579 feet—or nearly a mile and a half deep. Previously, a well on the Martha Goff farm, eight miles east of Clarksburg, held the record, which was 7386 feet. Before that a well near Czuchow, Germany, was the champion for depth. It was down 7348 feet.

LOS ANGELES STOCKS.

The mines continued to occupy the center of the stage on the Los Angeles exchange yesterday, the trading being marked by a reaction from the sharp downward plunge of the preceding day when several of the Oatmans started cellarward with a

ALL LINES ARE FIRM ON PRODUCE MARKET.

PEAS AND CHERRIES HIGHER; OTHER COMMODITIES RULE FIRM AND UNCHANGED.

Although arrivals of fruits and vegetables were liberal on the local produce market yesterday, the buying demand was active, and the undertone of the market was strong for all lines. Few changes were recorded during the day; prices opened firm at the level of the preceding day's trading, and remained steady throughout the session under the pressure of brisk demand. Country receipts were in good supply, but the offerings of the farmers were absorbed readily by retailers and peddlers. Practically the only commodities to show any change in price during the day were cherries and peas, both of which advanced on account of scarcity of supply. Cherries moved up 2 cents per pound for the fancy grades, while peas moved up 1 to 2 cents per pound, according to the quality of the offerings. Fancy stock was bringing as high as 12 cents per pound, as compared with 10 cents per pound of the preceding day.

In the shipping market all lines remained firm and unchanged, but dull demand however, for cantaloupes was reported, and wire advices from the Imperial Valley stated that haulings have been light during the past few days.

DAILY MARKET REPORT.

These are the actual prices obtained yesterday by Los Angeles wholesalers from their sales to retailers, peddlers, owners, restaurants, caterers, etc., as compiled by the United States Bureau of Markets. Terms—Cash on the wall:

Belgian hare, old, per lb.	.09

HEAVY LIQUIDATION BREAKS CORN MARKET

GENERAL SELLING WEAKENS CLOSE; CORN PRICES ARE STEADY ON BUYING.

[EXCLUSIVE DISPATCH.]

CHICAGO, July 9.—Liquidation was on in corn at the start and again at the close, with the finish well toward the low point, with net losses of 1¾@2 cents. Later the market rallied slightly from the lowest on local covering and at the end of the first twenty minutes it showed a net loss of about 1¾ points.

Private reports of rains in Texas caused rallies of 15 to 20 points. The market weakened again later in the morning on a renewal of liquidation in July which sold off to 55 points net lower and new-crop months showed net losses of 17 to 19 points in the early afternoon.

After selling off to 53 to 56 points net lower the new-crop months the market steadied on covering for over the week-end and there were slight rallies but no change in the general news. The range:

	Open.	High.	Low	Close.	Previous Close.
July	28.50	29.10	28.46	29.00	30.00
October	32.82	32.90	32.50	32.62	33.84

COVERING MOVEMENT STRENGTHENS COTTON

UNFAVORABLE WEATHER REPORTS CREATE SLIGHT RALLY AT CLOSE.

[EXCLUSIVE DISPATCH.]

NEW YORK, July 9.—The cotton market opened fairly active and irregular, September showing 25 points rise and other months 5 decline to 5 advance. Later the market rallied slightly from the lowest on local covering and at the end of the first twenty minutes it showed a net loss of about 10 points.

Private reports of rains in Texas caused rallies of 15 to 20 points. The market weakened again later in the morning on a renewal of liquidation in July which sold off to 55 points net lower and new-crop months showed net losses of 17 to 19 points in the early afternoon.

After selling off to 53 to 56 points net lower the new-crop months the market steadied on covering for over the week-end and there were slight rallies but no change in the general news. The range:

Bond Market

BY C. F. SEIDEL,
Manager Bond Department, Los Angeles Trust and Savings Bank.

The meat packing business is one intimately connected with the life of every inhabitant of the civilized world. Because of the remarkable system of meat packing and refrigerating developed at the present time, it is possible to ship meat and meat products to all quarters of the globe. Of the five largest meat packing concerns in the United States, data concerning Armour and Company is of particular interest at this time in the bond market through the announcement of a 7 per cent ten-year convertible gold note issued by this organization.

* * * * * * * * *

Armour and Company was incorporated in 1900 as a successor to the Armour and Company, organized more than fifty years ago by P. D. Armour, father of the head of the present company. The company has grown from a small packing establishment to one of the most widely known corporations in the world today. It has packing plants in many cities in the United States, in Brazil and in Argentina. It has four hundred branches in the United States, with employees numbering over 52,000.

* * * * * * * * *

In the conduct of its business Armour and Company owns and uses 4000 motor trucks and 5417 refrigerator and tank cars. The refrigerating capacity of the company's plants is 13,341 tons daily. The gross volume of the company's business for the last four years was as follows: 1916, $[illegible]; 1917, $575,000,000; 1918, $861,000,000, and 1919, $1,038,000,000. The company owns sixteen killing plants with a daily capacity of 70,000 animals. During the last year approximately 13,000,000 head of stock were killed in the company's plants and a total of more than $[illegible],000,000 was paid for hogs, cattle, sheep and calves.

* * * * * * * * *

Securities issued by such a concern as Armour and Company present an excellent investment opportunity. Such securities are now available in the Bond Department of the Los Angeles Trust and Savings Bank, which has on sale a portion of the $60,000,000 issue of Armour and Company's 7 per cent 10-year Convertible Gold Notes at 94.84 and interest, yielding 7.75 per cent. These notes, which are dated July 15, 1920, are due July 15, 1930. They are redeemable at 105 and accrued interest at option of the company upon sixty days' notice and are in denominations of $1000, $500 and $100. The notes are convertible, par for par, on January 1, 1921, or at any time thereafter prior to maturity or redemption, to Class "A" common stock at the par value of $25, accrued interest and dividends to be adjusted at the time of conversion. The company pays any normal Federal Income Tax not in excess of 2 per cent.

* * * * * * * * *

Armour and Company has total assets of $490,000,000. No mortgage against the property with the exception of $50,000,000 4½ per cent bonds are secured by a part of the property only. The net current assets, after giving effect to the proceeds of these $60,000,000 notes, will approximately $230,000,000. It is stipulated in the indenture, or contract under seal, covering these notes, that no mortgage shall be placed on the property unless these notes are secured equally with it. The indenture contains an agreement that current assets must be maintained equal to one and one-half times all current liabilities, including these notes, and any other issue of notes or debentures at any time outstanding.

* * * * * * * * *

During the last four fiscal years the average annual earnings available for interest charges, after federal taxes, have been approximately $[illegible],000. This does not include average annual earnings of South American subsidiaries, amounting to about $6,000,000. Average annual interest charges have been approximately $7,540,000. During the past four years $55,760,000 out of the net earnings have been retained in the business. Cash dividends paid for the same period amount to less than $[illegible],000, which demonstrates the conservative financial policy of the company.

* * * * * * * * *

At a time when the bond market presents many attractive securities the present issue of Armour and Company is particularly to be recommended. You are invited to consult the writer at the Bond Department of the Los Angeles Trust and Savings Bank on this and other offerings.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, July 9.—Bull pools held undisputed sway during the greater part of today's active stock market session, their more confident maneuvers in selected issues being attended by the largest dealings of recent months.

Many extensive gains were registered in the early and intermediate periods, but these suffered material reduction in the final hour when call loans rose gradually from 7 per cent, the opening rate, to 10 per cent. The optimism of the professional element seemed based largely on increasing conviction that credit conditions are tending toward easement, also the belief that industrial and commercial conditions are becoming more stable.

News that the German government had accepted the disarmament terms of the Allies was another factor of sentimental importance. This was evidenced by the strength of French and Belgian exchange which extended in more moderate measure to British bulls.

Trade authorities, in their weekly reviews, dealt in detail on the downward trend of staple commodity prices.

Approximately 100 articles of common use were lower by slightly more than 7 per cent from the peak of last February.

In addition to oils, motors and their specialties, independent steels, tobaccos and sugars, the day's trading again embraced rails of high and low degree at extreme gains of 1 to 6½ points. Sales amounted to 900,000 shares.

Liberty issues were again the only notable exception to a generally firm bond market. Total sales, par value, were $9,375,000. Old United States coupon 4s reacted 1-4 per cent on call, others unchanged.

STOCK QUOTATIONS IN NEW YORK CITY.

[Furnished by Logan & Bryan, Members New York and Boston Stock Exchanges, Van Nuys Bldg., Los Angeles.]

NEW YORK, July 9.—Following are the closing prices, sales, and high and low quotations today:

FINANCIAL AND TRADE REVIEW.

(Continued From Preceding Page.)

rush. Telluride, which led the break, recovered 9½ points, opening at 40 and moving up to late session sales at 49⅛ cents. Tom Reed advanced from 95 cents to $1.02; Virginia, Louise from 27 to 29 cents; United Eastern from $2.85 to $3.56 and Gold Ore from 4½ to 5 cents.

Oils were also stronger. Union established a market around $130. Associated sold at $93. Republic Petroleum moved up half a point from 31 to 31½ cents and Mascot from $2.15 to $2.17. Mt. Diablo was at $1.69; National Pacific at 12 cents; Jade at 17 cents; United at 70½ cents.

The movement in industrials was confined to limited trading in Goodyear preferred at $91.50 and 200 shares of Sun Drug, which moved at $1.75. Liberty Bonds continued to show additional strength and while the movement was light prices averaged fractionally higher than on Thursday.

MARKET GOSSIP.

Treasury Department to issue $200,000,000 new certificates of indebtedness to bear 5½ and 5¾ per cent interest, maturing January 15 and March 15.

Goodyear, common, has been listed on the New York curb.

The Los Angeles stock exchange closes at 11:15 a.m. on Saturday.

President Segar of the United States Rubber Company has been inspecting plants in New England, Canada and Central States. He finds practically every industrial plant oversold with endeavor to speed up production. Comments on new building construction everywhere.

Twenty industrials yesterday averaged 94.51, an advance of 47 per cent. Twenty rails, 78.06, an advance of .64 per cent.

Gibson expects market to continue to improve for several weeks, with occasional moderate recessions.

Market said to be discounting expected railroad rate increase. Pool channels are bulling equipments, sugar, oil, shipping and copper specialities.

Copper firm, responding to rumors that the trade is about to embark upon a period of great activity, both domestic and export.

NEW YORK CURB CLOSE.

Armour & Company

Ten-Year, 7% Notes

Yielding 7¾%

Subject to the Federal Reserve System
Capital and Surplus $5,000,000
Resources over $95,000,000

Dated July 15, 1920 — Denominations $1000; $500; $100 — Due July 15, 1930

Callable at 105 and interest on 60 days' notice

Interest payable without deduction for Normal Federal Income Tax not in excess of two per cent

These Notes will be convertible AT OPTION OF OWNER, on and after January 3rd, 1921, par for par, into Class A Common Stock.

Under plan now completed for its recapitalization, Armour & Company proposes to authorize $150,000,000, Class A Common Stock, of which $50,000,000 will be immediately issued, and $150,000,000, Class B Common Stock, all to be issued. Class A Stock will have preference as to cash dividends up to 8% over Class B Stock, and after 8% has been paid on Class B Stock, both Classes will share alike in percentage of dividends.

SECURITY

These notes are the direct obligation of Armour & Company, one of the largest and most successful concerns engaged in the production and sale of meats and their by-products. The Mortgage will contain covenant that current assets must be maintained equal to one and one-half times all current liabilities including these notes and any other issue of notes or debentures at any time outstanding.

NET ASSETS AND EARNINGS

Net current assets after giving effect to proceeds of these notes which will reduce the Company's floating debt, will be approximately $230,000,000. During last four fiscal years average annual earnings available for interest charges after Federal Taxes were approximately $26,000,000, not including about $6,000,000 average annual earnings of South American subsidiaries. Average annual interest charges excluding interest on 6% debentures heretofore converted into Preferred Stock, were approximately $7,540,000. During this period approximately $80,000,000 was retained in business after paying about $9,000,000 in Dividends.

PRICE 94.84 AND INTEREST YIELDING 7¾%

The statements and figures herein are not guaranteed, but are taken from sources believed to be accurate

CHARGE FRAUD TO CLAIM MAN.

Salt Lake Agent Indicted by Federal Grand Jury.

Bills for Repairs to Sound Automobiles Cited.

Aide in Supposed Conspiracy Not Named in Case.

An indictment was returned by the Federal grand jury yesterday afternoon against P. J. Hunt, freight claim agent of the Salt Lake, charging him with conspiring to defraud the government in the allowance of asserted fraudulent claims against the company, purporting to represent repairs made to shipments of freight over the road from the East.

W. V. Craig, who operated an automobile repair shop at 3765 Moneta avenue, who is jointly charged with Hunt in the pending proceedings in the court of U. S. Commissioner Long, with the preliminary examination set for July 22, has disappeared, Federal officers say.

It is the contention of the government that Hunt and another unnamed individual conspired to defraud the government at intervals while the road was in the hands of the United States Railroad Administration, out of various amounts, the aggregate of the bills totaling about $600. There are ten counts in the indictment, nine setting out separate fraudulent bills and one charging conspiracy.

The repairs purporting to have been made by Craig and others were on shipments of Chevrolet automobiles from the East, it being asserted that the machines arrived in Los Angeles in a damaged condition and it was necessary under the contract between the shipper and the road to repair them. In every instance, it is declared, no repairs were made, for the reason that none were necessary, as the machines had reached the point of delivery in first-class condition. But it is charged that Hunt as freight claim agent certified to these fraudulent bills for repairs.

Field Sherman was involved in the case with Hunt, but there was not sufficient evidence to indict him. Hunt is now at liberty under a bond of $1000.

Calves, 8.50@9.00; lambs, 11.50@12.00.

Sheep—Even.

CHICAGO, July 9.—Cattle, receipts, 8000; unevenly; yearlings and good handy weight steers strong to 10 cents higher; choice heavy weight quiet; other cattle steady; bulk beef steers, 13.00@16.50; bulk butcher cows, 7.50@10.75; canners largely 4.25@5.50; veal calves steady to 25 cents higher; bulk, 14.00@14.50; feeders, 11.00@11.50.

Hogs, receipts, 27,000; active, 10 to 15 cents higher than yesterday's average; bulk 170 to 225 lbs. and light butchers advancing most, bulk light and light butchers, 15.90@16.20; bulk 250 pounds and over, 14.00@15.75; pigs steady to 25 cents higher; bulk desirable kinds, 12.00@13.75.

Sheep, receipts, 6000; desirable killing grades fully 25 cents higher; top native lambs, 13.65; no western here; Oregon wethers, 8.50; best lambly ewes, 8.00; feeders steady to strong; best native lambs, 13.50.

PORTLAND, July 9.—Cattle steady to 25 cents higher; choice grass steers, 10.00@10.50; good steers, 9.25@10.00; medium to good, 8.50@9.25; fair to good, 7.50@8.50; common to fair, 6.50@7.50; choice cows and heifers, 7.50@8.00; good to choice, 6.50@7.00; medium to good, 5.50@6.50; fair to medium, 4.50@5.50; canners, 2.50@3.50; bulls, 5.50@6.50; prime light calves, 11.00@12.00; medium, 9.00@10.00; heavy, 7.00@8.50.

Hogs steady; receipts, 158. Prime mixed, 15.50@16.00; smooth heavy, 14.75@15.50; rough, 10.00@11.25; pigs, 11.75@14.00.

Sheep steady; receipts, 747. Lambs, 10.00@10.50; ewes, 2.50@3.50; yearlings, 6.00@7.50; wethers, 6.00@7.00.

ST. JOSEPH, July 9.—Hogs, receipts, 3500; and transportation drawbacks have lost none of their significance. Where price readjustment has gone far enough to rekindle buyers' interest, as in certain kinds of hides and leathers, demand along cooperative lines has been restored and transactions that are being held in abeyance in some other quarters might commence if the necessary concessions were forthcoming.

"Weekly bank clearings, $6,870,187,547."

BARLEY IS STRONGER ON ACTIVE MARKET.

Sentiment was less bearish on the local grain exchange yesterday, and under pressure of active buying support a general advance for all deliveries occurred. Near-by shipments were from 75 cents to $1 per ton higher at the close, with a car in transit selling at $2.87½ and a car for twenty-days' shipment at $2.81. In the future months, all July delivery made an advance of 75 cents per ton, selling at $2.75¾. August barley closed 25 cents per ton higher, and September and December shipments advanced 50 cents per ton during the call. Sales of all September were made at $2.75, all December at $2.80 to $2.81¾, and a sale of all August of board at $2.75. Sales of barley during the call amounted to 1300 tons.

DUN'S WEEKLY TRADE REVIEW.

[BY A. P. NIGHT WIRE.]

NEW YORK, July 9.—Dun's tomorrow will say:

"Early July, with its vacation interruptions and inventory taking, is not ordinarily a period featured by general and conspicuous activity in business and there are special reasons this year why operations should be limited. Constant restriction of the imports of the price question is now the largest industrial development and results of the financial restrictions

Are you going into business?

Did it ever occur to you the unusual margin of profit involved in a large commercial dyeing and dry-cleaning business? Here you find an industry which is stable and profitable and which is extremely essential in the conduct of every-day life. Just consider the following:

A well-founded and well-reputed dyeing and dry-cleaning establishment of Los Angeles, in business nearly a decade, is going to enlarge its capacity to care for not only its increased business on wearing apparel, but also the growing demand for expert dyeing and dry-cleaning of the interior of enclosed automobiles! Dealers and individuals alike will make a tremendous demand upon this exclusive local industry, and those who will associate themselves accordingly at the outset, will reap very substantial profits.

Hamburger's
ESTABLISHED 1881
Home 10063 —— PHONES —— Bdwy. 1168

Closed Today and Every Saturday During July and August

In accordance with its established custom, Hamburger's will remain closed **all day** Saturdays **during July and August.**

This policy is followed to give our employees the benefit of the extra holiday during the warm weather.

Aside from the purely humanitarian impulse to give our loyal employees the benefit of every possible vacation, it has been found that executives and their co-workers return to work after a two-day holiday with renewed vigor and enthusiasm. They are better able to meet the needs of the public with greater efficiency and courtesy, which has always been the ambition of the Hamburger store.

The public is asked to co-operate with us in this laudable purpose—filling its week-end needs on Friday. The values of the July Clearance at this time make **early-in-the-day** and **early-in-the-week shopping** of special importance to everyone in Los Angeles and neighboring vicinity.

See This Paper Tomorrow for News of Monday's Values. Something Different Every Day in Our

JULY CLEARANCE SALE

Clearance "specials" in every department throughout the entire store. Every need may be filled for less.

Legal

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of PACIFIC ELECTRIC RAILWAY COMPANY, a corporation, for an order granting permission to establish and put in effect certain rates for the transportation of persons and property between points within the State of California.
No. 5806.

NOTICE OF HEARING.

NOTICE IS HEREBY GIVEN that the Railroad Commission of the State of California has set the hearing in the above entitled matter before Commissioners Edgerton, Stranahan and Leland for Thursday, July 15, 1920, at the hour of 10 o'clock a.m., in the office of the Commission, 205 Union League Building, Los Angeles, California, at which time and place all interested parties may appear and be heard.

By order of the Railroad Commission.
Dated at San Francisco, California, this 21st day of June, 1920.
W. R. WILLIS,
Secretary, Railroad Commission, State of California.

UNITED STATES SHIPPING BOARD.
WASHINGTON, D. C., July 9, 1920.
